Kircuit AC/DC Adapter for Proscenic P16

Kircuit AC/DC Adapter Instruction Manual

Compatible with Proscenic P16 P-16 Cordless Stick Vacuum Cleaner

INTRODUCTION

This manual provides essential information for the safe and effective use of your Kircuit AC/DC Adapter. This adapter is designed to convert AC power from an electrical outlet into the DC power required by your compatible device, specifically the Proscenic P16 P-16 cordless stick vacuum cleaner's 29.6V 2200mAh Li-ion battery (Model D01BAT).

Please read these instructions carefully before using the adapter to ensure proper function and to prevent damage to the product or your device.

Safety Information

- Ensure the adapter is used with compatible devices only. Refer to the specifications section for compatibility details.
- Do not expose the adapter to water, moisture, or extreme temperatures.
- Avoid dropping or subjecting the adapter to strong impacts.
- Do not attempt to open or modify the adapter. This may void the warranty and pose a safety risk.
- Unplug the adapter from the power outlet when not in use or during electrical storms.
- Keep out of reach of children.

SETUP

Follow these steps to set up your Kircuit AC/DC Adapter:

1. **Inspect the Adapter:** Before first use, visually inspect the adapter and its cable for any signs of damage. Do not use if damaged.
2. **Connect to Power Outlet:** Plug the AC plug of the adapter into a standard electrical wall outlet (100-240VAC, 50/60Hz).
3. **Connect to Device:** Insert the barrel connector of the adapter cable firmly into the charging port of your Proscenic P16 vacuum cleaner.

OPERATING INSTRUCTIONS

Once connected, the adapter will begin to supply power to your device. If your device has a charging indicator, observe it to confirm charging is active.

- The adapter is designed for continuous use to power your device or charge its battery.
- **Important Note:** The 29.6V specification refers to the vacuum cleaner's battery voltage, not the charger's output voltage. The adapter is specifically designed to provide the correct charging voltage and current for the Proscenic P16 battery.
- Always ensure the adapter is securely plugged into both the wall outlet and the device.

MAINTENANCE

Proper maintenance ensures the longevity and safe operation of your adapter.

- **Cleaning:** Disconnect the adapter from all power sources before cleaning. Use a soft, dry cloth to wipe the exterior. Do not use liquid cleaners or solvents.
- **Storage:** Store the adapter in a cool, dry place away from direct sunlight and extreme temperatures when not in use. Avoid tightly coiling the cable to prevent damage.
- **Cable Care:** Do not bend, twist, or pull the cable excessively. Avoid placing heavy objects on the cable.
- **Battery Lifespan:** Rechargeable batteries have a finite lifespan, typically 1 to 3 years. If your device's battery is old or degraded, it may not accept a charge, which is a battery issue, not an adapter malfunction.

TROUBLESHOOTING

If you encounter issues with your Kircuit AC/DC Adapter, consider the following:

- **Device Not Charging:**
 - Ensure the adapter is securely plugged into both the wall outlet and the device's charging port.

- Verify the wall outlet is functional by plugging in another device.
- Check the adapter cable and connector for any visible damage.
- Confirm that your device's battery is not at the end of its lifespan (refer to Maintenance section).
- **Adapter Overheating:** It is normal for adapters to become slightly warm during operation. However, if the adapter becomes excessively hot to the touch or emits a burning smell, immediately unplug it from the wall outlet and discontinue use. Contact support if this occurs.

SPECIFICATIONS

Feature	Detail
Brand	Kircuit
Input Voltage	100-240VAC, 50/60Hz (World Wide Input Voltage)
Output Protection	OVP (Over Voltage Protection), OCP (Over Current Protection), SCP (Short Circuit Protection)
Compatible Devices	Proscenic P16 P-16 29.6V 2200mAh 65.12Wh Li-ion Battery D01BAT (P16) 8INR19/66 Cordless Stick Vacuum Cleaner
Connector Type	Barrel Connector
Power Source	Corded Electric
Color	Black
Manufacturer	Shenzhen Waweis Technology Co., Ltd
