Zerodeko Car Aroma Pad Replacement Pack Instruction Manual

Model: 5S108054IRZ

1. PRODUCT OVERVIEW

The Zerodeko Car Aroma Pad Replacement Pack provides refill pads for compatible car aromatherapy diffusers. These pads are designed to absorb and diffuse essential oils, helping to refresh the air within your vehicle. Each pad is a small, circular, white felt-like material.

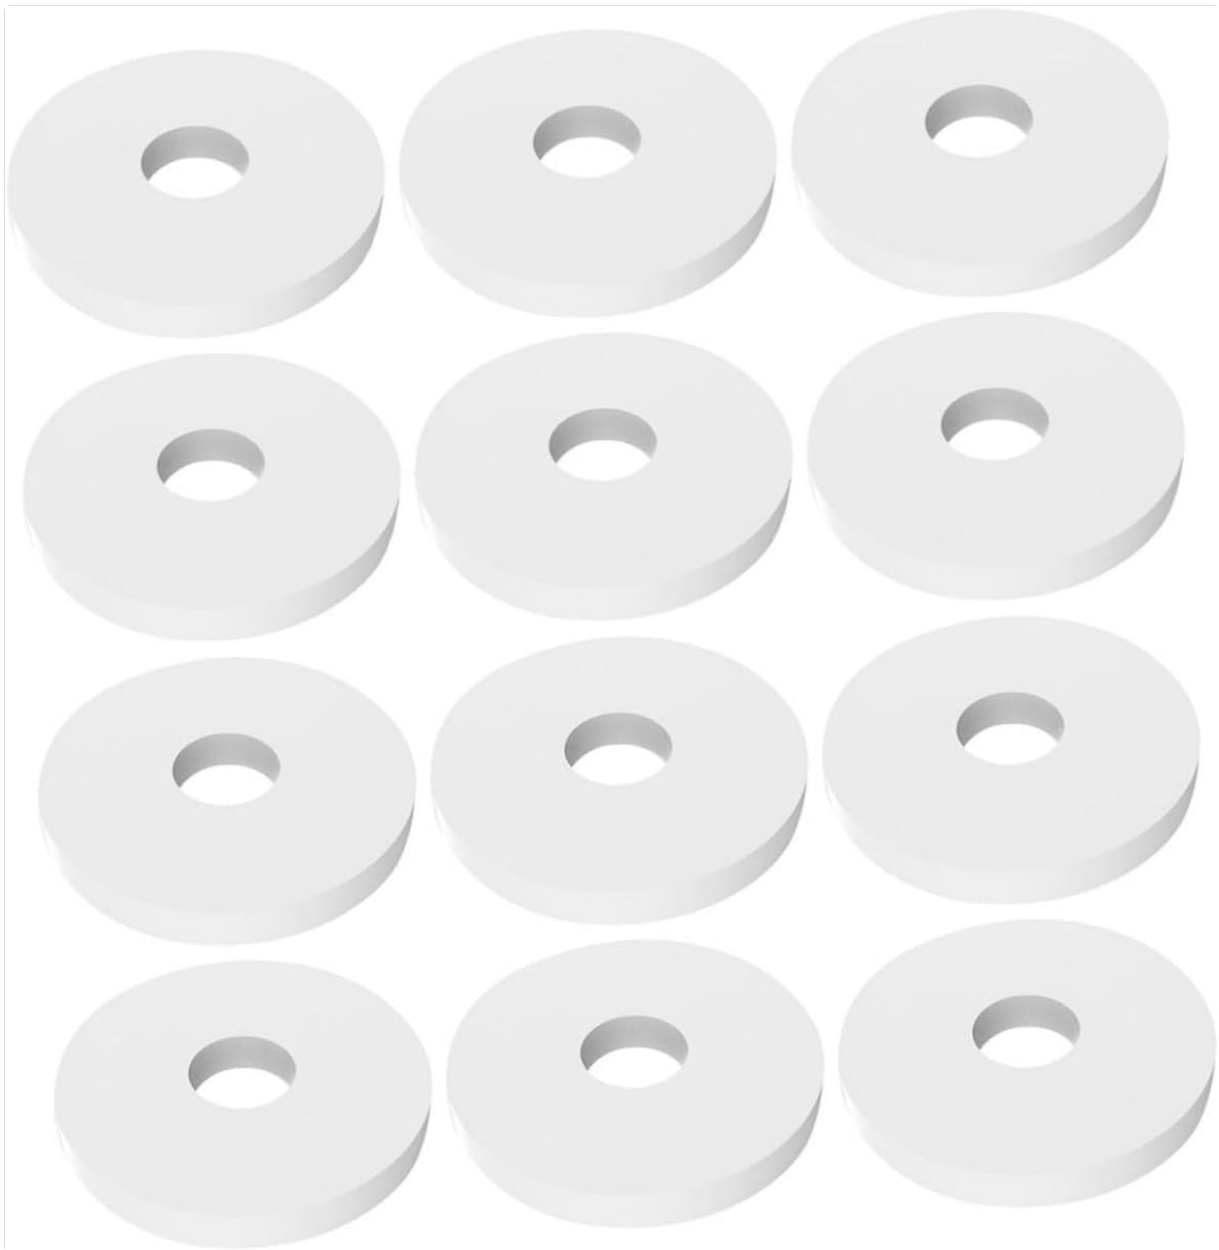

Image 1.1: Zerodeko Car Aroma Pad Replacement Pack. This image displays twelve individual white, circular aroma pads, each with a small central hole, indicating a multi-pack for replacement purposes.

2. SETUP AND INSTALLATION

These aroma pads are designed for use with existing car aroma diffusers. Follow these steps to install a new pad:

1. **Open your car aroma diffuser:** Refer to your specific car diffuser's instruction manual for details on how to open it and access the pad compartment.
2. **Remove the old pad:** Carefully take out any used or worn-out aroma pad from the diffuser.
3. **Insert a new Zerodeko pad:** Place one new Zerodeko aroma pad into the designated slot or compartment of your car diffuser. Ensure it sits flat and securely.
4. **Apply essential oil:** Add a few drops of your preferred essential oil directly onto the new pad. Start with 2-3 drops and adjust as desired.
5. **Close the diffuser:** Securely close your car aroma diffuser according to its design.

Image 2.1: Example placement of aroma pads on a car console. This image shows two white aroma pads resting on the central console of a modern car, demonstrating potential locations for a car diffuser or direct pad placement.

Image 2.2: Example placement of aroma pads on a car dashboard. This image illustrates two white aroma pads positioned on the dashboard of a car, suggesting another common area for car air fresheners or diffusers.

3. OPERATING INSTRUCTIONS

Once installed and scented, the aroma pad will naturally diffuse the essential oil into the car's interior. The intensity and longevity of the scent depend on the type and quantity of essential oil used, as well as environmental factors like temperature and airflow.

