2.2 Device Layout

Familiarize yourself with the physical components of your Blade10 Pro smartphone:

- **Front Camera:** Located at the top center of the display.
- **Receiver:** Earpiece for calls.
- **Volume Buttons:** On the left side for adjusting audio levels.
- **Power Key:** On the right side for turning the device on/off and screen lock.
- **Custom Key Function:** A programmable button on the left side.
- **SIM/TF Card Slot:** On the left side for inserting SIM and memory cards.
- **Rear Cameras:** Multiple lenses located on the back.
- **Rear Flashes:** LED lights for illumination.
- **Microphone:** Located at the bottom.
- **Type-C Port:** At the bottom for charging and data transfer.
- **Speaker:** Located at the bottom.

2.3 SIM Card and Storage Installation

The Blade10 Pro supports dual Nano SIM cards and a TF (microSD) card for expandable storage up to 2TB. The triple card slot allows for flexible use of network and storage options.

1. Locate the SIM/TF card slot on the left side of the device.
2. Gently open the protective cover of the slot.
3. Insert your Nano SIM cards and/or TF card into the tray according to the diagram.
4. Carefully reinser the tray into the slot and ensure the protective cover is securely closed to maintain water and dust resistance.

3. OPERATING YOUR DOOGEE BLADE10 PRO

3.1 Display

The Blade10 Pro features a 6.56-inch HD+ IPS waterdrop screen with a 90Hz refresh rate, providing a smooth and immersive visual experience. With 400 nits of brightness, the display offers clear visibility in various lighting conditions.

3.5 Security Features

The device offers multiple security options, including Face ID for quick facial recognition unlock and a side-mounted fingerprint sensor for convenient and secure access.

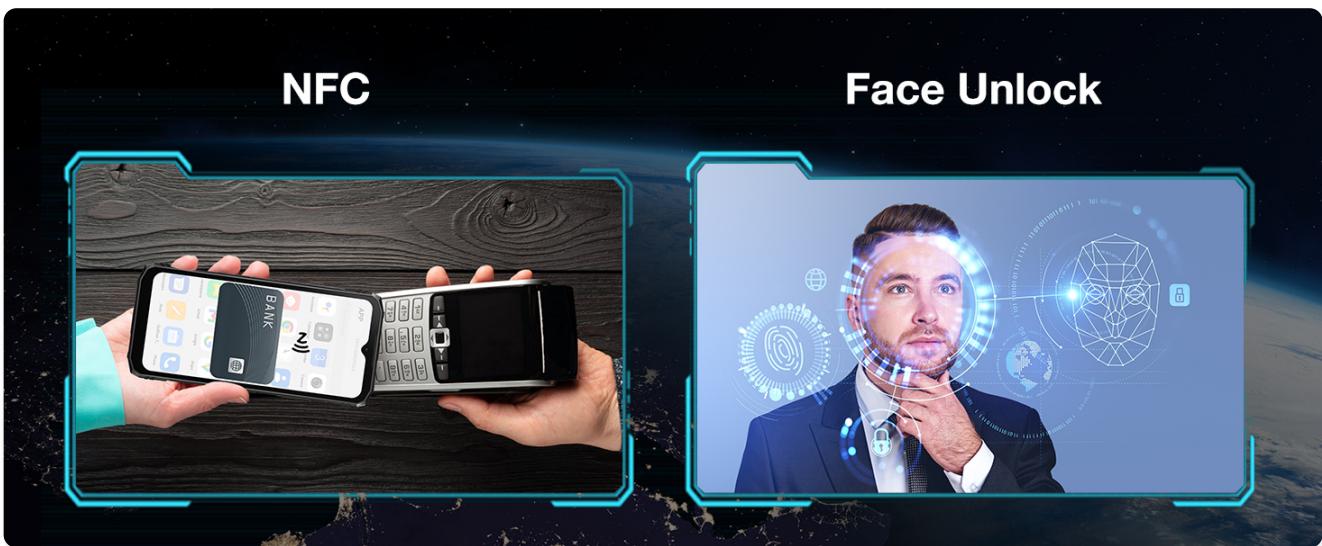

Figure 10: Features like NFC and Face Unlock for enhanced convenience and security.

3.6 Connectivity

The Blade10 Pro supports NFC for contactless payments and data transfer, dual-band Wi-Fi (2.4G/5G) for fast internet access, and built-in GPS for navigation.

