

SEUNKWANG EWEADN-V102-1

EWEADN V102 Wireless Keyboard Instruction Manual

Model: EWEADN-V102-1 | Brand: SEUNKWANG

SETUP

What's in the Box

- USB Cable
- 2.4G Dongle

Connection Modes

The EWEADN V102 keyboard offers three versatile connection methods:

1. **Bluetooth 5.0 Mode:** Press and hold **FN + 1/2/3** to switch between three Bluetooth channels (BT1, BT2, BT3). The mode light will display blue for BT1, purple for BT2, and green for BT3.
2. **2.4GHz Wireless Mode:** Press and hold **FN + 4** to enter 2.4G pairing mode. The mode light will display green. The 2.4G dongle is stored magnetically on the keyboard's top edge.
3. **USB Wired Mode:** Press and hold **FN + 5** to enter USB wired mode. The mode indicator light will be white.

You can seamlessly switch between tablet, laptop, and phone at any time to meet your needs for work, games, and study.

OPERATING INSTRUCTIONS

RGB Lighting Control

The keyboard features 16.8 million RGB colors and 7 light effects to customize your desktop ambiance. Use the following key combinations to control the lighting:

- **FN + Backspace:** Switch lights ON/OFF.
- **FN + INSERT:** Switch between 7 lighting effects (Static, Breathing, Colorful, Running Horses, Opening Windows, Colorful Flowing Light (default), Monochrome Flowing Light).
- **FN + PGUP:** Increase backlight brightness (4 levels: 100%, 60%, 30%, OFF).
- **FN + PGDN:** Decrease backlight brightness.
- **FN + -:** Reduce the running speed of the lighting effect.
- **FN + =:** Increase the running speed of the lighting effect.

Battery Management

The V102 keyboard is equipped with a large 5000mAh battery and energy-saving technology for extended use:

- With RGB lighting ON, the battery life is approximately 50 hours.
- With RGB lighting OFF, the battery life can extend up to 15 days.
- The mode light will flash red when the battery level is low, indicating it needs charging.

System Compatibility

The EWEADN V102 keyboard is compatible with a wide range of operating systems:

- Windows XP/7/8/10
- Mac
- Android
- iOS

MAINTENANCE

To ensure the longevity and optimal performance of your EWEADN V102 keyboard, regular maintenance is

recommended:

- **Cleaning:** Use a soft, dry cloth to wipe down the keycaps and keyboard surface. For deeper cleaning, a can of compressed air can be used to remove dust and debris from between the keys. Avoid using harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the keyboard in a clean, dry environment away from direct sunlight and extreme temperatures. Utilize the magnetic storage for the 2.4G dongle to prevent loss.
- **Handling:** Avoid dropping the keyboard or exposing it to excessive force, which could damage internal components or keycaps.

TROUBLESHOOTING

Connection Issues

- **Keyboard not connecting:** Ensure the keyboard is powered on and the correct connection mode (Bluetooth, 2.4GHz, or wired) is selected using the FN key combinations. For Bluetooth, ensure your device's Bluetooth is enabled and the keyboard is in pairing mode. For 2.4GHz, ensure the dongle is securely plugged into your device.
- **Intermittent connection:** Try moving the keyboard closer to your device to reduce interference. Ensure there are no large metal objects between the keyboard and the receiver.

Key Responsiveness

- **Keys not responding:** Check the battery level of the keyboard. If low, connect it via USB-C cable to charge.
- **Multiple key presses not registering (Ghosting):** The V102 features N-key rollover, meaning it can respond to multiple key presses simultaneously. If you experience issues, ensure your operating system and software are up to date.
- **Stuck keys:** Gently clean around the affected keycap to remove any debris. If the issue persists, a gentle tap on the key might resolve it.

Lighting Issues

- **Lights not turning on:** Ensure the keyboard is powered on. Use FN + Backspace to toggle the lights. Check the brightness level with FN + PGUP.
- **Lights flickering or inconsistent:** This could indicate a low battery. Charge the keyboard fully.

SPECIFICATIONS

Feature	Detail
