# Generic Caravan Cover S Instruction Manual

Model: S

## 1. INTRODUCTION

---

This manual provides essential information for the proper use, installation, and maintenance of your Generic Caravan Cover Model S. Designed to protect your caravan from various environmental elements, this cover features a durable, multi-layer fabric construction. Please read these instructions carefully before using the product to ensure optimal performance and longevity.

## 2. PRODUCT FEATURES

---

- **Material:** Constructed from a non-abrasive, spun-bond 3-layer polypropylene fabric for enhanced durability.
- **Protection:** Water repellent, breathable, and UV resistant to shield against sun, snow, dust, dirt, tree sap, and other corrosive elements.
- **Winter Conditions:** Specifically designed to protect the caravan during winter.
- **Fit:** Features an elasticized hem for a snug fit.
- **Access:** Equipped with two zippers on the left side for convenient entry and exit.
- **Storage:** Includes a storage bag and tie-down straps for easy storage and secure fitting.

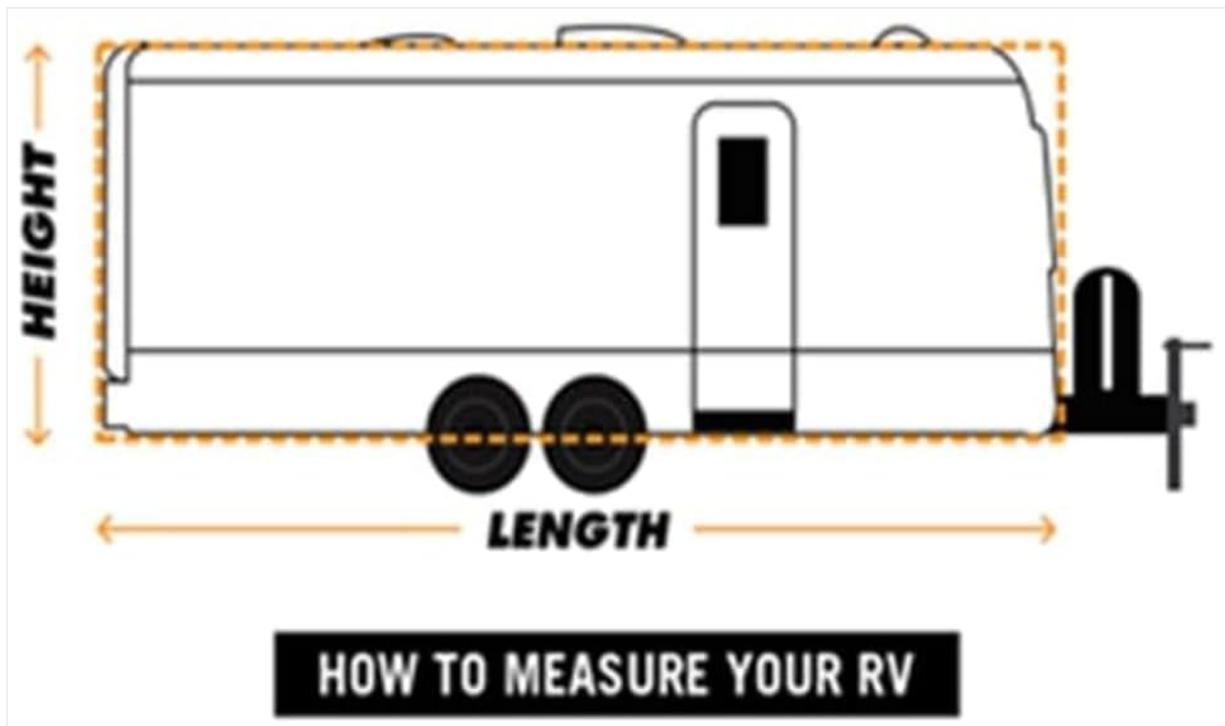

## 3. SIZING GUIDE

---

To ensure the correct fit for your caravan, accurate measurements are crucial. Please follow these steps:

1. **Length Measurement:** Measure the caravan's length from the longest two points. This should include any spare tires, bumpers, and ladders, but exclude the hitch.
2. **Height Measurement:** Measure the height from the ground to the roofline of your caravan.
3. **Size Selection:** If your caravan's length falls between two available cover sizes, always choose the larger size to ensure the best possible fit and coverage.

