JCLOUD OV10-White

JCLOUD Smart Scent Air Machine 1000ML User Manual

Model: OV10-White | Brand: JCLOUD

1. INTRODUCTION

The JCLOUD Smart Scent Air Machine 1000ML is an advanced, waterless cold air diffuser designed to provide consistent and long-lasting fragrance coverage for large areas, up to 4500 square feet. This upgraded 2024 model utilizes cold air technology to disperse essential oils into dry mist microparticles, ensuring a pure and mess-free scent experience. It is suitable for both residential and commercial environments.

2. UNIQUE FEATURES

This JCLOUD scent machine offers several key features for an enhanced aromatherapy experience:

- **Whole House and Commercial Scenting:** Ensures consistent, long-lasting fragrance coverage throughout your entire space, covering up to 4500 Sq. Ft.
- **Powerful and Efficient Cold Air Technology:** Disperses essential oils into dry mist microparticles without heat or water, preserving the integrity of the oils.
- **Quick Setup with App Control:** Easily set desired run times and multiple advanced schedules via Bluetooth through the 'Aroma Link' app.
- **Waterless, Heatless, and Mess-Free Operation:** Eliminates the need for water refills and prevents noisy bubbling sounds.
- **Safe & Natural:** The cold air diffusion method is safe for children and pets, making it ideal for any household or commercial area.
- **Versatile Placement:** Can be used standalone, wall-mounted, or connected directly to your HVAC system.

3. PACKAGE CONTENTS

Upon opening your JCLOUD Smart Scent Air Machine package, please verify that all components are present and in good condition:

- JCLOUD Smart Scent Air Machine (OV10-White)
- Power Adapter (Corded Electric)
- Essential Oil Bottle (1000ML capacity, typically pre-installed or included empty)
- User Manual (this document)
- Warranty/Service Card
- *(Optional, depending on package)* Wall-mounting accessories, HVAC connection tubing.

4. SETUP GUIDE

4.1 Initial Placement

Choose a suitable location for your scent machine. It can be placed standalone on a flat surface, mounted on a wall, or integrated with your HVAC system. Ensure the area is well-ventilated and away from direct heat sources or obstructions.