- **Scent Adjustment:** To increase scent intensity, add more drops of essential oil. To decrease, allow the existing oil to dissipate naturally or replace the pad.
- **Pad Replacement:** Replace the aroma pad when the scent diminishes significantly, or when you wish to change to a different essential oil. The frequency of replacement will vary based on usage.

4. MAINTENANCE

The Zerodeko Car Aroma Pads are designed for single-use or until the scent dissipates. They are not intended for cleaning or reuse after saturation with essential oils. For optimal performance and hygiene, dispose of used pads responsibly and replace them with new ones.

- **Storage:** Store unused pads in a cool, dry place away from direct sunlight and strong odors to maintain their freshness and absorbency.

5. TROUBLESHOOTING

- **No scent or weak scent:**
 - Ensure essential oil has been applied to the pad.
 - Add more drops of essential oil.
 - Replace the pad if it has been used for an extended period.
 - Check if your car diffuser is functioning correctly (if applicable).
- **Scent too strong:**
 - Reduce the number of essential oil drops applied.
 - Allow some time for the scent to naturally dissipate.

6. SPECIFICATIONS

Attribute	Detail
Brand	Zerodeko
Model Number	5S108054IRZ
Product Dimensions (each pad)	1.65 x 1.65 x 0.2 inches
Color	White
Item Form	Pad
Manufacturer	Zerodeko

7. SAFETY INFORMATION

- Keep aroma pads and essential oils out of reach of children and pets.
- Do not ingest the aroma pads or essential oils.
- Avoid direct contact of essential oils with skin and eyes. In case of contact, rinse thoroughly with water.
- Use essential oils according to their individual safety guidelines.

8. WARRANTY AND SUPPORT

For warranty information and customer support regarding your Zerodeko Car Aroma Pad Replacement Pack, please refer to the documentation provided with your purchase or contact Zerodeko customer service directly. Contact details are typically available on the product packaging or the manufacturer's official website.
