4. OPERATING AND USAGE GUIDELINES

The vidaXL sofa is designed for indoor use only. To ensure longevity and safety, please adhere to the following guidelines:

- **Seating Capacity:** The sofa is designed for a maximum of 3 people.
- **Weight Limit:** Do not exceed the maximum weight capacity of 110 kg per seat or 330 kg total.
- **Placement:** Place the sofa on a flat, stable surface. Avoid placing it near direct heat sources or in direct sunlight for prolonged periods, as this may affect the fabric and wood.
- **Movement:** When moving the sofa, lift it rather than dragging it to prevent damage to the legs and frame.
- **Children and Pets:** Supervise children and pets around the sofa to prevent damage or injury.

5. MAINTENANCE AND CARE

Proper maintenance will extend the life and appearance of your vidaXL sofa. The Textilene fabric is stain-resistant, making it easy to maintain.

5.1 Regular Cleaning

- **Dusting:** Regularly vacuum the sofa using an upholstery attachment to remove dust and loose debris.
- **Spot Cleaning:** For spills, immediately blot the area with a clean, dry cloth. For stubborn stains, use a mild soap solution and a damp cloth, then blot dry. Test any cleaning solution on an inconspicuous area first.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, bleach, or strong chemical solvents, as these can damage the fabric and finish.

5.2 General Care

- **Sunlight Exposure:** Prolonged exposure to direct sunlight can cause fading. Consider rotating cushions or using

window coverings to minimize exposure.

- **Sharp Objects:** Avoid placing sharp objects on the sofa that could puncture or tear the fabric.
- **Pet Care:** If you have pets, consider using a protective cover to prevent scratches and pet hair accumulation.

6. TROUBLESHOOTING