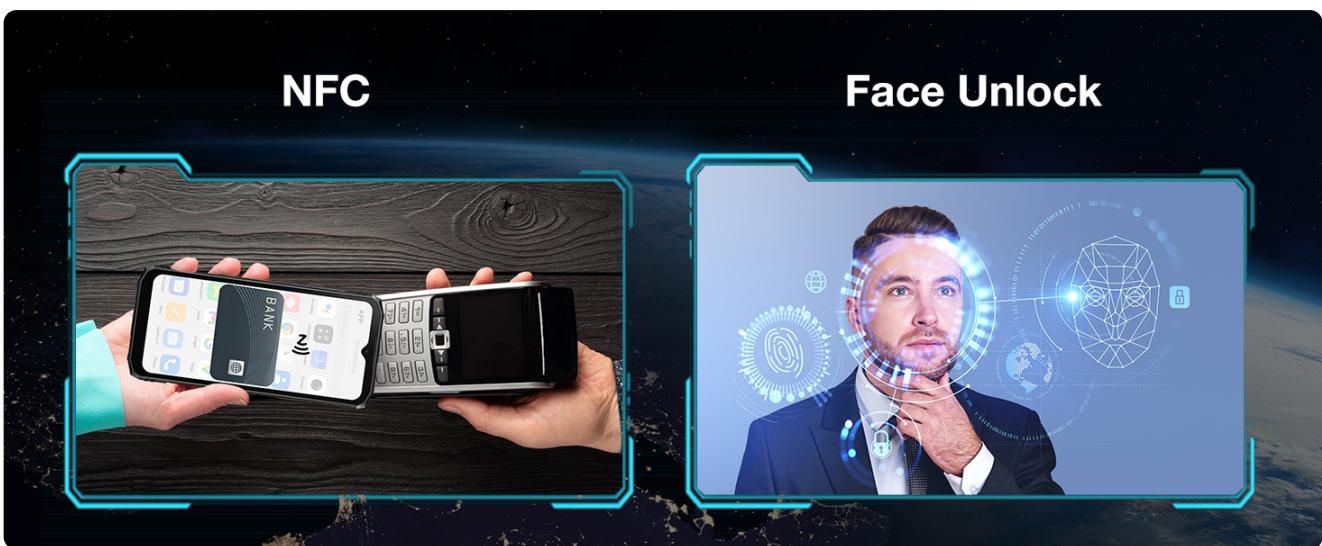

Figure 11: NFC functionality for quick and secure transactions.

4. MAINTENANCE

4.1 Cleaning Your Device

To clean your DOOGEE Blade10 Pro, use a soft, lint-free cloth. For stubborn dirt, you may dampen the cloth slightly with water. Avoid using harsh chemicals or abrasive materials, as these can damage the device's finish and protective coatings.

4.2 Ruggedness and Protection

The Blade10 Pro is designed to be highly durable, featuring IP68 and IP69K ratings for water and dust resistance, and MIL-STD-810H compliance for drop protection. This means the device can withstand immersion in water, exposure to dust, and drops from certain heights. Ensure all port covers are securely closed to maintain these protective features.

Figure 12: The DOOGEE Blade10 Pro is waterproof, dust-proof, and drop-proof, meeting IP68, IP69K, and MIL-STD-810H standards.

5. TROUBLESHOOTING

5.1 Network Connectivity Issues

If you experience issues with network connectivity, ensure your SIM card is correctly inserted and activated. Check your device's network settings to confirm that mobile data is enabled and that you are within network coverage. Verify that your local frequency bands are compatible with the device's supported bands: GSM:B2/3/5/8 WCDMA:B1/2/4/5/8 TDD:B34/38/39/40/41 FDD:B1/2/3/4/5/7/8/18/19/20/25/26/28AB/66.

5.2 Device Not Responding

If your device becomes unresponsive, press and hold the Power Key for approximately 10-15 seconds to force a restart. If the issue persists, ensure the battery is charged. Connect the device to its charger and allow it to charge for at least 30 minutes before attempting to power it on again.

5.3 App Performance Issues

For slow app performance or crashes, try clearing the cache of the problematic app through the device settings (Settings > Apps > [App Name] > Storage > Clear Cache). If the issue continues, consider uninstalling and reinstalling the app. Regularly restarting your device can also help improve overall app performance.

6. SPECIFICATIONS

Feature	Detail
Model Name	Blade10 Pro
Operating System	Android 15
CPU Speed	1.6 GHz (UNISOC T7200)
RAM Memory Installed Size	30 GB (6GB + 24GB extended)
