Reversible Configuration:

The L-shape configuration is reversible. To change the orientation of the chaise lounge and pull-out bed, disassemble the connecting sections and reassemble them in the desired arrangement. This flexibility allows the sofa to fit various room layouts.

MAINTENANCE AND CARE

General Cleaning:

- **Fabric Care:** The sofa is upholstered in durable linen fabric. For routine cleaning, vacuum regularly using an upholstery attachment to remove dust and debris.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. For stubborn stains, use a mild fabric cleaner specifically designed for linen, testing on an inconspicuous area first. Avoid harsh chemicals.
- **Removable Covers:** The seat cushion covers are removable. Refer to the care label on the covers for specific washing instructions. Typically, machine wash cold on a gentle cycle and air dry.

Frame and Mechanism Care:

- Periodically check all bolts and connections for tightness and re-tighten as necessary to maintain stability.
- Keep the pull-out bed mechanism free of obstructions. Lubricate moving parts if they become stiff, using a silicone-based lubricant.
- Avoid excessive force when operating the pull-out bed or storage lid.
