## SAFETY INFORMATION

---

- **Anti-Tipping Kit:** For your safety, it is crucial to install the included anti-tipping kit. This prevents accidental tipping of the dresser, especially in households with children or pets. Follow the specific instructions provided with the kit.
- **Weight Limits:** Do not exceed the maximum weight capacity for each drawer (30 lbs) or the dresser top surface (130 lbs). Overloading can compromise stability and structural integrity.
- **Assembly:** Assemble the dresser on a soft, clean surface to prevent scratches. Ensure all hardware is securely tightened before use.

## PACKAGE CONTENTS

---

Before assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Dresser Panels (Top, Bottom, Sides, Back)
- Drawer Components (Fronts, Sides, Backs, Bottoms)

- Hardware Pack (Screws, dowels, cam locks, drawer slides, handles, anti-tipping kit)
- Installation Manual

## ASSEMBLY INSTRUCTIONS

The Mixcous 7-Drawer Dresser features an intuitive assembly system with pre-sorted components. For detailed step-by-step instructions, refer to the included installation manual. QR-accessible video tutorials are also available for visual guidance.

### 1. Step 1: Prepare Panels

Lay out the top, bottom, and side panels. Attach any pre-assembly hardware as indicated in the manual.

### 2. Step 2: Assemble Frame

Connect the main frame components using the provided hardware. Ensure all connections are secure and aligned.

### 3. Step 3: Attach Back Panel and Legs

Secure the back panel to the dresser frame. Attach the solid wood legs to the base of the dresser.

### 4. Step 4: Assemble and Insert Drawers

Assemble each of the seven drawers according to the instructions. Install the drawer slides onto both the dresser frame and the drawers. Carefully insert the assembled drawers into their respective slots.

### 5. Step 5: Install Anti-Tipping Kit

Follow the separate instructions for installing the anti-tipping kit to a wall stud. This step is critical for safety.

## OPERATION AND USAGE

The Mixcous 7-Drawer Dresser is designed for versatile storage and display. Its seven drawers offer ample space for organizing various items.

- **Drawer Functionality:** Each drawer is equipped with smooth-gliding slides for easy opening and closing. The dresser features seven drawers of uniform depth but graduated widths (14.4"-21.7") to accommodate different items.
- **Storage Capacity:** Utilize the drawers for clothing, linens, accessories, or other personal items. The varied drawer sizes allow for flexible organization.

- **Top Surface Use:** The wide top surface (47.24"W x 15.55"D) can be used to display decorative items, lamps, or smart home devices. It is also suitable for use as a TV stand for televisions up to 65 inches, provided the weight limit is not exceeded.

## CARE AND MAINTENANCE

---

Proper care will ensure the longevity and appearance of your Mixcous dresser.

- **Cleaning:** Wipe the dresser surfaces with a dry, soft cloth. Avoid using wet cloths or abrasive cleaners, as these can damage the finish.
- **Spills:** Immediately wipe up any spills with a dry cloth to prevent staining or damage to the engineered wood.
- **Sunlight:** Avoid placing the dresser in direct sunlight for prolonged periods, as this can cause fading or discoloration.
- **Humidity:** Maintain a stable room temperature and humidity level to prevent warping or cracking of the wood material.

## TROUBLESHOOTING

---

If you encounter any issues with your dresser, consider the following:

- **Missing or Damaged Parts:** If you find any parts missing or damaged upon unboxing, do not proceed with assembly. Contact customer support immediately for assistance.
- **Drawer Not Sliding Smoothly:** Ensure that the drawer slides are correctly installed and aligned on both the drawer and the dresser frame. Check for any obstructions in the tracks.
- **Dresser Instability:** Verify that all assembly hardware is securely tightened. Ensure the dresser is placed on a level surface. Confirm the anti-tipping kit is properly installed.
