Bruni Screen Protector Instruction Manual for Cubot U1

Crystal Clear Protective Film

1. INTRODUCTION

This manual provides detailed instructions for the installation and care of your Bruni crystal clear screen protector, specifically designed for the Cubot U1 device. This protective film is engineered from high-quality PET material to offer scratch resistance and maintain optimal display clarity and touch sensitivity.

2. PACKAGE CONTENTS

Please verify that all items listed below are included in your package:

- Bruni Screen Protector Film (2X)
- Mounting Tool (Squeegee)
- Microfiber Cleaning Cloth
- Mounting Instructions (this manual)

A hand is shown touching a screen. The background of the screen is a vibrant, abstract, painterly pattern with swirling colors of red, orange, yellow, blue, and purple. The hand is in the foreground, with the index finger making contact with the screen. The overall composition is dynamic and modern.

3. KEY FEATURES

The Bruni Screen Protector offers the following characteristics:

- **Precision Fit:** Specifically developed and laser-cut for the Cubot U1.
- **Scratch Resistance:** Made from highly transparent PET material with 4H hardness to protect against scratches.
- **High Transparency:** Ensures unadulterated display of screen contents.
- **Sensitive Touch:** Optimized for touch displays, maintaining full usability and fast response.
- **Bubble-Free Application:** Designed for easy, bubble-free installation.
- **Residue-Free Removal:** Can be removed or repositioned without leaving adhesive residue.
- **Optimal Adhesion:** Glue-free film ensures no slipping once attached.
- **Made in Germany:** Manufactured with precision in Germany.

4. INSTALLATION GUIDE

Follow these steps carefully for a successful, bubble-free application:

- 1. Prepare Your Device:** Ensure your Cubot U1 screen is completely clean and free of dust, fingerprints, and smudges. Use the provided microfiber cloth to wipe the screen thoroughly. For stubborn marks, a screen cleaning solution can be used, ensuring the screen is dry before proceeding.
- 2. Position the Protector:** Carefully peel back a small portion of the protective layer (usually marked '1' or with a tab) from one end of the screen protector. Align the exposed edge of the screen protector with the corresponding edge of your device screen. Ensure precise alignment with cutouts for cameras or sensors.
- 3. Apply and Smooth:** Slowly peel off the remaining protective layer while simultaneously applying the screen protector to the device screen. Use the provided squeegee or a credit card wrapped in the microfiber cloth to gently push out any air bubbles towards the edges as you apply. Work from the center outwards.
- 4. Final Touches:** Once the screen protector is fully applied, gently press down on all edges to ensure optimal adhesion. If small bubbles remain, try to push them out with the squeegee. Minor bubbles may disappear naturally within 24-48 hours.

SUPER EINFACHE MONTAGE

In nur 3 Schritten. Eine Anleitung liegt dem Lieferumfang bei.

5. USAGE AND CARE

5.1. Operating with the Protector

The Bruni screen protector is designed to be ultra-transparent and maintain the original touch sensitivity of your Cubot U1. You should experience no degradation in display quality or touch response.

5.2. Maintenance and Cleaning

To clean your screen protector, gently wipe it with the provided microfiber cloth. For more thorough cleaning, lightly dampen the microfiber cloth with water or a mild, non-abrasive screen cleaning solution. Avoid harsh chemicals or abrasive materials, as these can damage the film.

6. TROUBLESHOOTING

6.1. Air Bubbles

- **Small Bubbles:** Many small bubbles will naturally dissipate within 24-48 hours.
- **Large Bubbles:** Gently lift the nearest edge of the screen protector and reapply, using the squeegee to push the air out as you lay it back down.
- **Dust Particles:** If a bubble is caused by a dust particle, carefully lift the nearest edge of the protector. Use a piece of adhesive tape to gently dab the dust particle off the screen or the underside of the protector, then reapply.

6.2. Misalignment

If the screen protector is significantly misaligned, carefully peel it off entirely. Clean the screen again thoroughly and attempt reapplication, paying close attention to alignment during the initial placement.

7. SPECIFICATIONS

Brand	Bruni
Model Number	Bruni Basics-Clear 4053664702212
Compatibility	Cubot U1
Material	Polyethylenterephthalat (PET)
Item Hardness	4H
Product Dimensions (Film)	45L x 39W millimeters
Item Weight	6 g
Special Features	Made in Germany, Residue-free removable, Very easy to apply, Crystal clear

8. WARRANTY AND SUPPORT

Specific warranty details are not provided in this manual. For information regarding warranty coverage or technical support, please refer to the product packaging or contact the manufacturer directly through their official website or customer service channels.

Manufacturer: atFoliX GmbH
