MAINTENANCE

Proper care and maintenance will extend the life and appearance of your ORRD sofa bed.

Fabric Care (Chenille)

- **Regular Cleaning:** Vacuum regularly using an upholstery attachment to remove dust and loose particles.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. For stubborn stains, use a mild fabric cleaner specifically designed for chenille, testing on an inconspicuous area first. Avoid excessive rubbing.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading. Position your sofa bed away from direct sun or use curtains/blinds.

Frame Care (Iron)

- **Wipe Down:** Periodically wipe the metal frame components with a soft, damp cloth to remove dust.
- **Check Connections:** Ensure all bolts and screws are tightened periodically to maintain stability.

TROUBLESHOOTING

If you encounter any issues with your ORRD sofa bed, please refer to the following common solutions:

- **Difficulty Converting:** Ensure the area around the sofa is clear of obstructions. Check that the pull-out mechanism is not jammed and that all components are aligned.
- **Unstable or Wobbly:** Verify that all assembly hardware is securely tightened. Check that the floor surface is even.
- **Squeaking Noises:** Apply a small amount of silicone lubricant to moving metal parts of the pull-out mechanism if squeaking occurs.
- **Comfort Issues:** The sofa bed features medium-firm cushioning. For additional softness, consider adding a mattress topper or extra pillows.

If these steps do not resolve the issue, please contact customer support for further assistance.
