4. SETUP AND ASSEMBLY INSTRUCTIONS

Assembly is required for this product. Each part is numbered, and detailed graphic instructions are included in the package to guide you through each step. It is recommended to have a second person assist with lifting and positioning larger components.

1. **Unpack and Organize:** Carefully unpack all components and lay them out on a clean, soft surface to prevent scratches. Group similar parts and hardware.
2. **Follow Step-by-Step Guide:** Refer to the provided instruction manual for a sequential assembly process. Ensure all connections are secure before proceeding to the next step.
3. **Drawer Assembly:** Assemble the two deep drawers. The large drawer measures 11.3"D x 24.4"W x 4.5"H, and the small drawer measures 11.3"D x 11.3"W x 4.5"H. Ensure drawer slides are installed correctly for smooth operation.

5. OPERATING INSTRUCTIONS

The BOTLOG Kitchen Pantry Cabinet is designed for versatile storage in your kitchen or dining area.

7. TROUBLESHOOTING

Door Alignment Issues

If the cabinet doors appear crooked or do not close properly, the adjustable hinges can be used to correct the alignment.

- **Adjusting Inward/Outward:** Use screw 1 on the hinge to adjust the door's depth, moving it inward or outward to prevent it from protruding.
- **Adjusting Left/Right:** Use screw 2 on the hinge to adjust the door's horizontal position, moving it left or right to eliminate wide gaps between doors.

Drawers Not Sliding Smoothly

- Verify that the drawer slides are correctly installed and aligned.
- Check if the drawer is overloaded, which can impede smooth movement.
