Nexgrill 700-20144

Nexgrill 5 & 6-Burner Grill Cover Instruction Manual

Model: 700-20144 | **Brand:** Nexgrill

Introduction

Thank you for choosing the Nexgrill 5 & 6-Burner Grill Cover. This manual provides essential information for the proper use, care, and maintenance of your grill cover. Designed to protect your outdoor grill from various environmental elements, this cover ensures your grill remains in optimal condition for extended periods. Please read this manual thoroughly before first use and retain it for future reference.

Key Features

- **Vented Mesh Design:** Includes vented mesh panels to allow moisture and condensation to escape, reducing the risk of rust and corrosion while promoting interior airflow.
- **Rugged & Water-Resistant:** Made from heavy-duty polyester with a PVC coating, offering superior resistance to daily wear and tear and repelling water.
- **Designed for 5 & 6-Burner Grills:** Specifically tailored to fit standard 5 and 6-burner grills perfectly, ensuring a streamlined and secure fit.
- **Year-Round All-Weather Protection:** Shields your grill from rain, snow, wind, and UV rays, preventing sun fading and keeping it clean and dry in all seasons.
- **Full Grill Protection:** Sized at 66" W x 23" D x 43" H, providing generous and comprehensive coverage for standard-sized grills.
- **Built-In Pouch:** A convenient built-in pouch allows for storage of small accessories.

- **Adjustable Buckle Straps:** Ensures the cover remains snug and secure, even in windy conditions.
- **Easy Lift Handles:** Durable handles facilitate convenient cover removal and placement.

The Nexgrill 66-inch Gas Grill Cover provides comprehensive protection for your outdoor grill.

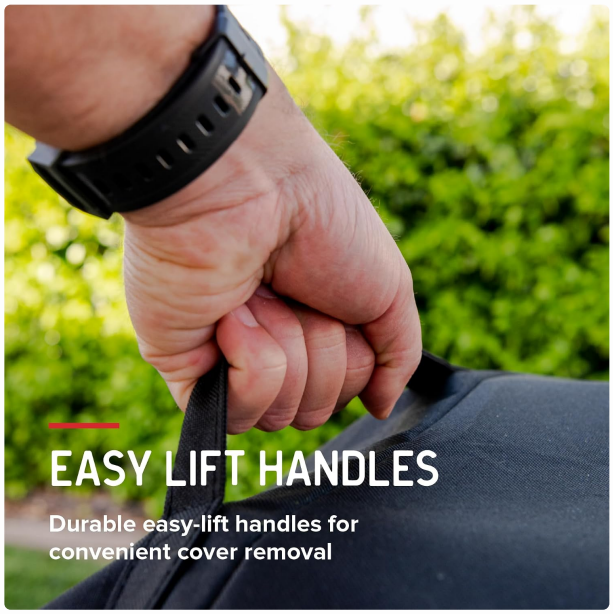
Adjustable buckle straps ensure a secure fit, preventing the cover from being dislodged by wind.

Constructed with heavy-duty polyester and reinforced seams

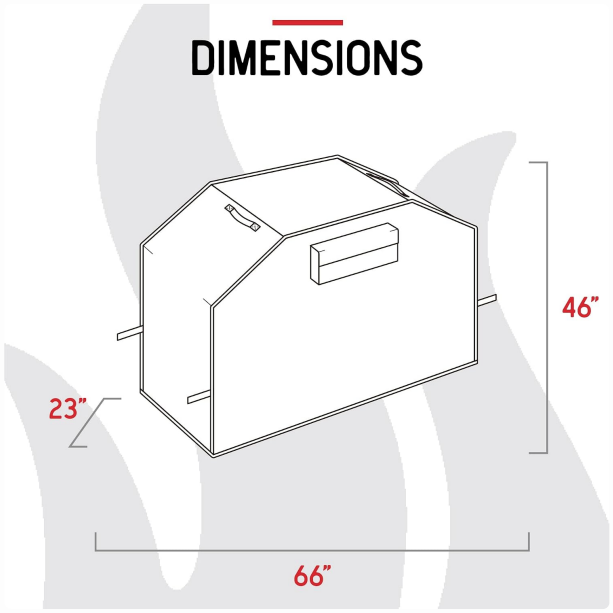
for enhanced durability.

The water-resistant coating repels moisture, keeping your grill dry in wet conditions.

The material is designed for easy cleaning, maintaining its appearance and protective qualities.



Convenient easy-lift handles facilitate quick and effortless removal and placement of the cover.



The full-length design provides complete coverage, protecting the entire grill from top to bottom.

Designed to fit standard 5 and 6-burner grills, measuring 66 inches wide, 23 inches deep, and 43 inches high.

Setup

Before First Use

1. **Unpack:** Carefully remove the grill cover from its packaging.
2. **Inspect:** Check the cover for any signs of damage or defects. If any are found, contact customer support.
3. **Prepare Grill:** Ensure your grill is completely cool and clean before covering.*Allow the grill to dry completely before covering.*

Applying the Cover

1. Position the cover over the top of your grill.
2. Gently pull the cover down over all sides of the grill, ensuring it fully covers the entire unit.
3. Secure the adjustable buckle straps located at the bottom of the cover to prevent it from being blown off by wind.

Operating Instructions

The Nexgrill cover is designed for simple, daily use. When you are finished using your grill and it has cooled down completely, simply place the cover over it to protect it from the elements. When ready to grill, use the easy-lift handles to remove the cover. Fold or roll the cover neatly for storage to prevent creases and prolong its life.

Maintenance

Cleaning the Cover

- Wipe down the cover regularly with a damp cloth to remove dust, dirt, and debris.
- For tougher stains, use a mild soap solution and a soft brush. Rinse thoroughly with water.
- Allow the cover to air dry completely before storing or placing it back on the grill.

Storage

- When not in use for extended periods, store the cover in a cool, dry place.
- Fold it neatly to prevent excessive creasing.
- *Keep the grill cover away from heat sources and do not leave it in direct sunlight for extended periods to prevent damage to the PVC material.*

Troubleshooting

Problem	Possible Cause	Solution
Cover blows off in wind	Straps not secured or not tightened enough.	Ensure all buckle straps are securely fastened and tightened around the grill legs or base.
Moisture buildup under cover	Grill was covered while still wet or hot; insufficient airflow.	Always ensure the grill is completely dry and cool before covering. The vented mesh panels are designed to help, but proper drying is crucial.
Cover appears faded or brittle	Prolonged exposure to direct sunlight or extreme temperatures.	While designed for outdoor use, extreme conditions can affect material longevity. Avoid leaving in direct, intense sunlight for extended periods if possible. Ensure it's not near heat sources.
