Overview of the VANBAR 6.86-inch Portable Display Audio System, highlighting its key features such as CarPlay, Android Auto, built-in speaker, wireless mirroring, Bluetooth, FM transmission, sound adjustment, backup camera support, easy installation, and broad vehicle compatibility.

## 2. SAFETY INFORMATION

Please read all safety instructions carefully before using the product. Failure to follow these instructions may result in injury or damage to the device or vehicle.

- Do not operate the device in a way that distracts you from driving. Always prioritize road safety.
- Ensure the device is securely mounted to prevent it from becoming a projectile during sudden stops or accidents.
- Avoid exposing the device to extreme temperatures, direct sunlight for prolonged periods, or high humidity.
- Do not attempt to disassemble or modify the device. This may void the warranty and pose a safety risk.
- Keep the device away from water and other liquids.

## 3. PACKAGE CONTENTS

Please check that all items are present in the package. If any items are missing or damaged, please contact

customer support.

- VANBAR 6.86-inch Portable Display Audio System
- Power Cable
- Mounting Bracket
- User Manual
- Other accessories (e.g., AUX cable, if included)

## 4. PRODUCT OVERVIEW

The VANBAR 6.86-inch Portable Display Audio System features a high-definition touch panel, built-in speaker, and multiple connectivity options. Its compact design allows for easy installation and removal.

## 5. SETUP & INSTALLATION

### 5.1 Mounting the Device

The device is designed for easy, one-touch installation and removal, making it convenient for theft prevention when parked. Its versatile design allows it to be mounted in various vehicle types, from light cars to sedans, without obstructing your view.

## 取り付け簡単、視界を妨げません。

- ✓ 1. 6.86インチで視界を妨げません。
- ✓ 2. 内蔵スピーカーで音響効果を調整可能
- ✓ 3. ベースは360°回転し、取り外し可能です。
- ✓ 4. 簡単なインストールと素早い起動

- ✗ 1. サイズが大きすぎて死角がある
- ✗ 2. 外部では音を鳴らすことはできません。
- ✗ 3. ベースは固定されており、分解できません。
- ✗ 4. インストールが複雑で起動が遅い

### 5.2 Power Connection

Connect the power cable to your vehicle's power source according to the included wiring diagram. Ensure a secure connection before use. The device will power on automatically when the vehicle starts.

### 5.3 Audio Output Options

The system offers multiple audio output methods to integrate with your vehicle's sound system:

- **Built-in Speaker:** For direct audio playback from the unit.
- **AUX Output:** Connect via an AUX cable to your car's AUX input for high-quality audio transmission.
- **FM Transmitter:** Transmit audio wirelessly to your car's FM radio by tuning to a matching frequency.
- **Bluetooth:** Connect wirelessly to your car's Bluetooth system for audio playback and calls.

### 6.3 Audio Settings

Utilize the built-in equalizer function to fine-tune bass and treble, customizing the sound to your preference. The 360-degree stereo surround sound technology transforms your car interior into an immersive audio space.

### 6.4 Rear Camera Functionality

The system supports a rear camera (sold separately) for parking assistance. When reversing, the display automatically shows the rear camera feed with adjustable guide lines. The camera features 1280\*720P high resolution, IP67 waterproofing, and a 170-degree ultra-wide angle with super night vision. **Note: The rear camera does not support recording.**

## 7. MAINTENANCE

To ensure optimal performance and longevity of your display audio system, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the screen and exterior. Avoid abrasive cleaners or solvents.
- **Temperature:** Avoid exposing the device to extreme temperatures, direct sunlight for prolonged periods, or high humidity.
- **Storage:** If removing the device for storage, keep it in a cool, dry place.

## 8. TROUBLESHOOTING

If you encounter issues with your VANBAR Portable Display Audio System, refer to the following common solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

No power	Loose power connection, vehicle's power outlet issue.	Check all power cable connections. Ensure the vehicle's power outlet is functioning.
No sound	Incorrect audio output setting, low volume.	Verify the selected audio output (Built-in, AUX, FM, Bluetooth). Increase volume on both the device and your car stereo.
CarPlay/Android Auto not connecting	Bluetooth/Wi-Fi issues, phone compatibility.	Ensure Bluetooth and Wi-Fi are enabled on your phone. Restart both the device and your phone. Check phone compatibility.
Screen unresponsive	Temporary software glitch.	Restart the device. If the issue persists, contact customer support.