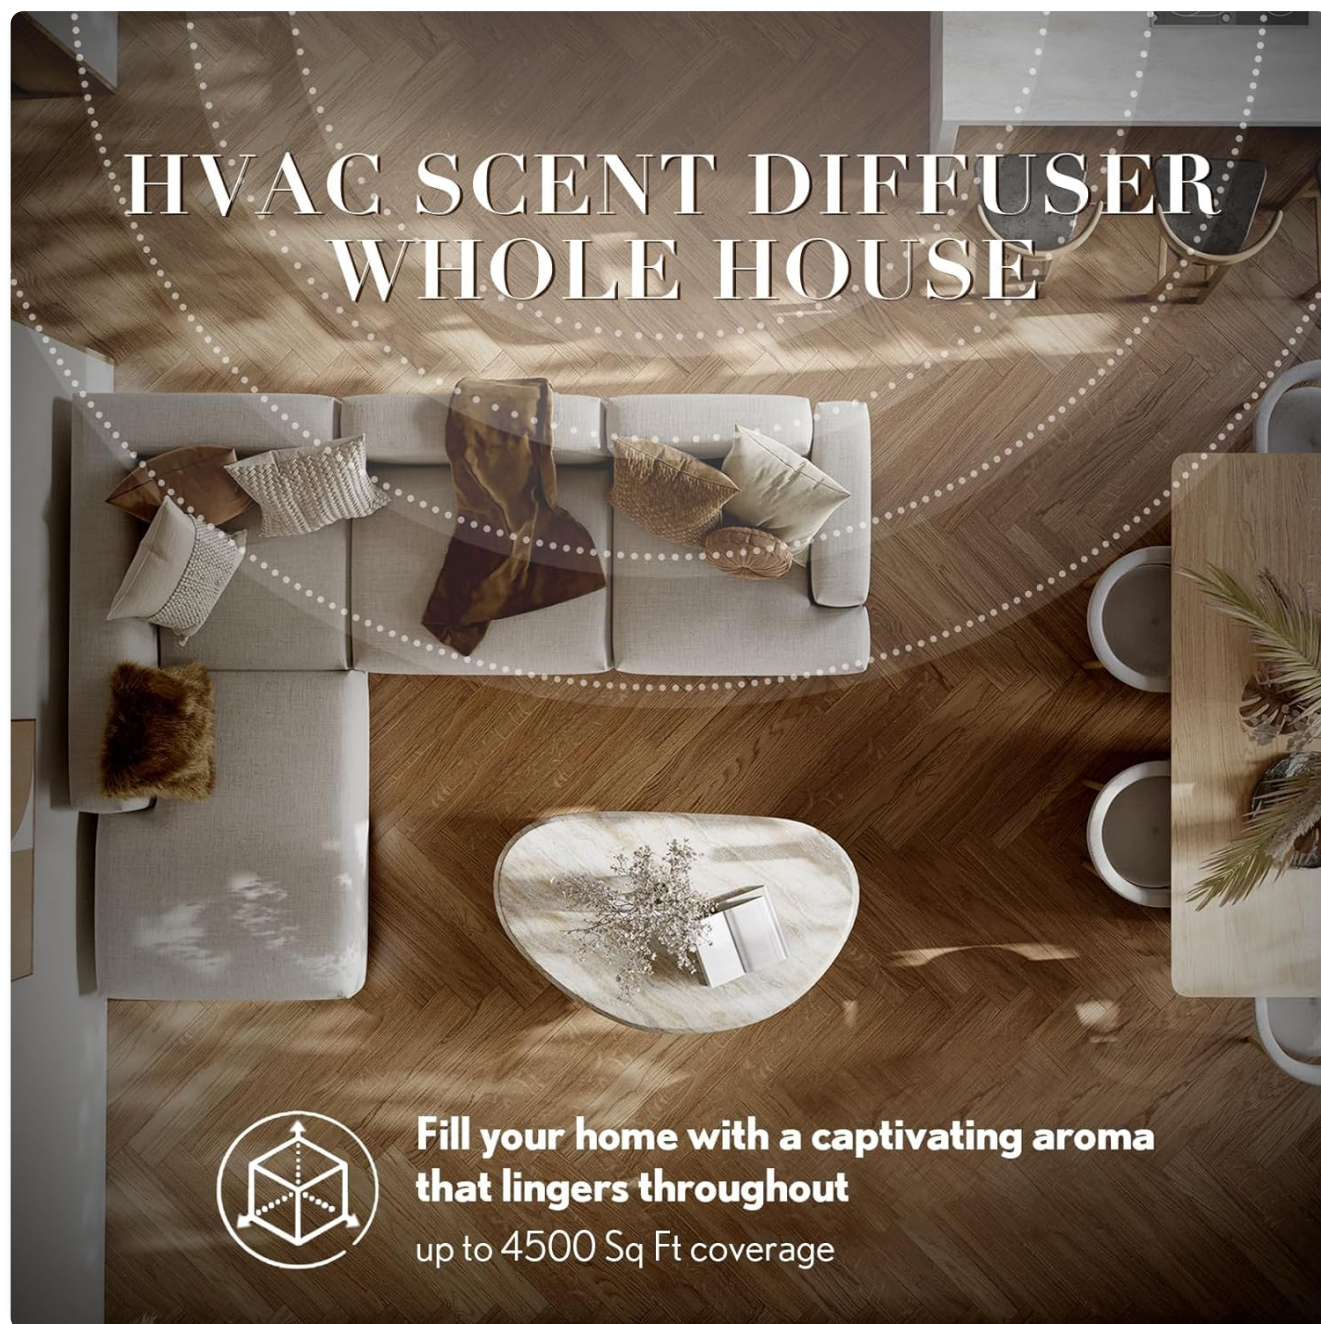

Figure 3: The JCLOUD scent diffuser effectively covers large areas, suitable for whole-house scenting.

4.2 Filling the Essential Oil Bottle

1. Carefully open the essential oil compartment on the device.
2. Unscrew the cap of the 1000ML essential oil bottle.
3. Fill the bottle with your preferred pure essential oil. Do not overfill.
4. Securely screw the bottle back into its designated slot within the machine.
5. Close the compartment cover.

