SETUP GUIDE

Setting up the 3-in-1 Wireless Charger Stand

1. **Connect Power:** Use the included 3.3ft USB C cable and 45W USB C charger. Plug the USB C cable into the charging port on the back of the charger stand, and then plug the charger into a wall outlet.
2. **Placement:** Place the charger stand on a stable, flat surface.

3. Device Placement:

- For iPhone: Place your MagSafe-compatible iPhone onto the magnetic charging pad. Ensure it snaps into place securely.
- For Apple Watch: Place your Apple Watch onto the dedicated Apple Watch charging module.
- For AirPods: Place your AirPods (with wireless charging case) onto the designated AirPods charging pad.

4. **Charging Indicator:** The charger stand will typically show an indicator light when devices are correctly placed and charging.

Pairing Baseus Bowie MF1 Open-Ear Headphones

1. **Power On:** Ensure the headphones are charged. Press and hold the power button (usually located on one of the ear hooks) until you hear a power-on prompt or see an indicator light.
2. **Enter Pairing Mode:** The headphones should automatically enter pairing mode upon first power-on. If not, refer to the specific button combination in the included mini-manual for the headphones (e.g., press and hold power button for 5 seconds until indicator light flashes rapidly).
3. **Enable Bluetooth:** On your device (smartphone, tablet, computer), go to the Bluetooth settings and enable Bluetooth.
4. **Select Device:** In the list of available Bluetooth devices, look for "Baseus Bowie MF1" or a similar name and select it to connect.
5. **Confirmation:** Once connected, you will hear a confirmation prompt from the headphones, and the indicator light will typically change to a slow flash or solid blue.
6. **Subsequent Connections:** After initial pairing, the headphones will automatically connect to the last paired device when powered on and within range.

OPERATING INSTRUCTIONS

Using the Baseus Bowie MF1 Open-Ear Headphones

- **Wearing:** Gently place the ear hooks over your ears, ensuring the speakers are positioned comfortably near your ear canal without entering it.
- **Power On/Off:** Press and hold the power button for approximately 3 seconds to power on or off.
- **Volume Control:** Use the volume buttons (+/-) on the headphones or your connected device to adjust the volume.
- **Music Playback:**
 - Play/Pause: Single press the multi-function button (often the power button or a dedicated play/pause button).
 - Next Track: Double press the multi-function button.
 - Previous Track: Triple press the multi-function button.
- **Call Management:**
 - Answer/End Call: Single press the multi-function button.
 - Reject Call: Press and hold the multi-function button for 2 seconds.
- **Voice Assistant:** Press and hold the multi-function button for 2 seconds (when not on a call) to activate your device's voice assistant (Siri, Google Assistant, etc.).

Using the 3-in-1 Wireless Charger Stand

- **Initiating Charge:** Simply place your compatible devices onto their respective charging areas. Charging will begin automatically.
- **Cooling Function:** Press the CryoCore Button Control (located on the base of the charger) to activate or deactivate the cooling fan. This helps maintain optimal charging temperatures, especially during fast charging.

- **Adjusting Angle:** Gently tilt the magnetic charging arm to adjust the vertical viewing angle of your iPhone up to 70 degrees for comfortable viewing.
- **Charging Status:** Refer to your device's screen for charging status. The charger stand may also have LED indicators to show active charging.

MAINTENANCE

- **Cleaning:**
 - Headphones: Wipe with a soft, dry, lint-free cloth. For stubborn dirt, slightly dampen the cloth with water. Do not use harsh chemicals or abrasive cleaners.
 - Charger Stand: Wipe surfaces with a soft, dry cloth. Ensure no liquids enter the charging ports or cooling vents.
- **Storage:** Store both products in a cool, dry place away from direct sunlight and extreme temperatures.
- **Cable Care:** Avoid bending or crimping the USB-C cable excessively. Always pull from the plug, not the cable itself, when disconnecting.
- **Battery Care (Headphones):** For optimal battery life, avoid fully discharging the headphones frequently. Charge them regularly.

TROUBLESHOOTING

Headphones Troubleshooting

Problem	Possible Cause	Solution
Headphones won't power on.	Low battery.	Charge the headphones fully.
Cannot pair with device.	Bluetooth not enabled; headphones not in pairing mode; device too far.	Ensure Bluetooth is on. Put headphones in pairing mode. Move device closer. Forget device and re-pair.
No sound or low volume.	Volume too low; incorrect audio output selected; connection issue.	Increase volume on headphones and device. Check device's audio output settings. Reconnect Bluetooth.
Intermittent connection.	Interference; too far from device; low headphone battery.	Move closer to device. Avoid strong Wi-Fi or other Bluetooth signals. Charge headphones.

Charger Stand Troubleshooting

Problem	Possible Cause	Solution
Device not charging.	Improper placement; non-compatible device/case; power issue; foreign object.	Ensure device is centered and correctly aligned. Remove thick cases. Check power adapter and cable connection. Remove any metal objects.
Slow charging.	Using non-original adapter/cable; background apps; device overheating.	Use the included 45W adapter and cable. Close unnecessary apps. Activate cooling function.
Cooling fan not working.	Fan not activated; power issue.	Press the CryoCore Button Control. Ensure charger is powered on.
