Linocell GS-W20A0938C

Linocell 20W USB-C Wall Charger with 6FT Lightning Cable User Manual

Model: GS-W20A0938C

Brand: Linocell

PRODUCT OVERVIEW

The Linocell 20W USB-C Wall Charger with 6FT Lightning Cable is designed to provide efficient and safe fast charging for a wide range of Apple devices, including iPhones, iPads, and AirPods. This product includes two charger blocks and two MFi-certified Lightning cables, ensuring optimal performance and compatibility.
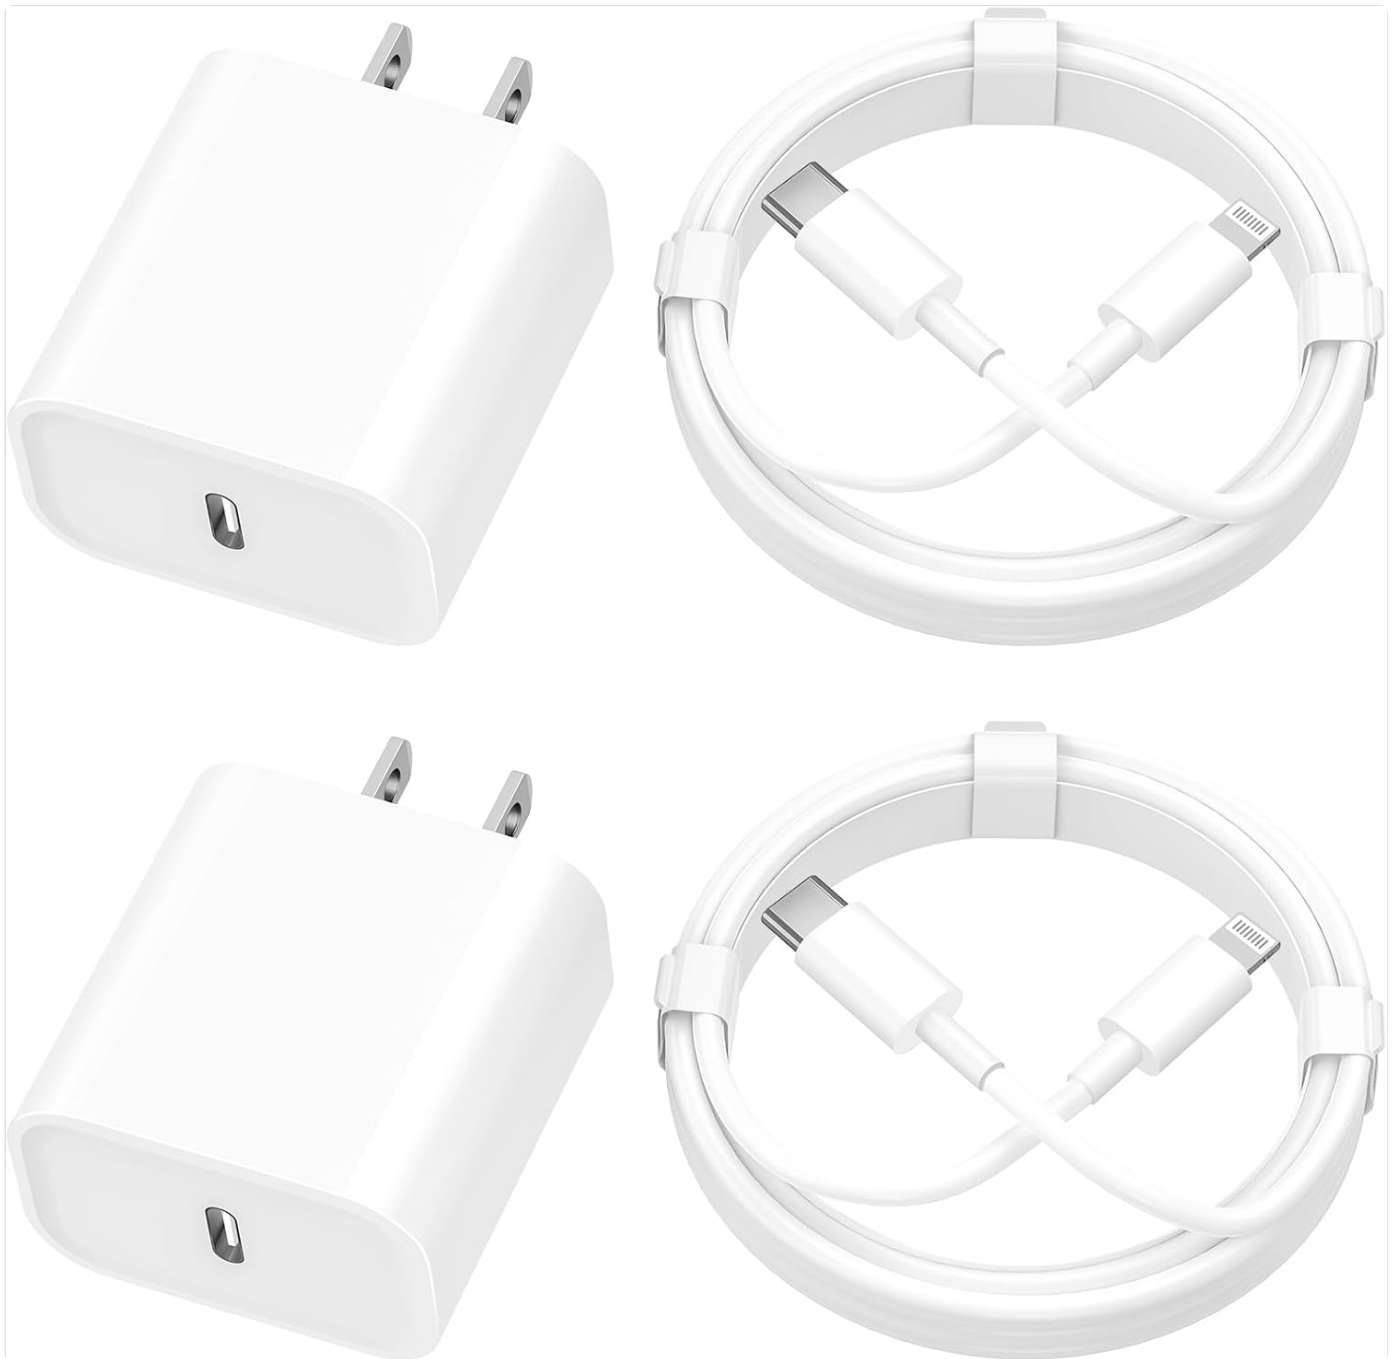

