INTRODUCTION

The Motorola Razr Ultra 2025 is an advanced foldable smartphone designed for enhanced user experience and portability. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your device. It highlights key features such as its ultra-compact design, interactive external display, 50MP camera system with moto ai integration, and Snapdragon 8 Elite performance.

WHAT'S IN THE BOX

Upon unboxing your Motorola Razr Ultra 2025, verify that all the following items are included:

- Motorola Razr Ultra 2025 Device
- USB Cable
- User Guide
- SIM Tray Ejector

SETUP

1. SIM Card Installation

1. Locate the SIM tray on the side of your device.
2. Insert the SIM tray ejector tool into the small hole next to the tray and press firmly until the tray pops out.
3. Place your Nano-SIM card(s) into the tray with the gold contacts facing down. Ensure proper orientation.
4. Carefully reinsert the SIM tray into the device until it clicks into place.

2. Powering On/Off

- **To Power On:** Press and hold the Power button (located on the side) until the Motorola logo appears.
- **To Power Off:** Press and hold the Power button, then tap 'Power off' on the screen.

3. Initial Setup Wizard

Upon first power-on, follow the on-screen instructions to:

- Select your language and region.
- Connect to a Wi-Fi network.
- Sign in with your Google account or create a new one.
- Set up screen lock and security features.
- Transfer data from an old device (optional).

OPERATING YOUR DEVICE

Main Display and External Display Usage

The Motorola Razr Ultra 2025 features a large internal foldable display and a highly interactive external display. The external display allows access to various apps and notifications without unfolding the phone.

Moto AI Features

Experience personalized assistance and elevated interactions through the seamless integration of moto ai. Features include advanced photo and video capabilities, and intelligent device management. A Motorola Account login and internet/cellular connection are required for full functionality.

Image: The Motorola Razr Ultra 2025 displaying an interface related to 'moto ai', with options like 'Pay Attention', 'Catch me up', and 'Talk to Moto AI'.

Connectivity

The device supports various connectivity options:

- **Bluetooth:** For connecting to wireless accessories.
- **NFC:** For contactless payments and quick pairing.
- **USB Type C:** For charging and data transfer.
- **Wi-Fi:** For internet access.
- **GPS:** Built-in for navigation and location services.

MAINTENANCE AND CARE

Charging

The Motorola Razr Ultra 2025 supports 68W TurboPower charging. Use the provided USB cable and a compatible Motorola TurboPower 68W charger (sold separately) for optimal charging speed. The phone can be fully charged in approximately 40 minutes under Charge boost mode when substantially depleted.

Battery Life

The device is designed to provide over 36 hours of battery life under typical usage conditions. Actual battery performance may vary based on signal strength, network settings, temperature, and usage patterns.

Water Resistance

The Motorola Razr Ultra 2025 features water-resistant properties. However, it is not waterproof. Avoid submerging the device in water or exposing it to high-pressure water jets. Liquid damage is not covered under warranty.

Cleaning

To clean your device, use a soft, lint-free cloth. Avoid abrasive materials or harsh chemicals that could damage the screen or finish.

TROUBLESHOOTING

External Display Not Responding

- Ensure the phone is adequately charged.
- Try restarting the device by holding the Power button.
- Check for any pending software updates in the device settings.

Charging Issues

- Verify that the USB cable and charger are securely connected to both the phone and the power outlet.
- Use only Motorola-approved charging accessories.
- Inspect the charging port for any debris or damage.

General Performance Issues

- Close unused applications running in the background.
- Clear cache for problematic apps.
- If issues persist, consider a factory reset (**Note:** This will erase all data on your device. Back up important information first).

SPECIFICATIONS
