LG 50UA73

LG 50UA73 50-inch 4K UHD AI Smart TV User Manual

Model: 50UA73

1. INTRODUCTION

This manual provides essential information for the safe and efficient use of your LG 50UA73 50-inch 4K UHD AI Smart TV. Please read it thoroughly before operating the device and retain it for future reference.

Front view of the LG 50UA73 50-inch 4K UHD AI Smart TV, showcasing its slim bezel and stand.

2. SAFETY INFORMATION

Always follow basic safety precautions to reduce the risk of fire, electric shock, and injury. Keep the TV away from water and moisture. Do not block ventilation openings. Use only specified attachments and accessories. Disconnect the power

plug during lightning storms or when unused for long periods.

For detailed safety guidelines, refer to the official safety document provided by LG.

3. SETUP

3.1. Unboxing and Package Contents

Carefully remove the TV from its packaging. Ensure all components are present:

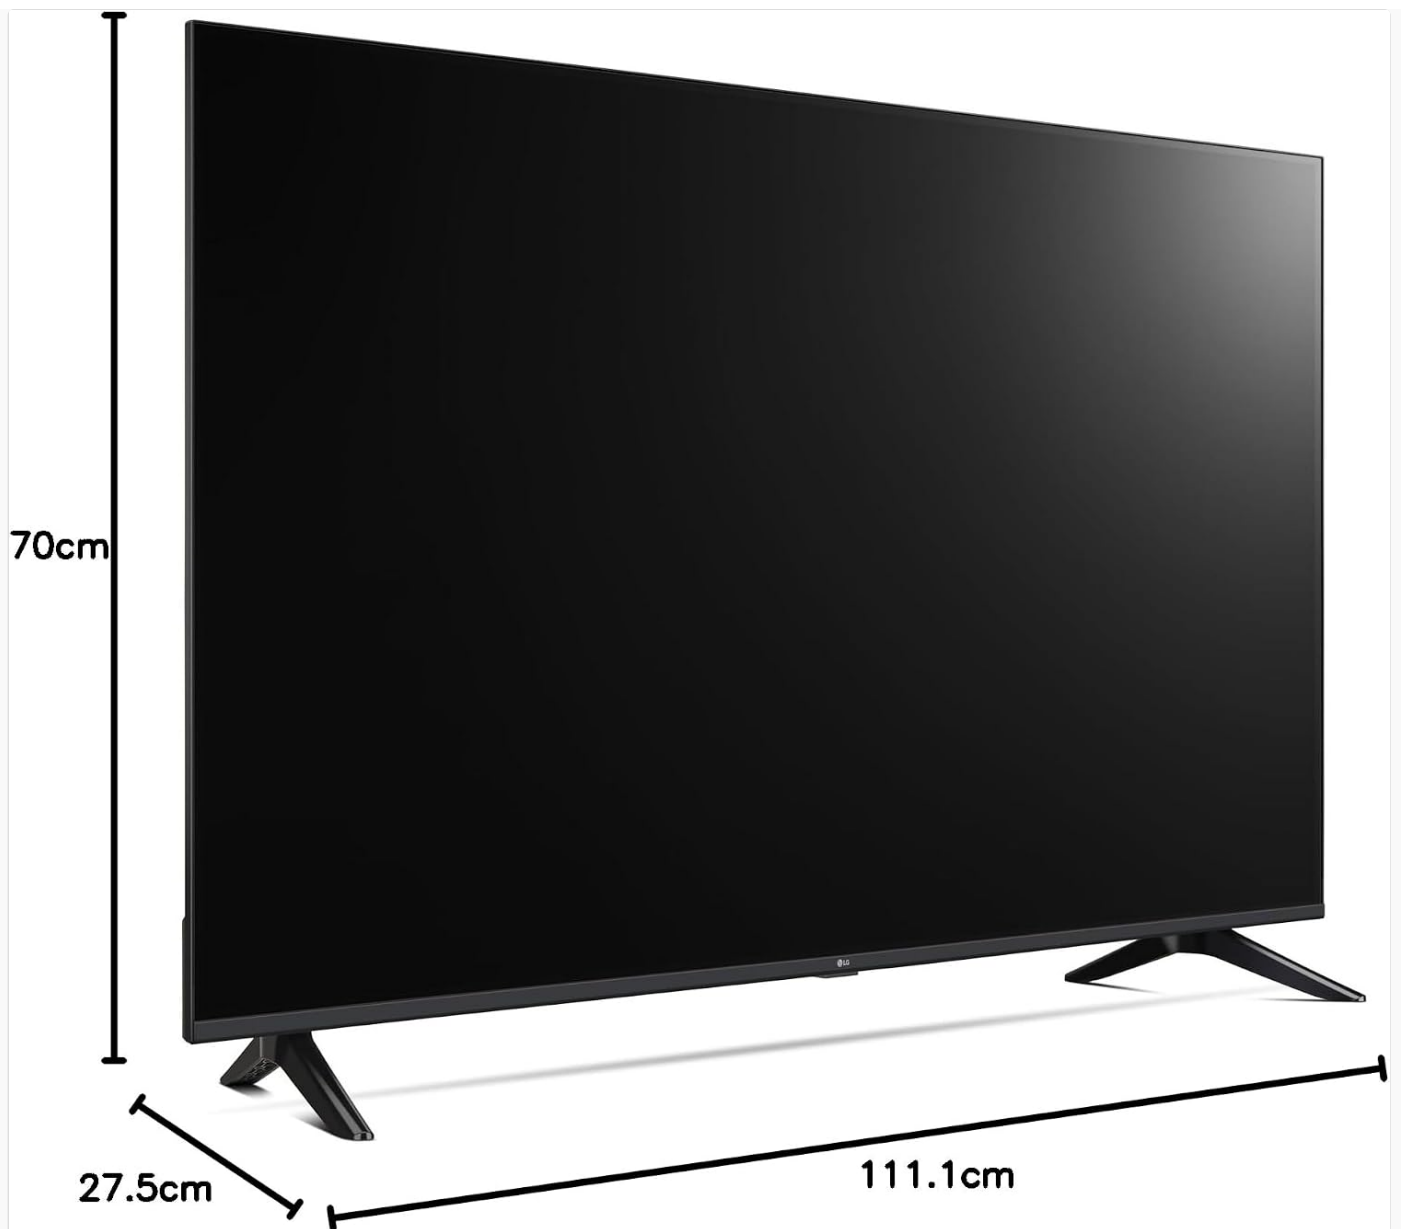

- LG 50UA73 50-inch 4K UHD AI Smart TV
- Power Cable
- Remote Control
- Batteries for Remote Control
- TV Stands (2 units)
- Documentation (Quick Start Guide, Safety Information)

3.2. Physical Installation

You can install your TV using the included stands or by wall-mounting it. For wall mounting, ensure you use a VESA compatible mount (400 x 400 mm).

Attaching the Stands:

1. Place the TV face down on a soft, flat surface to prevent screen damage.
