## CARE AND MAINTENANCE

- **Cleaning:** Gently dust feathers with a soft, dry cloth or a feather duster. For deeper cleaning, lightly dampen a cloth with cool water and mild soap, then gently wipe the feather in the direction of the barbs. Allow to air dry completely. Avoid harsh chemicals or excessive moisture.
- **Storage:** Store feathers in a dry, cool place away from direct sunlight to prevent fading and damage. Keep them in a sealed container or bag to protect from dust, insects, and humidity.
- **Handling:** Handle feathers by their quills whenever possible to avoid damaging the delicate barbs.
- **Reshaping:** If feathers become flattened, you can gently steam them for a few seconds and then reshape them by hand.
