11. TROUBLESHOOTING

If you encounter any issues with your LIGE TX2-A Smart Watch, please refer to the following common solutions:

- **Pairing Issues:** Ensure Bluetooth is enabled on your phone and the watch is discoverable. Restart both devices and try pairing again.
- **App Connectivity:** Verify the FitCloudPro app is up-to-date and has all necessary permissions. Keep the watch and phone within Bluetooth range.
- **Notifications Not Appearing:** Check app notification settings within the FitCloudPro app and your phone's system settings.
- **Inaccurate Health Data:** Ensure the watch is worn snugly on your wrist. Calibrate settings in the app if available.
- **Short Battery Life:** Reduce screen brightness, disable unnecessary features like Always-On Display, and limit frequent heart rate monitoring.
