

Infanti Nonna 360°

Infanti Nonna 360° Car Seat Instruction Manual

Model: Nonna 360° | Brand: Infanti

1. INTRODUCTION

This manual provides essential instructions for the safe and correct installation, use, and maintenance of your Infanti Nonna 360° Car Seat. Designed for children from birth up to approximately 10 years old (40 to 150 cm in height), this car seat combines advanced safety features with practical design, including a 360° rotation system for ease of use. Please read this manual thoroughly before using the car seat and keep it for future reference.

2. SAFETY INFORMATION

The Infanti Nonna 360° Car Seat is approved under the European i-Size standard, ensuring high safety performance. Adherence to these guidelines is crucial for your child's protection.

- **i-Size Approval:** This car seat meets the rigorous European i-Size safety standard, which considers the child's height for appropriate car seat selection and includes stringent impact testing.
- **Rear-Facing Use:** For optimal safety, keep your child in the rear-facing position for as long as possible, up to 105 cm (approximately 4 years old).
- **5-Point Harness:** Always secure your child using the integrated 5-point harness system with padded protectors. Ensure the harness is snug and correctly adjusted.
- **Side Impact Protection:** The car seat features enhanced side impact protection to absorb forces in the event of a side collision.
- **Vehicle Compatibility:** Always verify the car seat's compatibility with your vehicle's ISOFIX system before installation.

3. PRODUCT FEATURES

The Infanti Nonna 360° Car Seat offers a range of features designed for safety, comfort, and convenience:

- **Extended Use:** Suitable for all stages, from birth (40 cm) up to approximately 10 years (150 cm).
- **360° Rotation System:** Features an L-shaped base with Easy Rotation, allowing the seat to fully rotate even when installed, simplifying placing and removing your child.
- **Adjustable Recline:** Offers 4 adjustable recline positions for optimal comfort during travel.
- **Padded Comfort:** Super padded with memory foam in the head region and a removable newborn reducer for enhanced comfort.
- **ISOFIX Installation:** Easy and secure ISOFIX installation system to minimize incorrect installation risks.
- **Removable and Washable Cover:** The car seat cover is soft, removable, and machine washable for practical cleaning.

4. SETUP AND INSTALLATION

Proper installation is critical for your child's safety. Follow these steps carefully:

1. **Vehicle Compatibility:** Ensure your vehicle is equipped with ISOFIX anchor points. Refer to your vehicle's owner manual.
2. **ISOFIX Connection:** Extend the ISOFIX connectors from the car seat base. Align them with your vehicle's ISOFIX anchor points and push firmly until you hear a click and the indicators turn green.
3. **Top Tether (if applicable):** For forward-facing installation, connect the top tether strap to the designated anchor point in your vehicle and tighten it securely.
4. **Rotation for Installation:** Utilize the 360° rotation feature to position the car seat for easier access during installation.
5. **Rear-Facing (40-105 cm):** For children between 40 cm and 105 cm, install the car seat in the rear-facing position.
6. **Forward-Facing (76-150 cm):** For children between 76 cm and 150 cm, the car seat can be installed in the forward-facing position.

7. **Check Security:** After installation, firmly pull on the car seat to ensure it is securely attached and does not move excessively.

Fácil de instalar: O sistema ISOFIX minimiza o risco de instalação incorreta

*Verificar a compatibilidade do veículo antes da compra

5. OPERATING INSTRUCTIONS

Using your Infanti Nonna 360° Car Seat effectively involves understanding its adjustable features:

- **Placing/Removing Child:** Rotate the car seat towards the car door using the Easy Rotation system. Place your child in the seat, then rotate it back to the desired travel position (rear-facing or forward-facing).
- **Harness Adjustment:** Press the harness release button (if applicable) and pull the shoulder straps to loosen. Place your child in the seat, bring the harness straps over their shoulders, and connect the two buckle tongues into the central buckle until you hear a click and see the green indicator. Pull the adjustment strap to tighten the harness snugly against your child's body.
- **Recline Positions:** Use the recline lever (typically located at the front or side of the base) to select one of the 4 available recline positions. Adjust as needed for your child's comfort and age.
- **Headrest and Harness Height:** The headrest and harness height can be adjusted simultaneously to

ensure the shoulder straps are at or just below your child's shoulders for rear-facing, and at or just above for forward-facing.

- **Newborn Reducer:** Use the padded reducer for newborns and smaller infants (up to 60 cm) to provide additional support and comfort. Remove it as your child grows.

6. MAINTENANCE

Regular maintenance ensures the longevity and hygiene of your car seat:

- **Cleaning the Cover:** The car seat cover is removable and machine washable. Follow the care label instructions for washing temperature and drying.
- **Cleaning the Shell:** Wipe the plastic and metal parts of the car seat shell with a damp cloth and mild soap. Do not use abrasive cleaners or solvents.
- **Harness Care:** Inspect the harness straps regularly for wear and tear. Clean them with a damp cloth; do not machine wash or bleach harness straps as this can weaken them.
- **Storage:** When not in use, store the car seat in a cool, dry place away from direct sunlight.

8. TROUBLESHOOTING

If you encounter issues with your Infanti Nonna 360° Car Seat, consider the following common solutions:

- **Car Seat Not Secure:** Ensure the ISOFIX connectors are fully engaged and the indicators are green. Push the car seat firmly into the vehicle seat back.
- **Harness Too Loose/Tight:** Re-adjust the harness straps. Ensure they are at the correct height for your child's shoulders and snug enough that you cannot pinch any excess webbing at the shoulder.
- **Rotation Mechanism Stuck:** Check for any obstructions around the base or under the seat. Ensure the car seat is not overloaded or improperly installed.
- **Child Discomfort:** Verify the recline position is appropriate for your child's age and the car seat's orientation. Ensure the newborn reducer is used correctly for infants.

If problems persist, consult the full product manual or contact Infanti customer support.

9. WARRANTY AND SUPPORT

For information regarding the product warranty, please refer to the documentation provided at the time of purchase or visit the official Infanti website. For technical support, spare parts, or any other inquiries, please contact Infanti customer service through their official channels.
