1. **Prepare the Area:** Clear a spacious area for assembly. Lay out all components and hardware on a soft, clean surface to prevent scratches.
2. **Assemble Bed Frames:** Begin by attaching the side rails to the headboards and footboards for each twin bed section. Ensure all connections are finger-tightened initially.
3. **Connect L-Shape:** Once both twin bed frames are partially assembled, connect them to form the L-shape configuration using the designated connectors and hardware.
