## OPAXIS P8305

# OPAXIS Outdoor Pendant Light Instruction Manual

Model: P8305

Brand: OPAXIS

## PRODUCT OVERVIEW

The OPAXIS Outdoor Pendant Light (Model P8305) is designed to provide reliable illumination for various outdoor and indoor spaces. Constructed from high-quality die-cast aluminum and durable tempered beveled glass, this fixture is built to withstand harsh weather conditions, ensuring longevity and consistent performance. Its versatile design allows for adjustable hanging heights and compatibility with different ceiling types.

### Key Features:

- **Durable Construction:** Made from die-cast aluminum and tempered beveled glass for enhanced durability.
- **Weather Resistant:** Designed to be waterproof, anti-rust, anti-corrosion, and weather-resistant, suitable for various outdoor environments.
- **Adjustable Chain:** Features an adjustable chain up to 59 inches, allowing for customized hanging height.
- **Versatile Installation:** Can be installed on both flat and sloped ceilings.
- **E26 Bulb Compatibility:** Compatible with E26 bulbs up to 100 watts (LED bulbs up to 10W). Bulb not included.

### SETUP AND INSTALLATION

This pendant light is designed for straightforward installation. Ensure power is turned off at the circuit breaker

before beginning any electrical work. All necessary mounting hardware is included.

### Package Contents:

- Pendant Light Fixture
- Adjustable Chain
- Mounting Hardware
- Instruction Manual

### Installation Steps:

1. **Prepare the Mounting Surface:** Ensure the electrical box is securely mounted and capable of supporting the fixture's weight.
2. **Adjust Chain Length:** Use pliers to open and remove links from the chain to achieve the desired hanging height. The chain can be adjusted up to 59 inches.
3. **Wire Connections:** Connect the fixture's wires to the corresponding household wires (black to black, white to white, ground to ground) using wire nuts.
4. **Secure the Canopy:** Mount the canopy to the electrical box, ensuring all wires are tucked safely inside.
5. **Install Bulb:** Insert an E26 base bulb (max 100W) into the socket. (Bulb not included).

## OPERATING INSTRUCTIONS

Once installed, the OPAXIS Outdoor Pendant Light operates like any standard hardwired lighting fixture. It is controlled by an external switch (e.g., wall switch, dimmer, or smart home system) connected to its power source.

- **Power On/Off:** Use the connected wall switch or control method to turn the light fixture on or off.
- **Bulb Type:** The fixture uses an E26 bulb base and supports up to 100 watts. For energy efficiency, LED bulbs up to 10W are recommended.

## MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your OPAXIS Outdoor Pendant Light. Its robust construction minimizes the need for frequent attention.

### Cleaning:

- Ensure the power is off before cleaning.
- Wipe the aluminum frame with a soft, damp cloth. Avoid abrasive cleaners that could damage the finish.
- Clean the tempered beveled glass panels with a glass cleaner and a soft cloth. The open bottom design allows for easy access to the interior for cleaning.

### Weather Resistance:

The fixture is designed to be anti-rust, anti-corrosion, and waterproof, making it suitable for outdoor use in

various weather conditions including rain, snow, wind, and sun.

## TROUBLESHOOTING

If you encounter issues with your OPAXIS Outdoor Pendant Light, refer to the following common troubleshooting steps:

- **Light Not Turning On:**

- Check the circuit breaker to ensure power is supplied to the fixture.
- Verify that the bulb is correctly installed and not burnt out. Replace if necessary.
- Ensure all wire connections are secure.

- **Flickering Light:**

- Confirm the bulb wattage is within the recommended range (max 100W).
- Check for loose wire connections.

- **Water Inside Fixture:**

- While the fixture is waterproof, ensure proper sealing during installation. If water ingress occurs, check for any gaps or damage to the seals.

If problems persist, consult a qualified electrician.

## SPECIFICATIONS

Feature	Detail
Brand	OPAXIS
Model Name	Outdoor Pendant Light
Model Number	P8305

Color	Black
Material	Aluminum, Tempered Beveled Glass
Product Dimensions	7"L x 7"W x 14.6"H
