## Valorise T60

# Valorise T60 True Wireless Bone Conduction Headphones

## INSTRUCTION MANUAL

### Introduction

Thank you for choosing the Valorise T60 True Wireless Bone Conduction Headphones. These open-ear earbuds are designed to provide a unique audio experience by transmitting sound through bone vibration, ensuring both high-fidelity sound and situational awareness. Ideal for various activities including cycling, yoga, gym workouts, and daily use, the T60 offers unparalleled comfort, durability, and seamless connectivity.

### What's in the Box

- Valorise T60 Bone Conduction Headphones (x2)
- Charging Case (x1)
- Type-C Charging Cable (x1)
- User's Manual (x1)

## PRODUCT PARAMETERS

Product Number:	Valorise T60	Bluetooth Version:	Bluetooth V5.4
Bluetooth Range:	> 10M	Track System:	Dual Channel
Speaker Type:	13*3.6H mm 8 $\Omega$ ±15%		
Support Bluetooth Profile:	A2DP、AVRCP、HSP、HFP		

*Image: Contents of the Valorise T60 package, including the headphones, charging case, and cables.*

### Product Overview

The Valorise T60 headphones feature an open-ear design with earhooks for a secure and comfortable fit. They utilize true bone conduction technology to deliver sound directly to your cheekbones, bypassing the eardrum and allowing you to remain aware of your surroundings. The lightweight and sturdy construction, combined with IPX6 waterproofing, makes them suitable for active lifestyles.

## Setup

### 1. Initial Charge

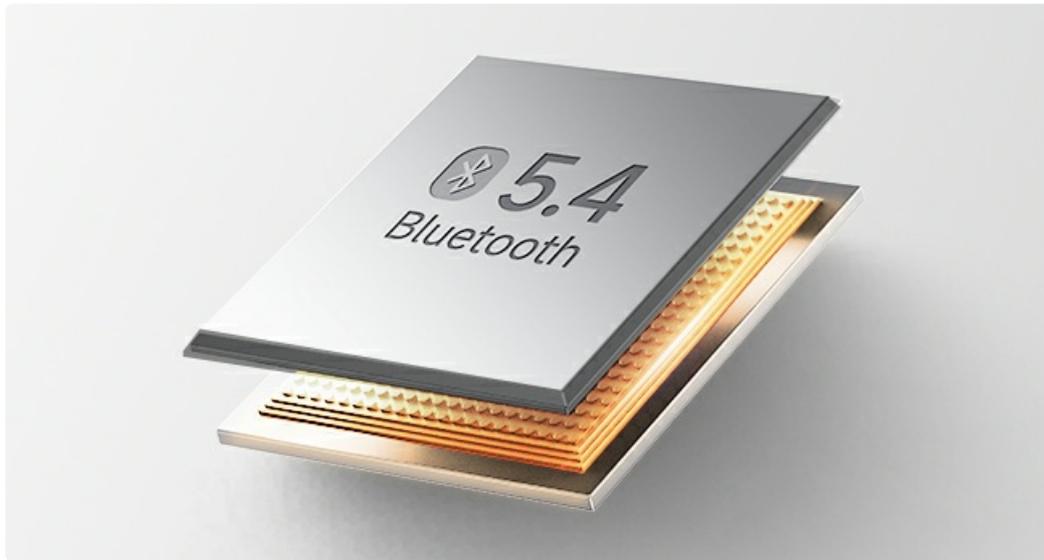

Before first use, fully charge the headphones and the charging case. Connect the provided Type-C charging cable to the charging port on the case and a suitable USB power source. The indicator light on the case will show charging status. A

full charge takes approximately 1.5 hours for the headphones and 2 hours for the charging case.

## 2. Pairing (Bluetooth 5.4)

1. Ensure the headphones are charged.
2. Open the charging case. The headphones will automatically enter pairing mode.
3. On your device (smartphone, tablet, laptop), enable Bluetooth and search for available devices.
4. Select "Valorise T60" from the list of devices.
5. Once connected, a voice prompt will confirm successful pairing.

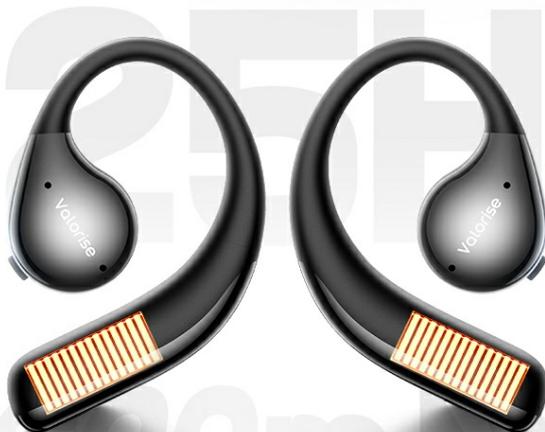

The T60 supports dual connectivity, allowing you to pair with two devices simultaneously for seamless switching between audio sources.

*Image: Illustration of the multi-point pairing feature, showing connection to both a phone and a tablet.*

## 3. Wearing Instructions

1. Take out the earbuds from the charging case.
2. Place the earhook over your ear, ensuring the speaker rests comfortably on your cheekbone, just in front of your ear canal.
3. Pivot the earbud backward till it fits snugly and securely.
4. Adjust for optimal comfort and sound quality.

## EPIC BATTERY ENDURANCE

7 Hrs Single Charge  
25 Hrs with Charging case  
5min Fast Charging = 1Hrs Playtime

### Maintenance

- **Cleaning:** Wipe the headphones and charging case with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- **Water Resistance (IPX6):** The T60 headphones are IPX6 waterproof, meaning they are resistant to strong jets of water. They can withstand sweat and rain during workouts but are not designed for submersion in water. Ensure the charging port is dry before charging.
- **Storage:** Store the headphones in their charging case when not in use to protect them and ensure they remain charged. Store in a cool, dry place away from extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the headphones frequently. Charge them regularly, even if not used for extended periods.

# ALL-DAY POWER

Up to 25 hours of uninterrupted music, perfect for long trips and workouts

**7H Per Charge, 25H with Charging Case**

## Troubleshooting

Problem	Possible Solution
---------	-------------------

Problem	Possible Solution
Headphones not turning on	Ensure headphones and charging case are fully charged. Place headphones in case, close, then open again.
Cannot pair with device	Make sure Bluetooth is enabled on your device. Ensure headphones are in pairing mode (indicator light flashing). Forget "Valorise T60" from your device's Bluetooth list and try pairing again. Move closer to your device.
No sound or low volume	Check volume levels on both headphones and your connected device. Ensure headphones are properly positioned on your cheekbones. Recharge headphones.
Intermittent connection	Ensure no obstacles are between the headphones and your device. Move closer to your device. Avoid strong electromagnetic interference.
Microphone not working	Ensure headphones are connected and selected as the audio input device on your phone/computer. Check for any mute settings on your device or the headphones.