2. Align each stand with the corresponding slots on the bottom of the TV.
3. Secure the stands using the provided screws.

The LG 50UA73 TV with its dimensions: 111.1 cm (width), 70 cm (height with stand), and 27.5 cm (depth with stand).

3.3. Connecting Peripherals

Connect your external devices to the appropriate ports on the TV. The LG 50UA73 features multiple connectivity options:

- **HDMI Ports (3 total):** For connecting Blu-ray players, game consoles, soundbars, etc. Supports eARC on one port.
- **USB Ports (2 total):** For connecting USB storage devices or other USB peripherals.
- **Ethernet (LAN) Port:** For a wired internet connection.
- **RF Input:** For connecting an antenna or cable.
- **Optical Digital Audio Out:** For connecting to an external audio system.

Details shown on product images may vary by region, country, or model.

3.4. Initial Power On and First-Time Setup

1. Connect the power cable to the TV and a wall outlet.
2. Press the power button on the remote control or the TV.
3. Follow the on-screen instructions to set up your TV:
 - Select your preferred language.
 - Connect to your Wi-Fi network or use the wired Ethernet connection.
 - Agree to the terms and conditions for webOS 25 Smart TV features.
 - Scan for available channels (DVB-T2/T, DVB-C, DVB-S2/S).
 - Log in to your LG account or create a new one.
 - Configure voice assistants like Alexa or Google Assistant.

