## 2. IMPORTANT SAFETY INFORMATION

---

**WARNING: Failure to follow these safety instructions may result in fire, electric shock, injury, or damage to the product or property.**

- Read all instructions before using the appliance.
- Keep the appliance out of reach of children. Close supervision is necessary when any appliance is used near children.
- Do not immerse the cord, plug, or the appliance itself in water or other liquids.
- Use the appliance only on a stable, flat, heat-resistant surface.
- Unplug from the outlet when not in use and before cleaning. Allow to cool before putting on or taking off parts, and before cleaning the appliance.
- Do not operate any appliance with a damaged cord or plug, or after the appliance malfunctions or has been damaged in any manner. Contact customer support for assistance.
- Always check the temperature of the warmed milk or food before feeding to a baby.
- Do not use accessories or attachments not recommended by the manufacturer.
- This appliance is for household use only. Do not use outdoors.

## 3. PACKAGE CONTENTS

---

Please check the package for the following items:

- Papablic NutriWarm™ Swirlable Bottle Warmer Unit
- Bottle Basket
- Lid
- Instruction Manual

## 4. PRODUCT FEATURES

---

The Papablic NutriWarm™ Swirlable Bottle Warmer incorporates several features designed for optimal milk warming and convenience:

- **Advanced NutriWarm Technology:** Utilizes gentle water-bath heating combined with a swirling motion to warm milk evenly and preserve essential nutrients. This prevents overheating and hot spots.
- **Precise Temperature Control:** Offers adjustable time control and three distinct warming modes (Nutri, Quick, Keep) to achieve the desired milk temperature accurately.
- **Fast Warming:** Capable of warming breastmilk in approximately 3 minutes 30 seconds and formula milk in about 2 minutes 30 seconds (based on 4oz refrigerated milk).
- **Easy to Use:** Features a one-click start function and smart memory to recall preferred settings, simplifying the warming process.
- **9-in-1 Wide Compatibility:** Beyond warming, this versatile device can sterilize bottles, thaw frozen milk, heat baby food, and includes a swirl-only mode. It is compatible with most baby bottles and food jars.

# PapabliC

PapabliC - a brand founded by a cool dad- is suggesting another daddy image: tough (cool) guy dads with diapers and baby bottles.

Our founder Song started PapabliC with the idea of creating products that save time and liberate parents, so that moms and dads can have time to be themselves, being a parent can be nothing but cool and exuberant.

PapabliC is dedicated in building a liberating vibe for liberated parents.

## 5. SETUP

1. **Unpack:** Carefully remove all components from the packaging.
2. **Clean:** Before first use, clean the bottle basket and lid with warm soapy water. Wipe the main unit with a damp cloth. Do not immerse the main unit in water.

3. **Placement:** Place the warmer on a stable, flat, and heat-resistant surface, away from direct sunlight or heat sources.
4. **Power Connection:** Plug the power cord into a suitable electrical outlet. The display will illuminate.

