## VGR V-015, V-994

# VGR Professional Hair Clippers and Trimmers Set (Models V-015 & V-994) - Instruction Manual

Model Numbers: V-015, V-994

## 1. INTRODUCTION

---

This manual provides detailed instructions for the safe and effective use of your VGR Professional Hair Clippers and Trimmers Set, including models V-015 and V-994. Please read this manual thoroughly before first use and retain it for future reference.

## 2. SAFETY INFORMATION

---

### **Warning:**

Keep away from children. Use with caution near the face and neck.

- Do not immerse the device in water.
- Ensure the device is fully charged before use to prevent power loss during operation.
- Do not use if blades are damaged or bent.
- Always clean and oil blades after each use to maintain performance and hygiene.
- Store in a dry place.

## 3. PACKAGE CONTENTS

---

Your VGR Professional Hair Clippers and Trimmers Set includes the following items:

- 1x VGR-015 Hair Clipper
- 1x VGR-994 Hair Trimmer

## 4. PRODUCT OVERVIEW

The VGR Professional Hair Clippers and Trimmers Set includes two high-performance grooming tools:

### 4.1 VGR-015 Hair Clipper

The VGR-015 is designed for general hair cutting and features a powerful vector motor, DLC coated blades, and an adjustable taper lever for precise length control.

# 6 PCS MAGNETIC GUARDS

## 4.2 VGR-994 Hair Trimmer

The VGR-994 is ideal for detailed line-ups, crisp edges, and zero-gap trimming. It also features a high-performance vector motor and DLC T-blades.

Zero gap trimming and 3 different lengths of guide combs make it easy to carve the perfect hairstyle

Figure 4.3: Both VGR-015 Hair Clipper and VGR-994 Hair Trimmer on their respective charging docks.

## 5. SETUP

### 5.1 Charging the Device

1. Place the clipper (VGR-015) or trimmer (VGR-994) onto its respective charging dock.
2. Connect the USB charging cable to the charging dock and a suitable USB power adapter (not included).
3. The indicator light on the device or dock will illuminate to show charging status.
4. Charge the VGR-015 for approximately 120 minutes for a full charge, providing 120 minutes of cordless operation.
5. Charge the VGR-994 for approximately 150 minutes for a full charge, providing 150 minutes of continuous use.

### 5.2 Attaching Guide Combs/Trimming Guards

1. Ensure the device is turned off before attaching or detaching any accessories.
2. **For VGR-015 (Clipper):** Select the desired magnetic guide comb. Align the comb with the blade and firmly attach it until it clicks into place.
3. **For VGR-994 (Trimmer):** Select the desired trimming guard. Align the guard with the blade and slide it on until it is securely fastened.

4. To remove, gently pull the comb/guard away from the blade.

Figure 5.1: Illustration of attaching magnetic guide combs to the VGR-015 clipper.

### 5.3 Adjusting Taper Lever (VGR-015 only)

The VGR-015 clipper features an adjustable taper lever on the side. This lever allows for fine-tuning of cutting length between 0.8mm and 2mm without changing guide combs. Move the lever up for a shorter cut and down for a longer cut.

## 6. OPERATION

1. Ensure the device is fully charged and the desired guide comb or trimming guard is securely attached.
2. Press the power button to turn on the device.
3. For the VGR-015 clipper, adjust the taper lever to your desired cutting length.
4. Guide the clipper or trimmer over the desired area, moving against the natural direction of hair growth for an even cut.
5. Use smooth, overlapping strokes.
6. For detailed work with the VGR-994 trimmer, use the T-blade without a guard for sharp lines and edges.

## 7.3 Storage

Store the devices and all accessories in the provided travel case in a cool, dry place when not in use.

## 8. TROUBLESHOOTING

Problem	Possible Cause	Solution
Device not turning on	Low battery; Device not charged	Charge the device fully. Ensure charging cable and dock are properly connected.
Poor cutting performance / Snagging hair	Blades are dull or dirty; Insufficient lubrication; Hair buildup	Clean blades thoroughly with the brush. Apply lubricating oil. Ensure blades are free of debris.
Device making unusual noise	Blades not properly aligned; Foreign object in blades	Turn off and inspect blades for any obstructions. Ensure blades are securely attached.
Short battery life	Battery not fully charged; Old battery	Ensure device is charged for the recommended duration. Battery life may decrease over time with repeated charging cycles.