4. OPERATING YOUR TV

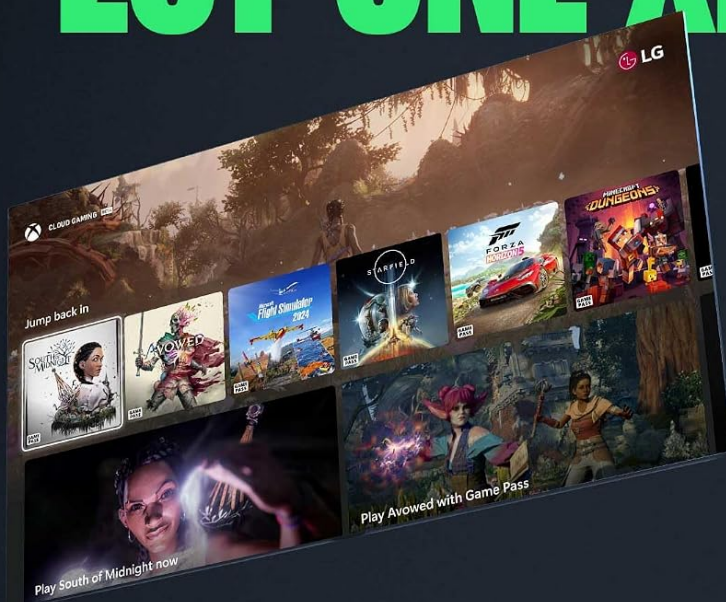

4.1. Remote Control Functions

The included remote control allows you to navigate the webOS 25 interface, adjust settings, and control connected devices. Familiarize yourself with the buttons for power, volume, channel, input selection, and smart features.

4.2. webOS 25 Smart TV Features

Your LG 50UA73 TV runs on webOS 25, providing access to a wide range of streaming services and applications. Navigate the home screen to find apps like Netflix, Amazon Prime Video, X-Cloud, GeForce Now, Luna, Utomik, Boosteroid, and Blacknut.

CETTE SMART TV LG EST UNE XBOX

ÉCONOMISEZ 20% SUR UNE MANETTE XBOX À L'ACHAT D'UN TÉLÉVISEUR LG*

*Nécessite Xbox Game Pass Ultimate (vendu séparément) et l'application Xbox, l'application Xbox Cloud Gaming et une manette compatible (vendue séparément), ou l'accès à xbox.com/play. Appareils tiers illustrés. Le catalogue de jeux varie en fonction de la région, de l'appareil et de l'offre. Voir xbox.com pour plus de détails.

