MAINTENANCE

Proper care will ensure the longevity and appearance of your Merax Boucle Platform Bed.

Cleaning the Upholstery:

- **Regular Dusting:** Gently vacuum the boucle fabric regularly using an upholstery attachment to remove dust and debris.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. For stubborn stains, use a mild fabric cleaner specifically designed for upholstered furniture. Test the cleaner on an inconspicuous area first.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, bleach, or solvents, as these can damage the fabric.

Wood Frame Care:

- **Wipe Down:** Periodically wipe the visible wooden components with a soft, damp cloth. Dry immediately.
- **Check Connections:** Every few months, inspect all bolts and screws to ensure they remain tight. Tighten if necessary to maintain stability.

TROUBLESHOOTING AND SAFETY

Safety Guidelines:

- **Weight Limit:** Do not exceed the maximum weight limit of 800 lbs for this bed frame.
- **Secure Assembly:** Ensure all components are securely assembled before using the bed. Regularly check and tighten fasteners.
- **Proper Mattress Fit:** Use a mattress with a thickness between 9"-12" for optimal fit and comfort.
- **Avoid Jumping:** Do not jump on the bed, as this can compromise the structural integrity and lead to injury.

Common Issues:

- **Squeaking Noises:** If the bed squeaks, re-check all connections and tighten any loose bolts. Ensure the bed is on a level surface.
- **Mattress Sliding:** The embedded design is intended to prevent sliding. If your mattress still slides, ensure it is correctly positioned within the frame.
- **Instability:** If the bed feels unstable, disassemble and reassemble carefully, ensuring all parts are correctly aligned and tightened.
