WEUYUIAF 8808

WEUYUIAF Titanic Mini Building Blocks Model 8808 Instruction Manual

Model: 8808

Introduction

This manual provides detailed instructions for assembling and maintaining your WEUYUIAF Titanic Mini Building Blocks Model 8808. This kit contains over 4100 micro blocks designed to recreate the iconic Titanic ship, complete with masts, steamboat stacks, and icebergs. Please read all instructions carefully before beginning assembly.

Safety Information

This product contains small parts and is recommended for ages 14 and above. Keep out of reach of small children to prevent choking hazards. The micro blocks are made of premium ABS plastic, which is non-toxic. Always ensure a clean and organized workspace during assembly.

What's in the Box

- Over 4100 Micro Building Blocks
- Detailed Instruction Manual

Setup and Assembly

The assembly process for the Titanic Mini Building Blocks requires patience and attention to detail. Follow the included instruction manual step-by-step.

1. **Unpack Components:** Carefully open the packaging and lay out all the bags of micro blocks. The pieces are often presorted into numbered bags to assist with the build process.
2. **Review Instructions:** Before starting, familiarize yourself with the instruction manual. Pay attention to the diagrams and the sequence of steps.
3. **Organize Pieces:** Due to the small size of the micro blocks, it is highly recommended to organize pieces for each step. Some builders find a magnifying light helpful.
4. **Begin Construction:** Follow the manual's diagrams to connect the blocks. Ensure each block is firmly pressed into place. If pieces are difficult to connect, apply gentle, even pressure. Avoid excessive force.
5. **Detailed Sections:** The model includes intricate details such as masts, steamboat stacks, and icebergs. Pay close attention to these sections for accurate representation.

Operating the Model

This building block set is a static display model. Once assembled, it is intended for exhibition. There are no operational functions beyond the physical assembly.

Maintenance

- **Cleaning:** To clean the assembled model, gently wipe with a dry, soft cloth. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the model in a stable location away from direct sunlight, extreme temperatures, and high humidity to prevent discoloration or material degradation.
- **Handling:** Handle the model with care to avoid dislodging any micro blocks.

Troubleshooting

- **Pieces Not Connecting Firmly:** Ensure proper alignment. Apply firm, even pressure. If a piece consistently does not fit, check the instruction manual for correct orientation or verify if it is the correct piece for that step.
- **Missing Pieces:** While rare, if you encounter missing pieces, double-check all packaging and your workspace. If pieces are still missing, contact WEUYUIAF customer support for assistance.

- **Difficulty Following Instructions:** The manual uses diagrams. If a step is unclear, review previous steps or look for visual cues in the diagrams. Some sections may require careful interpretation due to the micro block scale.

Specifications

Feature	Detail
Brand	WEUYUIAF
Model Name	8808
Theme	Boat (Titanic)
Number of Pieces	4100+
Material Type	Acrylonitrile Butadiene Styrene (ABS)
Assembled Dimensions (L x W x H)	29.92 x 7.09 x 3.15 inches