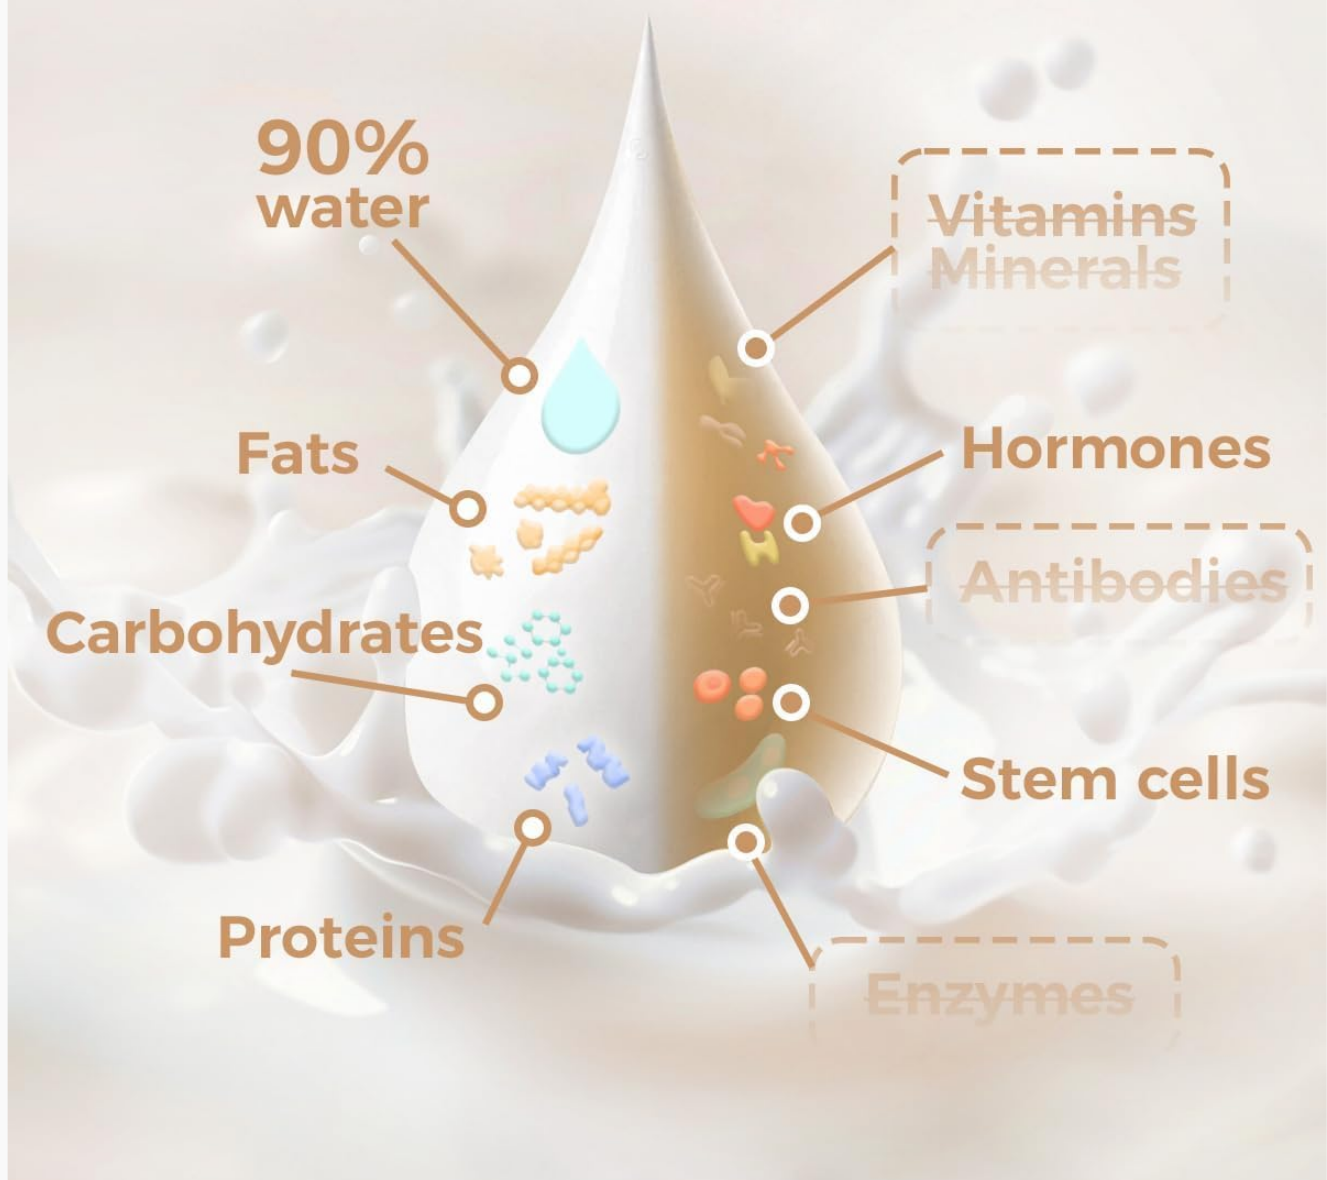

## 6. OPERATING INSTRUCTIONS

The Papablic NutriWarm™ offers multiple modes for various warming needs.

### 6.1 Control Panel Overview

# Still Concerned About Hot-spots in Breastmilk?

Hot-spots in breastmilk can destroy essential nutrients.

*Image: The digital control panel of the bottle warmer, displaying various function buttons and settings.*

- **Power Button:** Turns the unit on/off.
- **Mode Buttons (Nutri, Quick, Keep):** Selects the desired warming mode.
- **Bottle Material Buttons (Glass, Plastic, Silicone):** Adjusts heating based on bottle material.
- **Bottle Size Buttons (2-4oz, 5-6oz, 7-8oz):** Adjusts heating based on milk volume.
- **+/- Buttons:** Adjusts time or temperature settings.