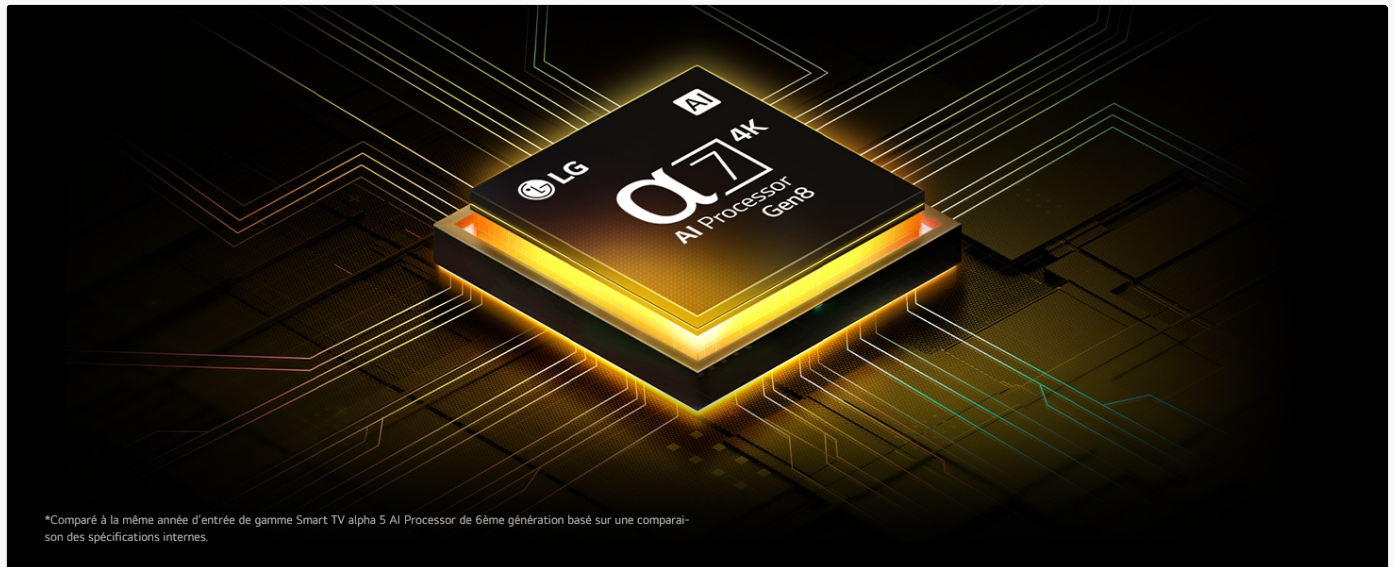

The LG Smart TV interface showing the Xbox Cloud Gaming application, allowing access to various games.

4.3. AI Features and Voice Control

The TV is equipped with an **α7 AI 4K Gen8 Processor** that enhances both picture and sound quality. Utilize the built-in AI features for a more intuitive experience:

- **AI Picture:** Automatically optimizes picture settings based on content.

- **AI Sound Pro:** Virtualizes 11.1.2 channel audio for an immersive sound experience.
- **Voice Assistants:** Use Alexa or Google Assistant for hands-free control, searching content, and managing smart home devices.
- **AI Chatbot:** Interact with the TV using natural language for assistance with settings or content recommendations.

The α7 AI Processor Gen8, developed by LG, is central to the TV's enhanced visual and audio experience.

AI Sound Pro avec virtualisation 11.1.2 canaux

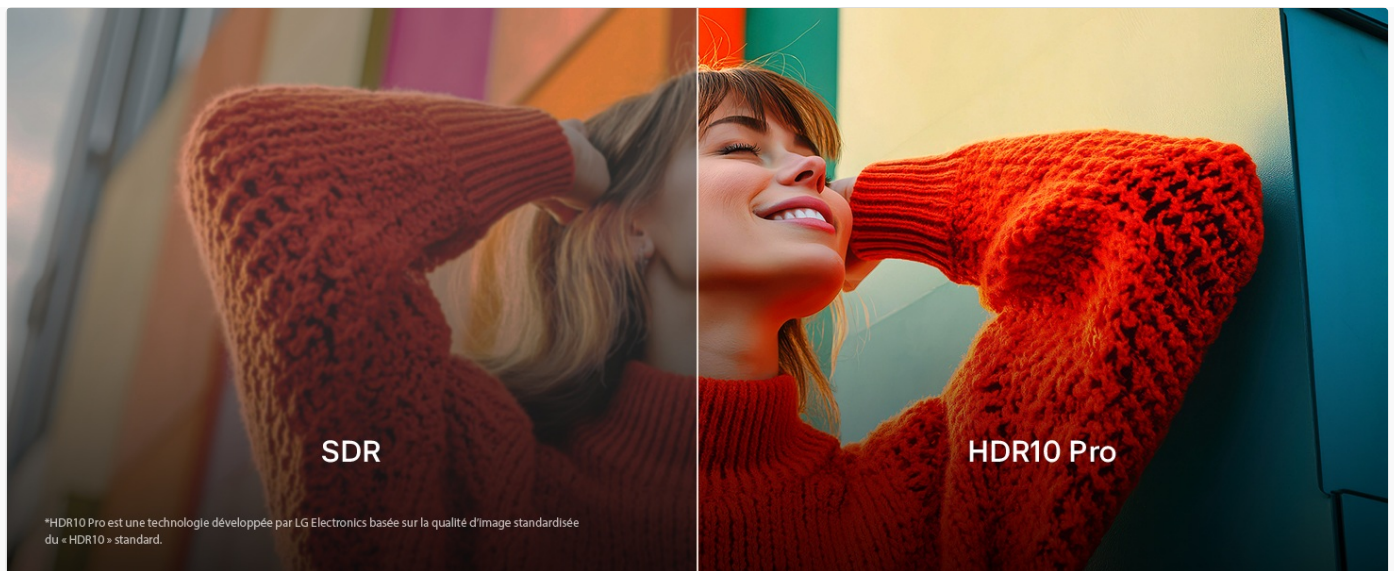

*AI Clear Sound = Son clair via IA. AI Clear Sound doit être activé par le biais du menu Mode son.
 *Le son peut varier en fonction de l'environnement d'écoute.

