RASTAR 92500

RASTAR 1/24 RedBull F1 Racing Car Building Bricks Instruction Manual

Model: 92500

Brand: RASTAR

INTRODUCTION

This instruction manual provides detailed guidance for assembling, operating, and maintaining your RASTAR 1/24 RedBull F1 Racing Car Building Bricks set. This officially licensed Oracle RedBull Formula 1 RB19 car model consists of 333 pieces, designed for enthusiasts aged 14 years and up. Follow these instructions carefully to ensure a successful and enjoyable building experience.

SAFETY INFORMATION

WARNING: For Age 6+ only. Recommended age for optimal building experience is 14 years and up due to complexity and small parts.

This product contains small parts which may pose a choking hazard for young children. Adult supervision is recommended during assembly, especially for younger builders. All building blocks are made from non-toxic materials. Ensure all pieces are accounted for before beginning assembly.

SAFETY

Materials

Environmental Protection Materials | 3C Certification

The spray painting process involves using ABB robotic arms in the automotive manufacturing industry to ensure uniform and consistent paint colors on each vehicle model. Additionally, the use of electroplating technology ensures long-lasting and fade-resistant paint surfaces. All paint materials used for spraying are safe and non-toxic.

ASSEMBLY INSTRUCTIONS

The RASTAR Oracle RedBull F1 RB19 building kit is designed for a detailed and engaging assembly experience. Follow the step-by-step instructions provided in the included Bricks Manual.

Preparation:

- Clear a well-lit, flat workspace.

- Organize the building blocks by color and size if desired, though the manual often guides by bag number.
- Keep the sticker sheet accessible for application at the appropriate steps.

Building Process:

1. Refer to the Bricks Manual for sequential steps. Each step will highlight the pieces required and their placement.
2. Carefully connect the blocks. Ensure a firm connection for structural integrity.
3. Pay close attention to the diagrams, especially for small or similarly colored pieces.
4. Apply stickers as indicated in the manual. For best results and precision, consider using tweezers for sticker application.
5. Proceed through each section of the car, from the chassis to the aerodynamic components and wheels.

OPERATING AND DISPLAY

Once assembled, your RASTAR RedBull F1 Racing Car is ready for display or imaginative play. This model is designed to be a highly detailed replica, perfect for showcasing its sleek lines and aerodynamic profile.

- **Play:** While sturdy, avoid excessive force or dropping the model to prevent pieces from detaching.
- **Display:** Place the model on a stable, flat surface away from direct sunlight and extreme

temperatures to preserve its colors and structural integrity.

Maintenance

To keep your RASTAR F1 Racing Car model in excellent condition:

- Cleaning:** Use a soft, dry cloth to gently wipe away dust. For stubborn dirt, a slightly damp cloth can be used, but ensure no water seeps into the connections.
- Storage:** If disassembling for storage, keep all pieces in a sealed container to prevent loss and dust accumulation.
- Handling:** Always handle the model with care, avoiding pressure on delicate parts like the wings or mirrors.

Troubleshooting

While building, you might encounter minor challenges. Here are some common issues and solutions:

| Problem | Solution |
|--|---|
| Pieces do not fit together easily. | Ensure you are using the correct pieces as indicated in the manual. Apply gentle, even pressure. Do not force pieces. |
| Model feels flimsy or parts detach easily. | Double-check all connections. Ensure each block is fully pressed into place. Refer to previous steps in the manual to confirm correct assembly. |
| Missing a piece. | Thoroughly check your workspace and packaging. If a piece is genuinely missing, contact RASTAR customer support. |
| Stickers are difficult to apply straight. | Use tweezers for precise placement. If a sticker is misaligned, carefully peel it off and reapply before it fully adheres. Trimming the decal slightly can also help. |