## 6.2 Warming Milk (Nutri, Quick, Keep Modes)

1. Place the bottle containing milk into the bottle basket, then place the basket into the warmer. Ensure the water level is appropriate for the bottle size.
2. Select the desired warming mode:
  - **Nutri Mode:** Ideal for breastmilk, uses a gentle water bath and swirling to preserve nutrients.
  - **Quick Mode:** For faster warming of formula or breastmilk when time is critical.
  - **Keep Mode:** Maintains milk at a warm temperature for an extended period.
3. Select the bottle material (Glass, Plastic, Silicone) and bottle size (2-4oz, 5-6oz, 7-8oz) using the respective buttons.
4. Adjust the warming time or target temperature using the +/- buttons if needed. The smart memory function will remember your last settings.
5. Press the Power button to start warming. The display will show the remaining time or current temperature.
6. Once warming is complete, the warmer will beep. Carefully remove the bottle using the basket handle.
7. Always shake the bottle gently and test the milk temperature on your wrist before feeding.

# Time-Saving Warming

### 6.3 Other Functions (Sterilize, Thaw, Food Heating, Swirl-Only)

The Papablic NutriWarm™ is a multi-functional device:

- **Sterilize:** Use this mode to sterilize bottles and accessories. Refer to the specific instructions on the control panel for time and water requirements.
- **Thaw:** Gently thaws frozen breastmilk or baby food.
- **Food Heating:** Warms baby food jars to a suitable temperature.

- **Swirl-Only Mode:** Activates the swirling mechanism without heat, useful for mixing formula without creating bubbles.

*Image: Visual guide to the various functions including Nutri Warm, Keep Warm, Sterilize, and Thaw.*

## 7. CLEANING AND MAINTENANCE

---

Regular cleaning ensures optimal performance and hygiene.

1. **Unplug:** Always unplug the warmer from the power outlet and allow it to cool completely before cleaning.
2. **Main Unit:** Wipe the exterior of the main unit with a damp cloth. Do not use abrasive cleaners or immerse the unit in water.
3. **Bottle Basket & Lid:** Wash the bottle basket and lid in warm soapy water, then rinse thoroughly and air dry. These parts are typically dishwasher safe (top rack only), but refer to product packaging for confirmation.
4. **Descaling:** Over time, mineral deposits (limescale) may build up in the water reservoir. To descale, mix 100ml of white vinegar with 200ml of cold water and pour into the reservoir. Let it stand for 30 minutes, then pour out the solution. Rinse the reservoir thoroughly with clean water. Repeat if necessary.
5. **Storage:** Store the clean and dry warmer in a cool, dry place when not in use.

## 8. TROUBLESHOOTING

---

If you encounter issues with your Papablic NutriWarm™, refer to the following table:

Problem	Possible Cause	Solution
Warmer does not turn on.	Not plugged in; power outlet malfunction; unit malfunction.	Ensure power cord is securely plugged in. Test outlet with another appliance. Contact customer support if issue persists.
Milk is not warming.	Insufficient water in reservoir; incorrect settings; unit malfunction.	Ensure adequate water level. Check mode, bottle material, and size settings. Contact customer support if issue persists.
Warming takes too long.	Incorrect mode selected; excessive milk volume; limescale buildup.	Select 'Quick' mode for faster warming. Ensure bottle size setting matches volume. Descale the unit regularly.
Milk is too hot/cold.	Incorrect temperature/time settings; bottle material/size mismatch.	Adjust temperature/time settings. Ensure correct bottle material and size are selected. Always test milk temperature before feeding.
Swirling function not working.	Obstruction; unit malfunction.	Ensure no foreign objects are obstructing the swirling mechanism. Contact customer support if issue persists.

## 9. SPECIFICATIONS

- **Model:** B0FBWTY7B6
- **Brand:** Papablic
- **Package Dimensions:** 8.39 x 6.58 x 6.46 inches
- **Item Weight:** 2.48 Pounds
- **Manufacturer:** Papablic
- **Power:** (Typically 120V, 60Hz for US, specific wattage not provided in JSON)

## 10. WARRANTY AND SUPPORT

Papablic products are manufactured with quality and reliability in mind. For specific warranty information regarding your NutriWarm™ Swirlable Bottle Warmer, please refer to the warranty card included with your purchase or visit the official Papablic website. If you require technical assistance, have questions about operation, or need to report a defect, please contact Papablic customer support:

- **Website:** Papablic Official Store
- **Email:** (Refer to product packaging or official website)
- **Phone:** (Refer to product packaging or official website)

Please have your model number (B0FBWTY7B6) and purchase date ready when contacting support.