AI Sound Pro virtualizes 11.1.2 channel audio, creating an immersive sound experience for content like music performances.

4.4. Picture and Sound Settings

Access the settings menu to customize your viewing and listening experience:

- **Picture Mode:** Select from various presets (e.g., Standard, Vivid, Cinema, Game) or customize brightness, contrast, color, and sharpness.
- **HDR10:** Enjoy enhanced contrast and color with HDR10 content.
- **Filmmaker Mode:** Preserves the director's original vision by disabling motion smoothing and maintaining original aspect ratios and frame rates.
- **Sound Mode:** Choose from sound presets (e.g., Standard, Cinema, Clear Voice) or enable AI Sound Pro for automatic optimization.

A visual comparison illustrating the difference between SDR and HDR10 Pro, with HDR10 Pro offering superior detail and color reproduction.

4.5. Gaming Features

The LG 50UA73 is optimized for gaming with features designed to provide a smooth and responsive experience:

- **Variable Refresh Rate (VRR):** Reduces screen tearing and stuttering for fluid gameplay.
- **Auto Low Latency Mode (ALLM):** Automatically switches the TV to a low-latency mode when a game console is detected.
- **eARC (Enhanced Audio Return Channel):** Allows for high-quality audio passthrough to compatible sound systems.

A racing game displayed on the LG TV, demonstrating the benefits of Variable Refresh Rate (VRR) for smooth, tear-free gaming.

4.6. Screen Sharing and Casting

Share content from your mobile devices or computer to the TV:

- **AirPlay 2:** Stream videos, photos, music, and more directly from your Apple devices.
- **Google Cast:** Cast content from compatible Android devices and Chrome browser tabs.

5. MAINTENANCE

5.1. Cleaning Your TV

- **Screen:** Gently wipe the screen with a soft, dry microfiber cloth. For stubborn marks, lightly dampen the cloth with water or a specialized screen cleaner (do not spray directly on the screen).
- **Body:** Wipe the TV frame and stand with a soft, dry cloth.
- **Do not use:** Alcohol, benzene, thinners, or other volatile substances, as they may damage the TV surface.

5.2. Software Updates (webOS Re:New Program)

Your LG TV supports the webOS Re:New Program, offering up to 4 major interface evolutions over 5 years from the initial webOS version. Ensure your TV is connected to the internet to receive automatic software updates. Regular updates provide new features, performance improvements, and security enhancements.

*webOS Re:New Program = Program Re:Nouveau.
*Disponibles sur modèles OLED 2022 et ultérieurs et UHD 2023 et ultérieurs (dont gammes UHD 2025 et ultérieurs).
*Il prend en charge jusqu'à 4 évolutions majeures de l'interface sur 5 ans à partir de la version initiale de webOS du produit. La première mise à jour a lieu au plus tard 2 ans après la date d'achat du produit.
*Les mises à jour et le calendrier de certaines fonctions, applications et services peuvent varier selon le modèle et le pays.

The webOS Re:New Program ensures your TV's software remains updated with new features and security enhancements.

6. TROUBLESHOOTING

If you encounter issues with your TV, refer to the following common problems and solutions:

- **No Power:** Check if the power cable is securely connected and the wall outlet is functioning. Try a different outlet.
- **No Picture/Sound:** Ensure the correct input source is selected. Check cable connections to external devices.
- **Remote Control Not Working:** Replace the batteries. Ensure there are no obstructions between the remote and the TV.
- **Network Connection Issues:** Restart your router and modem. Check Wi-Fi password. For wired connections, ensure the Ethernet cable is properly connected.
- **Picture Quality Issues:** Adjust picture settings. Ensure the content source is high quality.

For more complex issues, consult the full electronic manual available on the LG support website or contact LG customer service.
