## GRLEAF ST-90-Black

# GRLEAF 90-inch Sofa Table with Power Strip (Model ST-90-Black) Instruction Manual

Model: ST-90-Black | Brand: GRLEAF

## 1. INTRODUCTION

---

Thank you for choosing the GRLEAF 90-inch Sofa Table with Built-in Power Strip. This manual provides essential information for the safe assembly, operation, and maintenance of your new furniture. Please read these instructions carefully before beginning assembly and retain them for future reference.

## 2. SAFETY INFORMATION

---

To ensure safe use and prevent damage, please adhere to the following safety guidelines:

- Always assemble the table using only the provided tools and hardware.
- Do not exceed the maximum weight limit of **220 pounds (100 kg)** on the tabletop.
- Secure the table to the wall using the anti-tip device to prevent accidental tipping, especially in households with children or pets.
- Keep fingers and other body parts away from pinch points during assembly and adjustment.
- Ensure the power cord is not pinched or damaged during assembly or placement.
- Do not expose the power strip to moisture or liquids.
- Unplug the power strip from the wall outlet before cleaning or if not in use for extended periods.

### 3. PACKAGE CONTENTS

---

Before beginning assembly, verify that all parts and hardware are present and undamaged. Refer to the included assembly diagram for a complete list of components. If any parts are missing or damaged, please contact customer support.

## 4. ASSEMBLY INSTRUCTIONS

---

Assembly is designed to be straightforward. It is recommended to have two people for easier assembly. A hex wrench and screws are the primary tools required, which are included in the package.

1. Unpack all components and lay them out on a clean, soft surface to prevent scratches.
2. Attach the metal frame legs to the tabletop using the provided screws and hex wrench. Ensure all connections are secure.
3. Install the crossbars between the legs for added stability.
4. Adjust the leveling feet at the bottom of the legs to ensure the table is stable and level on uneven floors.
5. Position the built-in power strip according to your preference (middle, left, or right side of the table) and secure it.
6. Attach the anti-tip device to the back of the table and secure it to a wall stud using appropriate hardware (not always included, check package).

# 3 ASSEMBLY OPTIONS

## for the Charging Station

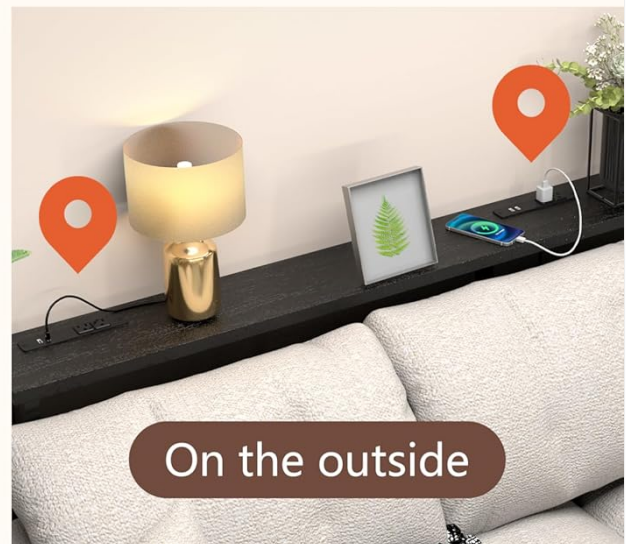

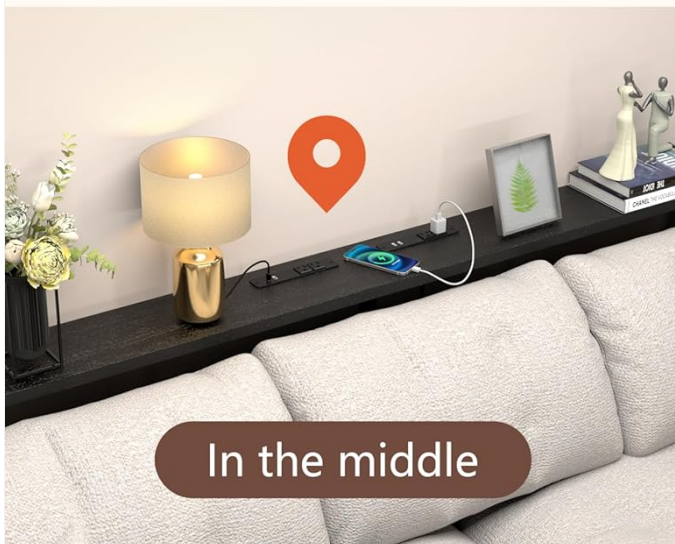

Image 4.1: Illustration showing three possible assembly configurations for the integrated charging station: on the same side, in the middle, or on the outside, allowing for flexible placement.

## 5. OPERATING INSTRUCTIONS

The GRLEAF Sofa Table features a convenient built-in power strip for charging electronic devices.

- **Power Connection:** Plug the 4.9-foot power cord from the sofa table's power strip into a standard 120V AC wall outlet.
- **AC Outlets:** The power strip includes 4 AC outlets (120V/12A). Use these for devices requiring standard wall power, such as lamps, laptops, or small appliances.
- **USB Ports:** The power strip includes 4 USB ports (5V/2A). These are suitable for charging smartphones, tablets, and other USB-powered devices.
- **Usage:** Simply plug your devices into the appropriate outlets or ports. The power strip is designed for convenience and to reduce cable clutter.

## 6. MAINTENANCE

Regular maintenance will help preserve the appearance and functionality of your sofa table.

- **Cleaning:** Wipe the tabletop and metal frame with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- **Spills:** Clean up spills immediately to prevent staining, especially on the engineered wood surface.
- **Power Strip:** Ensure the power strip remains dry. If cleaning is necessary, unplug it from the wall outlet first and wipe with a dry cloth.
- **Hardware:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.

## 7. TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Table is wobbly or unstable.	Uneven floor; loose screws; anti-tip device not installed.	Adjust the leveling feet. Check and tighten all assembly screws. Install the anti-tip device to the wall.
Power outlets or USB ports are not working.	Power cord not plugged in; wall outlet not active; device malfunction; power strip internal issue.	Ensure the power cord is securely plugged into a live wall outlet. Test the wall outlet with another device. Try a different device in the power strip. If issues persist, contact customer support.
Scratches on the tabletop.	Abrasive cleaning; sharp objects.	Use a soft cloth for cleaning. Avoid placing sharp or rough objects directly on the surface.
