PRODUCT OVERVIEW: CONTROLS AND PORTS

Familiarize yourself with the buttons and ports on your Falebare Q20 headphones for optimal use.

Image: Detailed diagram highlighting the ANC on/off switch, volume controls, power button, Type-C charging port, 3.5mm audio port, and microphone on the Falebare Q20 headphones.

- **ANC On/Off Switch:** Activates or deactivates Active Noise Cancellation.
- **Volume - / Previous Track:** Short press for volume down, long press for previous track.
- **Power Button / Play/Pause / Call Control:** Press and hold to power on/off. Short press to play/pause music or answer/end calls.
- **Volume + / Next Track:** Short press for volume up, long press for next track.
- **Type-C Charging Port:** For charging the headphones.
- **3.5mm Audio Port:** For wired audio connection.
- **Microphone:** For hands-free calls.

SETUP GUIDE

1. Charging Your Headphones

Before first use, fully charge your Falebare Q20 headphones. A full charge provides up to 120 hours of playtime.

1. Connect the provided USB-C charging cable to the Type-C port on your headphones.
2. Plug the other end of the cable into a compatible USB power adapter (not included) or a computer's USB port.
3. The LED indicator will show charging status (refer to the user manual for specific light indications).
4. Once fully charged, the LED indicator will change, and you can disconnect the cable.

2. Powering On/Off

- **Power On:** Press and hold the Power Button for 2-3 seconds until the LED indicator lights up and you hear a power-on prompt.
- **Power Off:** Press and hold the Power Button for 3-5 seconds until the LED indicator turns off and you hear a power-off prompt.

3. Bluetooth Pairing

Your Falebare Q20 headphones use Bluetooth 5.3 for stable connectivity.

1. Ensure the headphones are powered off.
2. Press and hold the Power Button for 5 seconds until the LED indicator flashes blue and white alternately. This indicates pairing mode.
3. On your device (smartphone, tablet, computer), enable Bluetooth and search for available devices.
4. Select "Q20-Falebare" from the list of devices.
5. Once connected, the LED indicator will show a steady blue light, and you will hear a connection confirmation.

OPERATING YOUR HEADPHONES

1. Active Noise Cancellation (ANC)

The Falebare Q20 headphones feature Active Noise Cancellation to reduce ambient noise.

- Slide the ANC switch to "ON" to activate noise cancellation. The LED indicator will light up (refer to manual for color).
- Slide the ANC switch to "OFF" to deactivate noise cancellation.

2. Music Playback and Volume Control

- **Play/Pause:** Short press the Power Button.
- **Volume Up:** Short press the Volume + button.
- **Volume Down:** Short press the Volume - button.
- **Next Track:** Long press the Volume + button.
- **Previous Track:** Long press the Volume - button.

3. Call Management

- **Answer/End Call:** Short press the Power Button.
- **Reject Call:** Press and hold the Power Button for 2 seconds.

4. Wired Connection (Aux Mode)

You can use the Falebare Q20 headphones with the included 3.5mm audio cable for a wired connection, especially when the battery is low or for devices without Bluetooth.

- Plug one end of the 3.5mm audio cable into the headphone's 3.5mm audio port.

- Plug the other end into your audio device's 3.5mm audio jack.
- Note: When using the wired connection, Bluetooth and ANC functions may be automatically disabled to conserve power.

MAINTENANCE AND CARE

- Clean the headphones regularly with a soft, dry cloth.
- Avoid exposing the headphones to extreme temperatures, humidity, or liquids.
- Store the headphones in the provided protective case when not in use to prevent damage.
- Do not attempt to disassemble or modify the headphones, as this will void the warranty.

TROUBLESHOOTING

Issue	Possible Solution
Headphones do not power on.	Ensure the headphones are fully charged. Press and hold the Power Button for 2-3 seconds.
Cannot pair with device.	Ensure headphones are in pairing mode (flashing blue/white LED). Turn off and on Bluetooth on your device. Forget "Q20-Falebare" from your device's Bluetooth list and try pairing again. Ensure headphones are within range.
No sound or low volume.	Check headphone and device volume levels. Ensure headphones are properly connected (Bluetooth or wired). Try another audio source.
ANC not working effectively.	Ensure the ANC switch is in the "ON" position. ANC is most effective against low-frequency noise.
Audio delay in wired mode.	Ensure the 3.5mm cable is fully inserted into both the headphones and the audio source.
