EsengNoyi Buckle 533

EsengNoyi Men's Black PU Leather Belt (Buckle 533) Instruction Manual

Model: Buckle 533

INTRODUCTION

This instruction manual provides essential information for the proper use, adjustment, and care of your EsengNoyi Men's Black PU Leather Belt. Please read these instructions carefully to ensure optimal performance and longevity of your belt.

PRODUCT OVERVIEW

Image: The EsengNoyi Men's Black PU Leather Belt, featuring a black strap and a matching black alloy buckle.

The EsengNoyi Men's Black PU Leather Belt is designed for versatility, suitable for both casual and office wear. Key features include:

- **Material:** Constructed from glossy faux leather, offering a soft touch and comfortable wear.
- **Width:** The belt strap measures 1.4 inches wide.

- **Buckle:** Features a detachable alloy buckle (Model 533) with an irregular texture, available in black or silver/black finishes.
- **Adjustability:** Equipped with 7 pre-punched holes and can be further adjusted by trimming the strap.

SIZING AND FIT

To ensure the best fit, please measure your waist before ordering. The belt is available in multiple sizes to accommodate waist measurements from 29 inches to 43 inches.

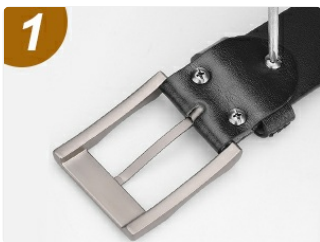

Image: A size chart illustrating total belt length and corresponding waist sizes. For example, a total length of 37 inches fits a 29"-31" waist, 41 inches for 32"-35" waist, 45 inches for 36"-39" waist, and 49 inches for 40"-43" waist.

Refer to the size chart to select the appropriate belt length for your waist size. If your size falls between two options, consider the larger size for potential trimming.

ADJUSTMENT INSTRUCTIONS

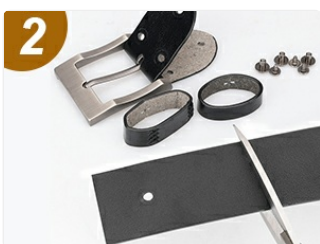

Your EsengNoyi belt can be easily adjusted by trimming the strap to achieve a custom fit. A hole punch and screwdriver are typically included for this purpose.

1. Step 1: Detach the Buckle

Use the provided screwdriver to loosen and remove the screws securing the buckle to the belt strap. Carefully detach the buckle assembly from the strap.

2. Step 2: Measure and Trim

Wrap the belt around your waist to determine the excess length. Mark the desired cutting point on the strap, ensuring enough length remains to reattach the buckle. Use sharp scissors to trim the excess material from the buckle end of the strap.

3. Step 3: Punch New Holes (if necessary)

If you trimmed the strap significantly and need to create new holes for the buckle's attachment mechanism, use the provided hole punch. Align the punch carefully and apply firm pressure to create the necessary holes.

4. Step 4: Reattach the Buckle

Align the buckle assembly with the newly trimmed end of the strap and secure it using the screws and screwdriver. Ensure the buckle is firmly attached before wearing.

CARE AND MAINTENANCE

To maintain the appearance and extend the life of your EsengNoyi belt, follow these care instructions:

- **Cleaning:** Use a dry cloth to clean the belt. Avoid using harsh chemicals or abrasive cleaners.
- **Storage:** Store the belt in a cool, dry place away from direct sunlight and extreme temperatures.
- **Avoid Moisture:** Protect the belt from excessive moisture to prevent damage to the PU leather.

USAGE SCENARIOS

This versatile belt is suitable for various occasions:

- **Office Wear:** Complements dress pants and professional attire.
- **Casual Wear:** Pairs well with jeans and everyday outfits.
- **Golf Attire:** An appropriate accessory for golf outfits.
