NOVOO NFC1-207C-VL

NOVOO Air Tag Card Wallet Tracker (Model NFC1-207C-VL) Instruction Manual

Model: NFC1-207C-VL

INTRODUCTION

Thank you for choosing the NOVOO Air Tag Card Wallet Tracker. This slim and smart Bluetooth tracker is designed to help you locate your valuable items such as wallets, bags, and luggage using Apple's "Find My" network. This manual provides essential information for the proper setup, operation, maintenance, and troubleshooting of your device. Please read it carefully before use.

SAFETY INFORMATION

- This device is designed for use with iOS devices only. It is not compatible with Android.
- The NOVOO Air Tag Card contains a non-rechargeable, non-replaceable battery with an estimated lifespan of up to 6 years. Do not attempt to open the device or replace the battery.
- Keep the device away from extreme temperatures and direct sunlight.
- Dispose of the device responsibly according to local electronic waste regulations at the end of its life cycle.
- Ensure Bluetooth is always enabled on your iOS device for optimal tracking performance. If Bluetooth is off, the card may trigger alerts indicating it is no longer connected.

SETUP GUIDE

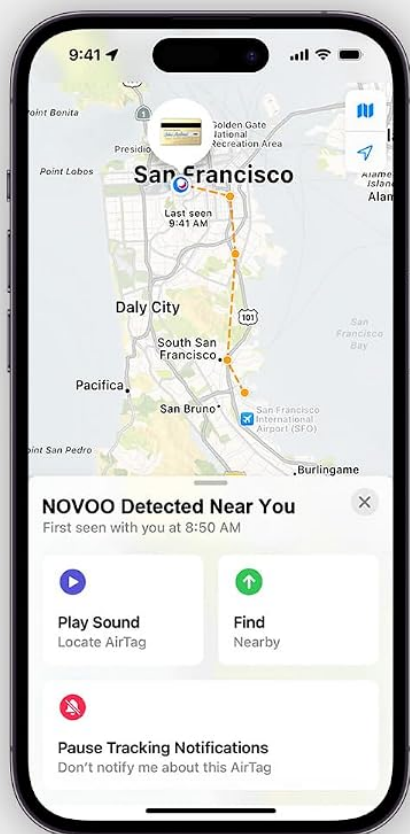

Follow these steps to quickly set up your NOVOO Air Tag Card with the Apple "Find My" app:

1. **Activate the Card:** Ensure the NOVOO Air Tag Card is powered on. Some devices may require a small button press or a specific action to activate for the first time.
2. **Open "Find My" App:** On your iOS device (iPhone, iPad, or Mac), open the "Find My" application.
3. **Add New Item:** Navigate to the "Items" tab and tap the "+" icon to add a new item. Select "Add Other Item."
4. **Pairing:** Your iOS device will begin searching for nearby compatible items. The NOVOO Air Tag Card should appear in the list. Select it to pair.

5. **Name Your Item:** Follow the on-screen prompts to name your NOVOO Air Tag Card (e.g., "Wallet," "Travel Bag") and assign an emoji if desired.
6. **Confirm Setup:** Confirm the setup. Your NOVOO Air Tag Card is now linked to your Apple ID and ready for tracking.

Locating Lost Items

If you misplace your item, you can use the "Find My" app to locate it:

- **Play Sound:** Open the "Find My" app, select your NOVOO Air Tag Card from the "Items" tab, and tap "Play Sound." The card will emit an 80 dB alarm, helping you find it if it's nearby (within Bluetooth range, up to 40 meters).
- **Map Tracking:** If the item is out of Bluetooth range, the "Find My" network (millions of Apple devices worldwide) will anonymously detect your card's location and update it on your map in the app. You can then follow the navigation to its last known location.
- **Siri Integration:** You can also ask Siri, "Hey Siri, find my wallet" (or whatever you named your card) to trigger the sound.

Trova facilmente gli oggetti smarriti

Con un tocco sul telefono, riproduci un suono e localizza rapidamente i tuoi effetti personali.

Tracciamento preciso della posizione

Segui la navigazione sul telefono per un tracciamento rapido e preciso.

Nota: la portata del Bluetooth dipende dall'ambiente e dagli ostacoli.

Lost Mode and Anti-Tracking Alerts

The NOVOO Air Tag Card incorporates features to prevent loss and enhance privacy:

