

## Nuliie 17oz Portable Milk Warmer

# Nuliie Portable Milk Warmer

**Model:** 17oz Capacity

**Brand:** Nuliie

## INTRODUCTION

The Nuliie Portable Milk Warmer is an innovative device designed to provide convenient and efficient heating of milk and water for your baby, especially when you are on the go. Its cordless design, fast charging capabilities, and precise temperature control ensure that your baby's milk is always ready at the ideal temperature, preserving essential nutrients and offering peace of mind.

This manual provides detailed instructions for the safe and effective use of your Nuliie Portable Milk Warmer. Please read it thoroughly before first use and keep it for future reference.

## SAFETY INFORMATION

Your safety and the safety of your child are paramount. Please observe the following safety precautions:

- **Anti-Dry & Anti-Burn Protection:** The warmer is equipped with safety features to prevent overheating and dry burning. Do not operate the device without liquid inside.
- **Leak-Proof Design:** Features a secure, leak-proof lid and a child safety lock to prevent spills. Ensure the lid is properly sealed and the safety lock engaged before transport.
- **Food-Grade Materials:** Crafted with high-quality, food-grade 316 stainless steel to ensure no lingering odors and to keep milk fresh and pure.
- **Screen Lock:** The LED display has a screen lock feature to prevent accidental touches. Double-tap the screen to unlock controls.
- **Cleaning:** Do not submerge the base of the warmer in water. Clean only the stainless steel interior and the lid as instructed in the Maintenance section.

- Keep out of reach of children when not in use or during charging.

## Four Types of Protection

316 Stainless Steel,  
**Health Guaranteed**

Sliding Lock **Prevents  
Accidental Opening**

**Leak-proof**  
Safety Button

Screen Lock **Prevents  
Accidental Touches**  
(Double Tap to Unlock)

## PRODUCT FEATURES

- **Effortless On-the-Go Feeding:** Compact design with 17oz capacity, fitting standard bottles, ideal for travel and easy storage.
- **Fast Heating:** Heats 4 oz of water to 104°F in 2 minutes, and 4 oz of milk to 99°F in 1 minute 30 seconds.
- **Long Battery Life:** A single charge can heat 4 oz of water up to 15 times or 4 oz of milk up to 22 times, perfect for extended outings. Fully charges in as little as 1.6 hours.
- **Precise Temperature Control:** Easy-to-use LED display allows setting desired temperature in Fahrenheit (adjustable from 99°F - 131°F), preserving essential nutrients. Includes a temperature memory function.
- **Leak-Proof and Baby-Safe Design:** Equipped with a secure lid, child safety lock, and screen lock to prevent spills and accidental operation.
- **Excellent Heat Retention:** Capable of keeping 5oz of water at 104°F for up to 18 hours.

## SETUP

1. **Initial Cleaning:** Before first use, clean the interior of the warmer and the lid thoroughly with warm soapy water. Rinse well and dry completely. Do not submerge the main unit (base) in water.
2. **First Charge:** Connect the dedicated charging cable to the warmer's charging port and the power adapter. Plug the adapter into a wall outlet. Allow the warmer to fully charge before its first use. The LED display will indicate charging status.

## OPERATING INSTRUCTIONS

1. **Fill the Warmer:** Open the lid and pour the desired amount of milk or water into the stainless steel interior. Ensure the liquid level is within the recommended range.
2. **Secure the Lid:** Close the lid firmly and engage the sliding lock to prevent accidental opening and ensure a leak-proof seal.
3. **Unlock Controls:** The LED display will show a lock icon. Double-tap the screen to unlock the controls.

4. **Set Temperature:** Use the '+' and '-' buttons on the LED display to set your desired temperature. The warmer remembers the last setting.
5. **Start Heating:** Press the power button to begin the heating process. The display will show the current temperature and gradually increase until the target temperature is reached.
6. **Monitor Progress:** The warmer will automatically maintain the set temperature once reached.
7. **Dispense Liquid:** Once heated, disengage the sliding lock and press the leak-proof safety button to open the lid and pour the warmed liquid into a bottle or cup.
8. **Turn Off:** To turn off the device, double-tap the screen to unlock controls, then press and hold the power button until the display turns off.

## MAINTENANCE AND CLEANING

Regular cleaning ensures hygiene and extends the life of your warmer:

- **Interior Cleaning:** After each use, rinse the stainless steel interior with warm water. For thorough cleaning, use a soft brush and mild dish soap. Rinse thoroughly to remove all soap residue.
- **Exterior Cleaning:** Wipe the exterior of the warmer with a damp cloth. Do not use abrasive cleaners or immerse the main unit in water.

- **Lid Cleaning:** The lid can be washed with warm soapy water and rinsed. Ensure all parts of the lid are clean and dry before reattaching.
- **Drying:** Allow all components to air dry completely before reassembling or storing the warmer.
- **Descaling:** If mineral deposits build up in the stainless steel interior, you can descale it by filling it with a mixture of equal parts white vinegar and water. Let it sit for 30 minutes, then rinse thoroughly.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Warmer does not turn on.	Low battery; Controls are locked.	Charge the warmer fully. Double-tap the screen to unlock controls.
Heating is slow or inconsistent.	Insufficient battery charge; Too much liquid; Cold initial liquid temperature.	Ensure warmer is fully charged. Reduce liquid volume if excessive. Allow more time for colder liquids.
Liquid leaks from the warmer.	Lid not properly sealed; Sliding lock not engaged.	Ensure the lid is closed firmly and the sliding lock is fully engaged. Check the silicone seal for damage.
Display shows an error code.	Internal malfunction.	Turn off the device, wait a few minutes, and restart. If the error persists, contact Nuliiie customer support.

If you encounter any issues not listed here, please refer to the Warranty and Support section for assistance.
