- Always assemble the desk on a stable, level surface.
- Do not overload the desk or drawers beyond their weight limits.
- Keep the drawers closed when not in use to prevent injury.
- Always anchor the desk to the wall to prevent tipping, especially if children are present.

SETUP AND ASSEMBLY INSTRUCTIONS

The Halitaa Farmhouse Executive Desk requires assembly. Please follow the step-by-step instructions provided in the separate assembly guide included with your product. Ensure all components are present before you begin.

Before You Begin:

- **Unpack Carefully:** Lay out all parts on a soft, clean surface to prevent scratches.
- **Identify Components:** Refer to the parts list in your assembly guide to identify each piece.
- **Gather Tools:** You will typically need a Phillips head screwdriver. Power tools are not recommended as they can overtighten fasteners and damage the wood.

Assembly Tips:

- Pay close attention to the orientation of each piece, especially drawer rails. Many parts are labeled.
- Do not fully tighten all screws until the entire section is assembled and aligned.

TROUBLESHOOTING

If you encounter any issues with your desk, refer to the following common solutions:

Desk is Wobbly:

- Ensure all screws and fasteners are securely tightened.
- Verify that the desk is placed on a level surface. If not, use shims under the legs to stabilize it.
- Re-check the assembly steps to ensure all parts are correctly installed and aligned.

Drawers Do Not Slide Smoothly:

- Check that the drawer slides are correctly installed and aligned on both the drawer and the desk frame.
- Ensure no objects are obstructing the drawer's path.
- Lightly lubricate the drawer slides with a silicone-based lubricant if necessary.
