

Merax King Canopy Bed Frame

Merax King Canopy Bed Frame Instruction Manual

Model: King Canopy Bed Frame (Brown Wash)

1. SAFETY INFORMATION

Please read and understand all instructions before assembly and use. Retain this manual for future reference.

- **Weight Capacity:** Do not load more than 700 pounds on the King size bed frame. Exceeding this limit may cause structural failure and injury.
- **Assembly:** Ensure proper assembly to prevent instability or collapse. All connections must be securely tightened.
- **Children:** Keep small parts away from children during assembly.
- **Tools:** Use appropriate tools as specified in the assembly instructions.

2. PACKAGE CONTENTS

Verify that all components are present before beginning assembly. The set will come in one box.

Included Components:

- Headboard
- Slats
- Canopy Posts and Rails
- Support Legs
- Hardware (screws, bolts, washers, Allen wrench)
- Assembly Instructions

3. SETUP AND ASSEMBLY

Partial assembly is required. All necessary parts, tools, and instructions are included in the package. Follow the instructions step by step for assembly.

Assembly Steps:

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches.
2. **Assemble Headboard and Footboard:** Attach the headboard to the side rails using the provided hardware. Repeat for the footboard.
3. **Attach Side Rails:** Connect the assembled headboard and footboard sections with the long side rails. Ensure all bolts are finger-tightened initially.
4. **Install Center Support Legs:** Secure the additional support legs in the center of the bed frame as indicated in the detailed diagram. These legs enhance stability.
5. **Place Slats:** Position the wooden slats across the bed frame. Secure them using the provided fasteners to ensure a stable mattress foundation.
6. **Assemble Canopy Structure:** Attach the four canopy posts to the corners of the bed frame. Then, connect the top canopy rails to form the canopy structure.
7. **Final Tightening:** Once all components are in place, systematically tighten all bolts and screws using the included Allen wrench. Do not overtighten.

4. OPERATING INSTRUCTIONS

This bed frame is designed for standard King size mattresses. No box spring is needed due to the robust slat support system.

- **Mattress Placement:** Carefully place your King size mattress directly onto the wooden slats. The recommended mattress thickness is 8 to 10 inches.
- **Canopy Use:** The 4-poster structure allows for hanging bed curtains, canopies, lights, or other decorative elements. Ensure any hung items do not exceed the structural integrity of the canopy frame.
- **Under-Bed Storage:** The generous 9.3-inch under-bed clearance provides space for storage. Utilize storage bins or containers to keep items organized.

5. MAINTENANCE

Proper care will extend the life and appearance of your bed frame.

- **Cleaning:** Wipe the wood surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Tighten Hardware:** Periodically check all bolts and screws and tighten them as needed to maintain structural integrity and prevent squeaking.
- **Avoid Excessive Moisture:** Protect the wood from prolonged exposure to moisture or extreme temperature changes.
- **Protect from Scratches:** Use felt pads under any items placed on the headboard or canopy rails to prevent scratches.

6. TROUBLESHOOTING

If you encounter issues, refer to these common solutions.

- **Squeaking Noises:** Squeaking often indicates loose connections. Re-tighten all assembly hardware. Ensure the slats are properly seated and secured.
- **Instability/Wobbling:** Check that all frame components are correctly aligned and all bolts are fully tightened. Ensure the center support legs are making firm contact with the floor.
- **Missing Parts:** If any parts are missing or damaged upon arrival, contact customer support immediately for assistance.

7. SPECIFICATIONS

Feature	Detail
Brand	Merax
Model	King Canopy Bed Frame
Color	Brown Wash-headboard
Material	Wood
Product Dimensions (L x W x H)	83.9" x 78.8" x 70.9"