4.3 Power Connection

Connect the provided power adapter to the machine's power input port and then plug it into a standard electrical outlet. The device will power on and be ready for app connection.

5. OPERATING INSTRUCTIONS (APP CONTROL)

The JCLOUD Smart Scent Air Machine is primarily controlled via the 'Aroma Link' mobile application. Follow these steps for quick setup and customization:

1. **Download the App:** Search for "Aroma Link" in your mobile device's app store (iOS App Store or Google Play Store) and download it.
2. **Connect via Bluetooth:**
 - Open the Aroma Link app.
 - Choose the Bluetooth mode for connection.
 - Select your JCLOUD machine from the device list (e.g., "Smart.A5.WIFI").
 - If prompted for a password, the default password is **1234**.
3. **Enter Settings:** Once connected, navigate to the 'Set' or 'Working Period' section within the app.
4. **Customize Schedules:**
 - You can set up to 5 different time schedule programs for each day of the week.
 - For each program, define the *Start Time* and *End Time*.
 - Adjust the *Work(s)* (duration of scent spray in seconds) and *Pause(s)* (pause duration between sprays in seconds) to control scent intensity.
 - Ensure to press the **Save Button** after making any changes to prevent settings from being lost.
5. **Fan Control:** The app also allows you to turn the internal fan on or off, which aids in scent distribution.

Quick Setup with the App

You can customize operating times and seconds of scent spray & pause time between cycles according to your preference.

1 **DOWNLOAD**
the app ("Aroma Link")

2 **CONNECT**
your phone and device
with Bluetooth
(default password: 1234)

3 **CUSTOMIZE**

6. MAINTENANCE

To ensure optimal performance and longevity of your JCLOUD Smart Scent Air Machine, follow these simple maintenance guidelines:

- **Essential Oil Refill:** Regularly check the essential oil level and refill as needed. Only use pure essential oils designed for cold air diffusers. Avoid water-diluted oils or other liquids.
- **Cleaning:** Periodically wipe the exterior of the machine with a soft, dry cloth to remove dust. Do not use abrasive cleaners or immerse the unit in water.
- **Nozzle Care:** If you notice a decrease in scent output, ensure the nozzle is not clogged. Refer to the manufacturer's guidelines for specific cleaning instructions for the atomizing nozzle, if necessary.
- **Storage:** If storing the machine for an extended period, empty the essential oil bottle and clean it. Store the

unit in a cool, dry place.

7. TROUBLESHOOTING

If you encounter issues with your JCLOUD Smart Scent Air Machine, please refer to the following common troubleshooting tips:

Problem	Possible Cause	Solution
No scent output or weak scent	<ul style="list-style-type: none">• Essential oil bottle is empty or low.• Incorrect work/pause settings in the app.• Nozzle might be clogged.• Using diluted or incompatible oils.	<ul style="list-style-type: none">• Refill the essential oil bottle.• Adjust work seconds higher and/or pause seconds lower in the app.• Gently clean the nozzle according to maintenance instructions.• Ensure you are using pure essential oils.
Device not turning on	<ul style="list-style-type: none">• Power adapter not properly connected.• No power from the outlet.	<ul style="list-style-type: none">• Check power connections at both the machine and the outlet.• Try a different electrical outlet.
App connection issues	<ul style="list-style-type: none">• Bluetooth is off on your device.• Incorrect password entered.• Machine is out of Bluetooth range.	<ul style="list-style-type: none">• Ensure Bluetooth is enabled on your phone.• Verify the default password (1234) is entered correctly.• Move your mobile device closer to the scent machine.• Restart the app and the scent machine.
Unusual noise during operation	<ul style="list-style-type: none">• Normal operation sound (slight hum from pump/fan).• Loose component or obstruction.	<ul style="list-style-type: none">• A slight operating sound is normal.• Ensure the essential oil bottle is securely installed. If noise persists and is excessive, contact customer support.

If the problem persists after trying these solutions, please contact JCLOUD customer support for further assistance.