Image: Contents of the Linocell 20W USB-C Charger package, showing two white wall charger blocks and two coiled white 6-foot USB-C to Lightning cables.

Key features include advanced Quantum Boost Technology, intelligent power management, and comprehensive safety protections to safeguard your devices during charging.

SETUP INSTRUCTIONS

1. **Unpacking:** Carefully remove the charger blocks and cables from the packaging.

2. **Connecting to Power:** Insert the Linocell 20W USB-C Wall Charger block into a standard electrical wall outlet. Ensure the outlet is easily accessible.

3. **Connecting to Device:**

   - Connect the USB-C end of the provided 6FT Lightning Cable into the USB-C port on the charger block.
   - Connect the Lightning end of the cable into the charging port of your iPhone, iPad, or AirPods.

OPERATING INSTRUCTIONS

Once connected, your device will begin charging automatically. The Linocell 20W USB-C Charger is designed for fast charging compatible devices.

Fast Charging Capability

This charger delivers up to 20W of power, enabling your iPhone to reach approximately 80% charge in just 35 minutes, significantly reducing charging time compared to standard chargers.

Image: A visual representation of the Linocell 20W USB-C charger's fast charging speed, showing an iPhone charging from 0% to over 50% in 25 minutes and to 100% in 1 hour 25 minutes. A laptop is also shown connected to the charger.

MFi Certified Cable

The included 6-foot Type C to Lightning cable is MFi (Made for iPhone/iPad/iPod) certified, ensuring full compatibility and safe, efficient charging for your Apple devices. This certification guarantees that the cable meets Apple's performance standards.

Data Synchronization

In addition to charging, the MFi certified cable supports data synchronization at speeds up to 480Mbps, allowing you to transfer files between your device and a computer.

MAINTENANCE

- **Cleaning:** Disconnect the charger from the power outlet and your device before cleaning. Use a soft, dry cloth to wipe the charger block and cable. Avoid using liquid cleaners or aerosols.

- **Storage:** Store the charger and cable in a cool, dry place away from direct sunlight and extreme temperatures. Avoid tightly coiling the cable to prevent damage.

- **Handling:** Do not expose the charger or cable to water or excessive moisture. Avoid dropping or subjecting the charger to strong impacts.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Device not charging.	Loose connection, faulty outlet, damaged cable/charger, incompatible device.	Ensure all connections are secure. Try a different wall outlet. Test with a different cable or charger (if available) to isolate the issue. Verify device compatibility.
Slow charging.	Device not supporting fast charging, background apps, high device usage during charging.	Confirm your device supports 20W fast charging. Close unnecessary background applications on your device. Avoid heavy usage (e.g., gaming, video streaming) while charging for optimal speed.
Charger or device gets warm.	Normal operation during fast charging, poor ventilation, excessive load.	Slight warmth is normal during fast charging. Ensure adequate ventilation around the charger and device. If excessively hot, disconnect immediately and contact support.

The charger features built-in Dynamic Temperature Sensors and a Power Tuner Chip to actively monitor and adjust power output, safeguarding your connected device from overheating.

SPECIFICATIONS

- **Model Number:** GS-W20A0938C
- **Output Power:** 20W (Max)
- **Cable Type:** USB-C to Lightning (MFi Certified)
- **Cable Length:** 6 Feet
- **Package Dimensions:** 6.3 x 4.57 x 1.22 inches
- **Item Weight:** 4.6 ounces
- **Safety Certifications:** MFi, UL, ETL, FCC, CE, ROHS
- **Manufacturer:** Shenzhen good-she technology Co., Ltd.
- **First Available:** April 19, 2025

WARRANTY AND SUPPORT

For specific warranty details and terms, please refer to the documentation included with your purchase or contact Linocell customer support directly. Linocell is committed to providing reliable products and customer satisfaction.

If you encounter any issues or have questions regarding your Linocell charger, please contact the manufacturer's customer service for assistance. Contact information can typically be found on the product packaging or the official Linocell website.
