## BvenuBigLite WS-FPZ191-42C-WH-AP

# BvenuBigLite 42-Inch White Ceiling Fan with Light User Manual

Model: WS-FPZ191-42C-WH-AP

## INTRODUCTION

---

Thank you for choosing the BvenuBigLite 42-inch White Ceiling Fan with Light. This manual provides detailed instructions for safe installation, operation, and maintenance of your new ceiling fan. Please read this manual thoroughly before installation and keep it for future reference.

## SAFETY INFORMATION

---

To reduce the risk of electric shock, fire, or personal injury, always follow these basic safety precautions:

- Read all instructions carefully before beginning installation.
- Ensure the power is turned off at the circuit breaker or fuse box before wiring.
- All electrical connections must be in accordance with local codes, ordinances, and the National Electrical Code. If you are unfamiliar with electrical wiring, consult a qualified electrician.
- The fan must be mounted to a ceiling joist or support structure capable of supporting a minimum of 35 lbs (15.9 kg).
- Do not bend the blade holders during installation, balancing, or cleaning.
- Keep hands, tools, and other objects clear of the fan blades when the fan is operating.
- Do not operate the fan if there is any visible damage to the housing or blades.
- This fan is suitable for indoor and covered outdoor use. Do not expose to direct water spray.

## PACKAGE CONTENTS

---

Verify that all components are present before beginning installation. If any parts are missing or damaged, contact customer support.

- Ceiling Fan Motor Assembly

- Fan Blades (3)
- LED Light Kit
- Remote Control
- Downrods (5-inch and 10-inch options)
- Mounting Bracket
- Hardware Pack (screws, wire nuts, etc.)
- Instruction Manual

## SETUP AND INSTALLATION

Professional installation is recommended. Ensure power is disconnected at the circuit breaker before proceeding.

- 1. Prepare the Mounting Location:** Ensure the electrical box is securely attached to a structural member of the building and can support the fan's weight.
- 2. Install the Mounting Bracket:** Secure the mounting bracket to the outlet box using the provided screws.
- 3. Assemble the Downrod:** Choose either the 5-inch or 10-inch downrod based on your ceiling height and desired fan position. Feed the electrical wires through the downrod.
- 4. Attach Fan to Downrod:** Secure the fan motor assembly to the chosen downrod.
- 5. Hang the Fan:** Carefully lift the fan assembly and place the downrod ball into the mounting bracket.
- 6. Make Electrical Connections:** Connect the fan wires to the household supply wires according to the wiring

diagram in the full instruction manual. Use the provided wire nuts.

7. **Install the Blades:** Attach the three fan blades to the motor housing.
8. **Install the LED Light Kit:** Connect the light kit wiring and secure the light kit to the fan motor housing.
9. **Restore Power:** Once all connections are secure and the fan is fully assembled, restore power at the circuit breaker.

Refer to the detailed installation guide included in your package for specific diagrams and step-by-step instructions.

## OPERATING INSTRUCTIONS

### Remote Control Operation

The included remote control allows for convenient operation of your ceiling fan and light.

Reversible Blades

3 colors LED Light

Quiet DC Motor

### Ceiling Fan with Lights

Reduces electricity costs by **80%** compared to conventional AC motors.

Image: Detailed layout of the remote control, indicating functions such as light on/off, color temperature conversion, brightness adjustment, forward/reverse, wind speed control (6 speeds), and 2-hour timer.

- **Power On/Off:** Press the "ALL ON/OFF" button to turn the fan and light on or off.
- **Fan Speed:** Use buttons 1-6 to select desired fan speed. 1-2 for comfortable wind, 3-4 for natural wind, 5-6 for cool wind.
- **Light Control:** Press the light bulb icon to turn the light on/off.
- **Color Temperature:** Press the "CCT" button to cycle through 3000K (Warm Light), 4500K (Natural Light), and 6500K (Cold White Light).
- **Brightness Adjustment:** Use the brightness +/- buttons to dim or brighten the light (20%-100% dimmable).
- **Reversible Function (F/R):** Press the "F/R" button to change the direction of blade rotation.
  - **Summer Mode (Downward Airflow):** Blades rotate counter-clockwise to create a cooling breeze.
  - **Winter Mode (Upward Airflow):** Blades rotate clockwise to circulate warm air trapped near the ceiling.
- **Timer Function:** Press the "2H" button to set a 2-hour timer for automatic fan shutdown.

Image: Explanation of the reversible function, demonstrating how downward airflow provides cooling in summer and upward airflow promotes heat circulation in winter.

