3. MAINTENANCE

Proper care will extend the life and appearance of your Nike V5 Runner Sneakers.

Cleaning Instructions:

- **Surface Cleaning:** Use a soft brush or cloth with mild soap and water to gently clean the mesh upper and synthetic leather overlays. Avoid harsh chemicals or abrasive materials.
- **Sole Cleaning:** The rubber outsole can be cleaned with a brush to remove dirt and debris from the grooves.
- **Drying:** Allow sneakers to air dry naturally at room temperature. Do not use direct heat sources like radiators or hair dryers, as this can damage materials.
- **Laces:** Laces can be removed and hand-washed separately if heavily soiled.

Storage:

Store your sneakers in a cool, dry place away from direct sunlight to prevent material degradation and discoloration.

4. TROUBLESHOOTING

Most common issues with footwear relate to fit and comfort. Here are some tips:

- **Discomfort/Rubbing:** Ensure you are wearing appropriate socks. Adjust lacing tension; sometimes loosening or tightening specific sections can alleviate pressure points.
- **Slipping Heel:** Re-tie laces, ensuring they are snug around the ankle area. The plush collar is designed to minimize heel slip.
- **Sizing Concerns:** The Nike V5 Runner Sneaker is generally true to size. If you experience significant discomfort, consult the size guide or consider trying a different size.
