Citizen X04A-002VY

Citizen Vagary Smartwatch X04A-002VY User Manual

Model: X04A-002VY

INTRODUCTION

Thank you for choosing the Citizen Vagary Smartwatch X04A-002VY. This device combines modern technology with a stylish design, offering a range of features to enhance your daily life. This manual provides essential information for setting up, operating, and maintaining your smartwatch to ensure optimal performance and longevity.

The Vagary men's Smart Watch features a 51 mm black ABS case, a 1.5-inch TFT-LCD digital screen with various view options, and a blue silicone strap with a pin buckle. It is designed for durability with IP68 water resistance and offers a battery life of up to 7 days.

SAFETY INFORMATION

Please read all safety instructions before using the device to prevent injury or damage. Keep the device away from extreme temperatures, direct sunlight, and moisture. Do not attempt to disassemble or repair the device yourself. Use only approved chargers and accessories. Consult a medical professional before starting any new fitness regimen, especially if you have pre-existing health conditions.

PACKAGE CONTENTS

Ensure all items are present in the package:

- Citizen Vagary Smartwatch X04A-002VY
- Blue Silicone Strap (pre-attached or separate)
- Charging Cable
- Quick Start Guide (if included)

SETUP

1. Charging the Smartwatch

Before first use, fully charge your smartwatch. Connect the charging cable to the charging port on the back of the watch and plug the other end into a USB power adapter (not included) or a computer's USB port. The screen will indicate charging status. A full charge typically takes approximately 2 hours.

2. Power On/Off

- **To Power On:** Press and hold the side button until the screen lights up.
- **To Power Off:** Press and hold the side button, then select 'Power Off' on the screen.

3. App Installation and Pairing

To unlock the full functionality of your smartwatch, you need to install the dedicated *Verifyfit* app on your smartphone.

1. Download the *Verifyfit* app from your smartphone's app store (Google Play Store for Android).
2. Ensure Bluetooth is enabled on your smartphone.
3. Open the *Verifyfit* app and follow the on-screen instructions to create an account or log in.
4. In the app, select 'Add Device' or similar option. The app will search for your smartwatch.
5. Select 'X04A-002VY' from the list of available devices to pair. Confirm the pairing request on both your smartphone and smartwatch if prompted.

Once paired, the smartwatch will synchronize data with your phone, and you can customize settings through the app.

OPERATING INSTRUCTIONS

Navigation

The smartwatch features a 1.5-inch TFT-LCD digital touchscreen. Swipe left, right, up, or down to navigate through menus and features. Tap to select an option. The side button typically serves as a 'back' or 'home' button.

Key Features

- **Health Parameter Detection:** Monitor your heart rate, sleep duration, distance covered, and step count. Access these features through the health menu on the watch or the *Verifyfit* app.
- **Camera Control:** Use your smartwatch as a remote shutter for your smartphone's camera. Activate this feature via the app.
- **Call Answering:** Receive and answer calls directly from your wrist when connected to your smartphone.
- **Alexa Voice Assistant:** Utilize the integrated Alexa voice assistant for various commands and queries.
- **Sleep Monitoring:** Automatically tracks your sleep patterns, providing insights into sleep quality.
- **Integrated GPS:** Track your outdoor activities and routes with the built-in GPS.
- **100 Sports Modes:** Choose from a wide range of sports modes to accurately track your workouts and fitness data.
- **Ringtone:** Customize alert sounds for notifications and calls.

Water Resistance (IP68)

The smartwatch is rated IP68 for water resistance, meaning it can withstand immersion in water up to 1 meter deep for a limited time. It is suitable for daily use, such as washing hands or light rain. Avoid prolonged immersion, hot water, or use during swimming or diving, as this may compromise the seal.

MAINTENANCE

Cleaning

Regularly clean your smartwatch and strap to prevent skin irritation and maintain appearance. Use a soft, damp cloth to wipe the screen and case. For the silicone strap, mild soap and water can be used. Ensure the device is completely dry before charging or prolonged use.

Battery Care

The smartwatch has an average battery life of 7 days. To maximize battery longevity, avoid fully discharging the battery frequently. Charge the device when the battery level is low. Store the device in a cool, dry place if not used for extended periods.

TROUBLESHOOTING

- **Device not turning on:** Ensure the device is fully charged. If it still doesn't turn on, try a different charging cable or power source.
- **Cannot pair with smartphone:** Make sure Bluetooth is enabled on both devices. Ensure the smartwatch is within range of your phone. Restart both devices and try pairing again. Check if the *Verfyfit* app is updated to the latest version.
- **Inaccurate health data:** Ensure the smartwatch is worn snugly on your wrist, not too tight or too loose. Clean the sensors on the back of the watch.
- **Short battery life:** Reduce screen brightness, disable unnecessary notifications, and limit continuous heart rate monitoring if not needed. Ensure background app usage is optimized.
- **Screen unresponsive:** Restart the smartwatch by holding the side button. If the issue persists, contact support.