## Mobile App Control

The fan can also be controlled via a smartphone app. Follow these steps to connect:

1. **Download the App:** Scan the QR code provided in the manual or visit <http://www.jasonghost.com/fanlamppro/> to download the "FanLamp Pro" app.
2. **Power On:** Ensure the fan has power.
3. **Add Device:** Open the app and press the "+" button to add a new device.
4. **Pairing:** Within 5 seconds of powering on the fan, click the pairing button in the app. If the device flashes or beeps, it indicates successful pairing.

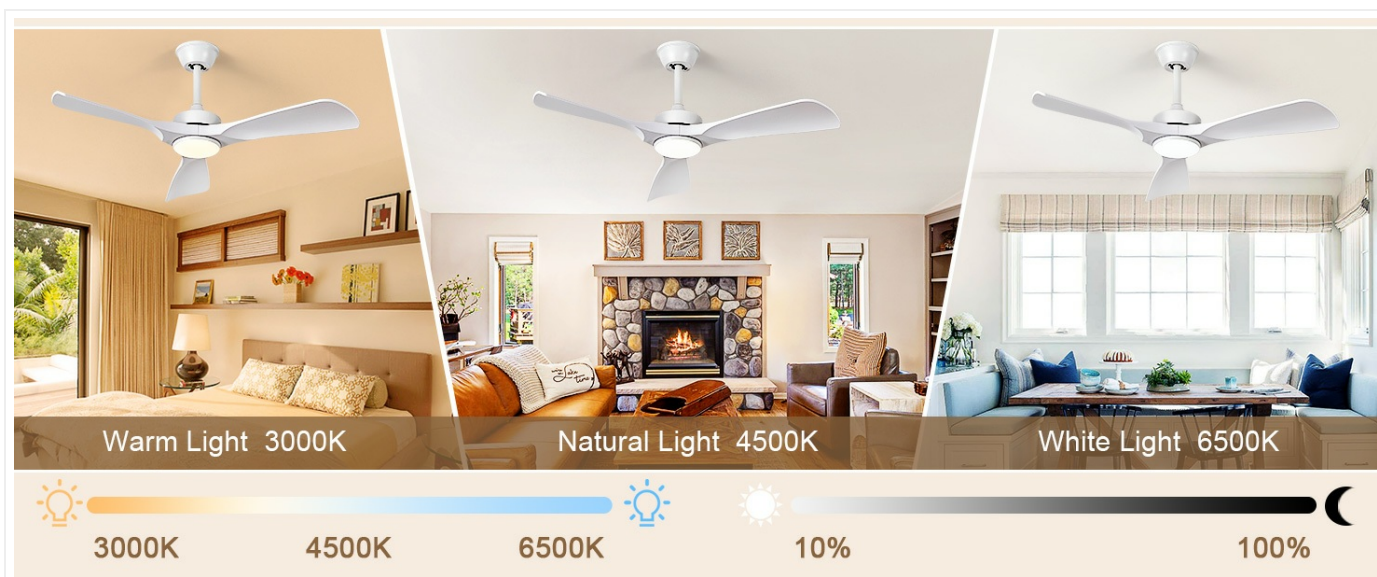

Image: Instructions for using the mobile app, including a QR code for download and screenshots of the app interface for adding and controlling the fan.

## MAINTENANCE

Regular maintenance helps ensure the longevity and optimal performance of your ceiling fan.

- **Cleaning:** Periodically clean the fan blades and motor housing with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Blade Screws:** Check all blade screws for tightness at least twice a year. Loose screws can cause noise and wobble.
- **Light Kit:** The LED light source is designed for long life and is not user-replaceable.
- **Dust Accumulation:** Dust can affect performance. Keep the fan clean to maintain efficient airflow.

## TROUBLESHOOTING

Before contacting customer support, review these common issues and solutions:

Problem	Possible Cause	Solution
Fan does not start.	No power to the fan; loose wire connections; remote control battery low.	Check circuit breaker/fuse. Ensure all wire connections are secure. Replace remote control batteries.
Fan makes noise.	Loose fan blade screws; mounting bracket not secure; fan not balanced.	Tighten all blade screws. Ensure mounting bracket is firmly attached. Check for proper blade balance.
Light does not work.	Loose wire connection to light kit; LED driver issue.	Check light kit wiring. If problem persists, contact customer support.
Remote control not working.	Low battery; remote not paired with fan.	Replace remote batteries. Refer to pairing instructions in the operating section.
App control not connecting.	Incorrect pairing procedure; Wi-Fi interference.	Ensure correct pairing steps are followed. Check Wi-Fi signal strength.

## WARRANTY AND SUPPORT

---

BvenuBigLite provides excellent after-sales service to ensure a worry-free shopping experience. For warranty information, technical assistance, or replacement parts, please contact BvenuBigLite customer support through your purchase platform or the official brand website.

Please have your model number (WS-FPZ191-42C-WH-AP) and purchase date available when contacting support.
