## One Car Stereo Smart Ai Box 2.0

# User Manual for One Car Stereo Smart Ai Box 2.0

Model: Smart Ai Box 2.0 | Brand: One Car Stereo

## 1. INTRODUCTION

The One Car Stereo Smart Ai Box 2.0 is an advanced 3-in-1 multimedia adapter designed to enhance your in-car entertainment and connectivity. It seamlessly converts your vehicle's existing OEM wired CarPlay system into a wireless CarPlay and Android Auto experience, while also providing a full Android 12 operating system for streaming video apps like YouTube and Netflix, and access to Google Play.

This device supports all original vehicle control methods, including Siri voice control, steering wheel controls, knob, and touch screen interactions, ensuring a familiar and safe user experience.

## 2. PACKAGE CONTENTS

Please verify that all items listed below are included in your package:

- Smart Ai Box 2.0 (1 unit)
- USB to Type-C cable (1 unit)
- Type-C to Type-C cable (1 unit)
- Instructions (1 manual)

# Pack and Accessories

## 3. FEATURES

- **3-in-1 System:** Integrates Wireless CarPlay, Wireless Android Auto, and Android 12 OS.
- **Dual WiFi Channels:** Allows simultaneous connection to CarPlay/Android Auto and a Wi-Fi hotspot for uninterrupted online access.
- **Seamless Connectivity:** Supports original vehicle controls including Siri voice control, steering wheel, knob, and touch screen.
- **TF Card Support:** Insert a TF card for pre-downloaded audio or video content.
- **Sleek and Portable Design:** Compact form factor for minimal space usage and easy portability.
- **OTA Updates:** Supports Over-The-Air updates for continuous feature additions and system improvements.

# SUPPORTS THREE MULTIMEDIA SYSTEMS

## 4. COMPATIBILITY

The Smart Ai Box 2.0 is designed for vehicles equipped with OEM wired CarPlay or both wired and wireless CarPlay. It is **not compatible** with cars that only have OEM wireless CarPlay (e.g., BMW, Tesla).

The device supports iPhone 6 and above (iOS 10 and above) for Wireless CarPlay, and Android 10 and above (some require Android 11 and above) for Wireless Android Auto.

For a comprehensive list of Apple CarPlay compatible car models, please refer to the official Apple website:

## 5. SETUP

The Smart Ai Box 2.0 is designed for plug-and-play operation. Follow these steps for initial setup:

1. Connect the Smart Ai Box 2.0 to your car's USB port (the one used for wired CarPlay) using the provided USB cable.
2. The device will boot up automatically. This process typically takes around 20 seconds.
3. Once booted, the car screen will display the Smart Ai Box 2.0 interface.

Your browser does not support the video tag.

Video: A demonstration of the plug-and-play setup process for the Smart Ai Box 2.0, showing it booting up and displaying its interface on the car's screen.

## 6. OPERATING INSTRUCTIONS

### 6.1. Connecting to Wireless CarPlay / Android Auto

1. On the Smart Ai Box 2.0 home screen, click the "Auto/CarPlay" icon to enter the connection interface.
2. On your iPhone or Android phone, turn on Bluetooth and Wi-Fi.
3. Search for the Bluetooth name "AutoBox-XXXX" (where XXXX is a unique identifier) displayed on your car screen in your phone's Bluetooth list and pair with it.
4. Once paired, the wireless CarPlay or Android Auto connection will be established.

*Note: If using an Android smartphone, ensure you have the latest "Android Auto" app installed on your phone and enable "wireless Android Auto" in its settings.*

## **6.2. Connecting to the Internet (Wi-Fi / Hotspot)**

To access online streaming services and download apps, connect the Smart Ai Box 2.0 to the internet:

1. From the home screen, navigate to "Settings".
2. Select "Network & internet" and then "Wi-Fi".
3. Turn on Wi-Fi and select your desired network (e.g., your phone's personal hotspot or a car's built-in Wi-Fi). Enter the password if required.

## **6.3. Using Streaming Applications**

The Smart Ai Box 2.0 comes with pre-installed applications like YouTube and Netflix. You can access them directly from the home screen without needing to enter CarPlay or Android Auto mode.

To download additional applications, use the Google Play Store or APK Pure, just like on a regular Android device.

# Streaming Entertainment to Your car

You can download any apps you want

Image: Demonstrates how to access and use streaming entertainment applications on the car's display after connecting to Wi-Fi.

## 6.4. Utilizing Original Vehicle Controls

The Smart Ai Box 2.0 maintains compatibility with your vehicle's original control methods, including:

- Steering wheel controls
- Knob controls
- Touch screen controls
- Siri voice control

This ensures a familiar and intuitive experience while operating the device.

## 7. MAINTENANCE

To ensure optimal performance and longevity of your Smart Ai Box 2.0, consider the following maintenance tips:

- Keep the device clean and free from dust. Use a soft, dry cloth for cleaning.
- Avoid exposing the device to extreme temperatures or direct sunlight for prolonged periods.

- Regularly check for and install Over-The-Air (OTA) updates to benefit from new features and system improvements.
- Ensure proper ventilation around the device when in use.

## 8. TROUBLESHOOTING

If you encounter any issues with your Smart Ai Box 2.0, please refer to the following common solutions:

- **Device not booting up:** Ensure the USB cable is securely connected to both the device and the car's USB port. Try a different USB port if available.
- **No Wireless CarPlay/Android Auto connection:**
  - Verify that your car has OEM wired CarPlay.
  - Ensure Bluetooth and Wi-Fi are enabled on your phone.
  - Confirm that you have paired your phone with the "AutoBox-XXXX" Bluetooth device.
  - For Android Auto, make sure the Android Auto app is installed and wireless Android Auto is enabled in its settings.
- **Streaming apps not loading or buffering:** Check your Wi-Fi or hotspot connection strength. Ensure you have an active internet connection.
- **Slow performance:** Try restarting the Smart Ai Box 2.0 by unplugging and re-plugging it. Ensure there are no excessive background applications running.

For any further questions or persistent issues, please refer to the "10. Warranty and Support" section.
