Pagani Design PD1654-TYBY

Pagani Design Vintage Men's Watch VH65 Quartz Movement Instruction Manual

Model: PD1654-TYBY

INTRODUCTION

This manual provides instructions for the Pagani Design Vintage Men's Watch, Model PD1654-TYBY. This timepiece features a VH65 high-precision quartz movement, a classic three-hand layout, and a date display. Designed for versatility, it is suitable for both formal and casual occasions.

SETUP

Setting the Time

1. Gently pull the crown (located on the right side of the watch case) out to the second click position.
2. Rotate the crown to move the hands clockwise or counter-clockwise until the desired time is displayed.
3. Once the time is set, push the crown back into its normal position.

Setting the Date

1. Gently pull the crown out to the first click position.
2. Rotate the crown to adjust the date in the date window (located at the 3 o'clock position).
3. Once the date is set, push the crown back into its normal position.

Note: To avoid damaging the movement, do not set the date between 9:00 PM and 3:00 AM, as the date change mechanism is active during this period. If the date needs to be set within this time frame, first set the time outside this range, adjust the date, and then reset the time.

OPERATING INSTRUCTIONS

Wearing the Watch

The watch features a comfortable leather strap with a tang buckle clasp. Adjust the strap to fit snugly but not too tightly on your wrist. The 11mm thin case design and lightweight body (49g) ensure a comfortable wearing experience.

experience throughout the day.

Quartz Movement

This watch is equipped with a VH65 high-precision quartz movement, which operates on a battery and does not require manual winding. This ensures accurate timekeeping and a long service life.

MAINTENANCE AND CARE

Water Resistance

The watch is certified water resistant to 10 ATM (100 meters). This means it is suitable for swimming, daily hand washing, and showering. Ensure the crown is fully screwed in to maintain the water-resistant seal. Avoid operating the crown while the watch is wet or submerged.

Caution: While suitable for swimming, prolonged exposure to hot water (e.g., hot showers, saunas) can compromise the watch's water resistance over time due to thermal expansion and contraction of seals.

Cleaning

- Wipe the watch case and crystal with a soft, dry cloth to remove dust and smudges.
- For the leather strap, avoid excessive moisture. If it gets wet, allow it to air dry naturally, away from direct heat.
- Do not use chemical cleaners or abrasive materials, as these can damage the watch's finish or strap.

Storage

When not wearing the watch, store it in a cool, dry place, away from direct sunlight and extreme temperatures.

Keeping it in its original box or a watch case can help protect it from dust and scratches.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Watch stops or runs intermittently	Low battery	Replace the battery at a qualified watch repair shop.
Date does not change at midnight	Time is set to AM/PM incorrectly	Advance the time by 12 hours. The date should change around midnight.
Condensation inside the watch	Exposure to extreme temperature changes or compromised water resistance	Immediately take the watch to a professional for inspection and repair to prevent internal damage.
Crown is difficult to operate	Dirt or debris accumulation	Gently clean around the crown. If the issue persists, seek professional assistance.

SPECIFICATIONS

Model Number: PD1654-TYBY

Movement: VH65 High-Precision Quartz

Case Material: 316L Stainless Steel

Crystal: High Hardness Glass

Strap Material: Leather

Clasp Type: Tang Buckle

Water Resistance: 10 ATM (100 Meters)

Case Thickness: 11mm

Weight: Approximately 49g

Date Display: Yes, at 3 o'clock position

WARRANTY AND CUSTOMER SUPPORT

This Pagani Design watch comes with a **1-year maintenance service** from the date of purchase. This warranty covers manufacturing defects under normal use.

For any questions, concerns, or warranty claims, please contact customer service through the platform where the watch was purchased (e.g., Amazon). Please provide your purchase details and model number (PD1654-TYBY) for efficient assistance.

Customer satisfaction is a top priority. We are committed to providing excellent support.