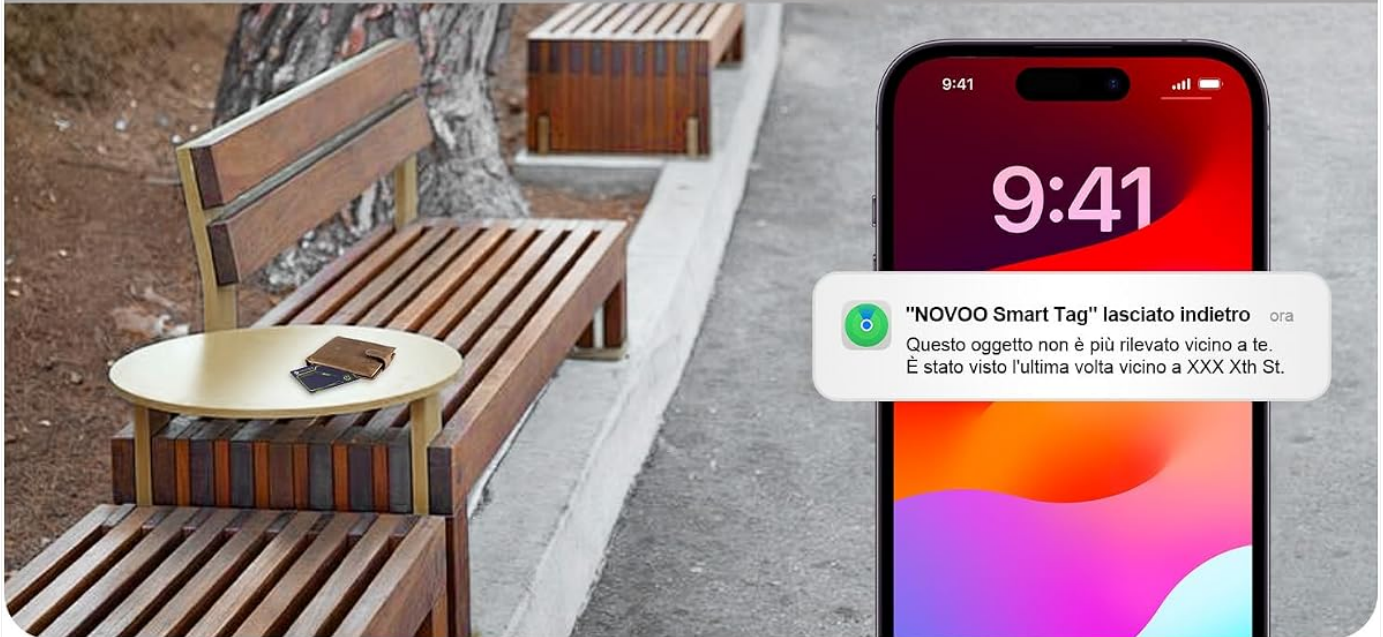

- **Left Behind Alerts:** Receive notifications on your smartphone if you leave your item behind or if it goes out of range.
- **Lost Mode:** If your item is truly lost, activate "Lost Mode" in the "Find My" app. You can enter a contact phone

number or email address. If someone finds your item, they can tap their NFC-enabled smartphone to the card to see your contact information. The "Find My" network will also notify you of its location when detected by another Apple device.

- **Privacy Alerts:** The card uses AES-128 encryption for data security. You will receive an alert on your iOS device if an unknown tracker is detected moving with you over time, helping to prevent unwanted tracking.

Previene la perdita

Ricevi un avviso se lasci il tuo oggetto o se è fuori portata.

Modalità smarrito

Attiva la Modalità smarrito e sfrutta milioni di dispositivi Apple per trovare facilmente il tuo oggetto.

You can share the location of your NOVOO Air Tag Card with family and friends through the "Find My" app, allowing up to 5 devices to track the item simultaneously. This is useful for shared items like car keys or family luggage.

Funziona con Dov'è

Individua facilmente gli elementi con Dov'è su iPhone, iPad o Mac.

Condividi con gli amici

Condividi la posizione della tua carta con un massimo di 5 dispositivi tramite l'app Dov'è.

MAINTENANCE

- **Battery Life:** The NOVOO Air Tag Card features a high-capacity 540mAh battery designed to last up to 6 years. The battery is non-rechargeable and non-replaceable. You will receive notifications on your smartphone when the

battery level is low.

- **Water Resistance:** With an IP68 water resistance rating, the tracker is protected against rain, splashes, and accidental submersion up to 1.5 meters. However, prolonged submersion or exposure to high-pressure water jets should be avoided.
- **Cleaning:** To clean the device, wipe it gently with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Card not detected by "Find My" app.	Bluetooth is off on your iOS device, card is out of range, or card battery is depleted.	Ensure Bluetooth is enabled. Move closer to the card. Check battery status in the app (if previously connected). If battery is depleted, the card needs replacement.
Card constantly beeps or sends alerts when nearby.	Bluetooth connection is unstable or temporarily lost, causing the card to register as "left behind."	Ensure your iOS device's Bluetooth is consistently active and strong. Avoid placing the card in locations that might block the Bluetooth signal (e.g., deep inside a metal container). If the issue persists, try re-pairing the card.
"Play Sound" feature does not work.	Card is out of Bluetooth range, or battery is low.	Move closer to the card. Check battery status. If the card is far away, rely on map tracking via the "Find My" network.
Location updates are inaccurate or slow.	Limited "Find My" network coverage in the area, or environmental interference.	Location accuracy depends on the density of Apple devices in the vicinity. In remote areas, updates may be less frequent. Ensure your iOS device has a stable internet connection.

SPECIFICATIONS

Feature	Detail
Model Number	NFC1-207C-VL
Brand	NOVOO
Connectivity Technology	Bluetooth
Control Method	App (Apple "Find My" app)
Compatible Devices	iPhone, iPad, Mac (iOS only)
