## 5. MAINTENANCE

### 5.1 Cleaning

Clean your Melt 2 thoroughly after each use. As the device is waterproof (IPX7), it can be rinsed under warm running water with a mild soap or a specialized toy cleaner. Ensure all residue is removed. Do not use cleaners containing alcohol, petroleum, or acetone, as these can damage the silicone.

# Waterproof

Melt 2 is waterproof (IPX7), making it safe in the shower and simple to clean.

## 5.2 Storage

Store your Melt 2 in a clean, dry place away from direct sunlight and extreme temperatures. Keep it separate from other toys made of different materials to prevent potential damage or reactions.

## 6. TROUBLESHOOTING

- **Device not turning on:** Ensure the device is fully charged. If the issue persists, try connecting it to a different USB power source.
- **No or weak stimulation:** Verify the device is fully charged. Ensure the Pleasure Air stimulator head is in full contact with the skin. Adjust intensity levels using the '+' button or the app.
- **App connectivity issues:** Make sure Bluetooth is enabled on your smartphone and the Melt 2 is powered on and within range. Try restarting both the device and the app.
- **Unusual noise:** While the device is designed for quiet operation, if you notice excessive or unusual noise, ensure it is clean and free of debris. If the noise persists, contact customer support.
