- **Cleaning:** Clean the bed frame and desk surfaces with a soft, damp cloth. For stubborn marks, a mild soap solution can be used, followed by wiping with a clean, dry cloth. Avoid abrasive cleaners, harsh chemicals, or solvents.
- **Dusting:** Dust all surfaces regularly to prevent buildup.
- **Avoid Excessive Moisture:** Do not expose the wood to excessive moisture or humidity, as this can cause warping or damage.

## 7. TROUBLESHOOTING

If you encounter issues with your Merax Full Size Loft Bed, refer to the following common solutions:

- **Wobbling Bed Frame:**

Ensure all assembly bolts and screws are securely tightened. Re-check connections according to the assembly guide. Verify the bed is placed on a flat, level surface.

- **Drawer Malfunction (Sticking or Not Closing):**

Verify drawer slides are properly aligned and free of obstructions. Check for any loose screws on the drawer slides or drawer box. Ensure the drawer is not overloaded.