This specific cover (Model S) is suitable for caravans with a length between 14 feet and 17 feet.

**Image:** Diagram illustrating the correct method to measure your RV for cover sizing, indicating length from bumper to bumper (excluding hitch) and height from ground to roofline.

## 4. SETUP AND INSTALLATION

---

Follow these steps to properly install the caravan cover:

1. **Prepare Caravan:** Ensure your caravan is clean and dry before applying the cover. Remove any sharp objects or protrusions that could tear the fabric.
2. **Unpack Cover:** Carefully remove the cover from its storage bag and unroll it.
3. **Identify Orientation:** Determine the front and rear of the cover. The zippers are located on the left side of the cover, which typically corresponds to the driver's side of the caravan.
4. **Drape Over Caravan:** Starting from one end (preferably the front), carefully drape the cover over the top of the caravan, pulling it down evenly on all sides.
5. **Adjust for Fit:** Adjust the cover to ensure it sits snugly and evenly over the entire caravan, utilizing the elasticized hem for a tight fit.
6. **Secure Straps:** Use the provided tie-down straps to secure the cover underneath the caravan. Fasten the buckles and tighten the straps to prevent the cover from shifting or blowing off in windy conditions.
7. **Utilize Zippers:** The two zippers on the left side allow for easy access to the caravan door without removing the entire cover.

**Image:** A caravan fully covered by the gray protective cover, demonstrating a complete and secure installation.

**Image:** Detail of a tie-down strap and buckle, essential for securing the cover against wind.

**Image:** Close-up view of one of the two zippers on the left side of the caravan cover, providing access.

## 5. OPERATING (USAGE)

---

Once installed, the caravan cover provides continuous protection.

- **Protection:** The cover shields your caravan from sun, UV rays, rain, snow, dust, dirt, tree sap, and other environmental contaminants.
- **Access:** Use the integrated zippers on the left side to access the caravan door without needing to remove the entire cover. This is particularly useful for quick entry or ventilation.
- **Ventilation:** The breathable fabric helps prevent moisture buildup and mildew formation underneath the cover.

## 6. MAINTENANCE

---

Proper maintenance will extend the life of your caravan cover.

- **Cleaning:** Clean the cover periodically with mild soap and water. Use a soft brush or sponge to gently scrub away dirt and grime. Rinse thoroughly with clean water.
- **Drying:** Allow the cover to air dry completely before folding and storing it. Do not machine wash or tumble dry.

- **Storage:** When not in use, fold the dry cover neatly and store it in the provided storage bag in a cool, dry place away from direct sunlight.
- **Inspection:** Regularly inspect the cover for any signs of wear, tears, or damage. Promptly repair small tears to prevent them from enlarging.

**Image:** The caravan cover rolled and ready for storage, demonstrating proper handling for longevity.

**Image:** The caravan cover neatly packed into its accompanying drawstring storage bag.

## 7. TROUBLESHOOTING

---

- **Cover Does Not Fit:**

Ensure you have measured your caravan accurately according to the sizing guide. If your caravan's length is at the upper limit of the cover's range, or if it falls between sizes, consider purchasing the next larger size for a better fit.

- **Cover Blows Off in Wind:**

Verify that all tie-down straps are securely fastened and tightened underneath the caravan. Ensure the elasticized hem is properly positioned around the base of the caravan. Extreme winds may require additional

securing methods (not provided).

- **Water Accumulation on Cover:**

While the cover is water repellent, prolonged pooling of water can occur if the cover is not taut or if there are depressions. Ensure the cover is stretched evenly and securely over the caravan to allow for proper water runoff.

- **Mildew or Mold Growth:**

Although the cover is breathable, mildew can form in consistently damp conditions. Ensure the caravan is completely dry before covering it. Periodically remove the cover to allow the caravan and cover to air out, especially in humid environments.

## 8. SPECIFICATIONS

---

<b>Model</b>	S
<b>Material</b>	100% Polypropylene (3-layer spun-bond fabric)
<b>Color</b>	Gray
<b>Dimensions (L x W x H)</b>	203.9" x 90.6" x 86.6" (518 cm x 230 cm x 220 cm)
