Jocoevol C-1691 Twin Daybed with Trundle and LED Light Instruction Manual

Model: C-1691

1. PRODUCT OVERVIEW

The Jocoevol C-1691 Twin Daybed with Trundle and LED Light is a versatile furniture piece designed for various living spaces. It features a heavy-duty metal frame, an upholstered storage headboard with integrated RGB LED lighting, a charging station, and convenient foldable tabletops. The pop-up trundle allows for flexible sleeping arrangements, converting from a twin daybed to two twin beds or a spacious king-size bed.

2. SAFETY INFORMATION

Please read and understand all safety instructions before assembly and use. Failure to follow these instructions may result in injury or product damage.

- Always follow assembly instructions carefully.
- Keep small parts and tools away from children during assembly.
- Do not exceed the maximum weight limit of 880 lbs for the daybed.
- Ensure all connections are secure before use.
- Do not allow children to play on or around the trundle mechanism unsupervised.
- Use only mattresses of appropriate size for the twin daybed and trundle.

3. PACKAGE CONTENTS

Verify that all components are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

4. ASSEMBLY INSTRUCTIONS

Assembly is designed to be straightforward with clear instructions and labeled parts. It is recommended to assemble the daybed with two adults.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches. Identify all labeled parts and hardware.
2. **Assemble Main Daybed Frame:** Follow the step-by-step diagrams in the included installation manual to connect the main frame components. Ensure all screws are tightened securely but do not overtighten until the frame is fully assembled.
3. **Attach Headboard:** Secure the upholstered headboard to the main frame. Connect the power cable for the LED lights and charging station to a suitable power outlet.
4. **Install Foldable Tabletops:** Attach the foldable tabletops to the designated side rails of the daybed. Ensure they can fold up and down smoothly and lock securely in the open position.
5. **Assemble Trundle Bed:** Assemble the trundle bed frame according to the manual. Attach the lockable casters to the trundle frame.
6. **Insert Trundle:** Slide the assembled trundle bed under the main daybed frame. Ensure it moves freely and the locking mechanism for the pop-up feature functions correctly.
7. **Final Tightening:** Once all components are in place, go back and securely tighten all screws and bolts.

5. OPERATING INSTRUCTIONS

5.1. Trundle Bed Operation

The trundle bed is designed for flexibility, allowing you to expand sleeping capacity as needed.

- **To Extend:** Gently pull the trundle bed out from under the main daybed frame. The lockable casters will allow for smooth movement.
- **To Pop Up:** Once fully extended, lift the trundle frame until the legs lock into place, raising it to the same height as the main daybed. This creates a larger sleeping surface.
- **To Retract:** Unlock the trundle legs, lower the frame, and push it back under the main daybed until it is fully stored.

5.2. RGB LED Lighting

The integrated RGB LED light strip in the headboard offers various lighting options, controllable via remote, app, or buttons.

- **Remote Control:** Use the provided remote to turn the lights on/off, change colors (over 16 million options), adjust brightness, select from 20+ preset lighting effects, and set timers.
- **App Control:** Download the compatible app to control the LED lights via Bluetooth. The app allows for advanced customization, including intelligent music sync mode where lights flash in rhythm with music.
- **Buttons:** Basic controls may also be available directly on the headboard for power and color cycling.

5.3. Charging Station

The headboard includes a built-in charging station for your electronic devices.

- **Ports:** The charging station is equipped with 2 standard AC outlets (125V/12A), 2 USB ports (5V/2A), and 1 Type-C port (5V/3A).
- **Usage:** Plug in your devices to charge them conveniently while relaxing on the daybed. Ensure the daybed is connected to a power source for the charging station to function.

6. MAINTENANCE

Regular maintenance will help prolong the life and appearance of your daybed.

- **Frame:** Wipe the metal frame with a soft, damp cloth. Avoid abrasive cleaners.
- **Upholstery:** For the upholstered headboard, spot clean with a mild detergent and a damp cloth. Blot dry. Do not saturate.
- **LED Lights:** Ensure the LED light strip and connections are free from dust and debris. Do not attempt to replace individual LED components.
- **Charging Station:** Keep the charging ports clean and dry. Avoid spilling liquids on the charging station.
- **Hardware:** Periodically check all bolts and screws to ensure they remain tight. Retighten as necessary.

7. TROUBLESHOOTING

If you encounter any issues with your daybed, refer to the following common problems and solutions:

- **LED Lights Not Working:**
 - Check if the power cable for the headboard is securely plugged into a working outlet.
 - Ensure the remote control batteries are not depleted.
 - Verify that the lights are turned on via the remote, app, or headboard buttons.
- **Charging Station Not Functioning:**
 - Confirm the daybed's power cable is connected to a live electrical outlet.
 - Test with different devices and cables to rule out device-specific issues.
- **Trundle Bed Difficult to Pull Out/Pop Up:**
 - Ensure the area around the trundle is clear of obstructions.
 - Check the casters for any debris or damage.
 - Verify that the locking mechanisms are not jammed.
- **Bed Frame Squeaks:**
 - Tighten all assembly bolts and screws.
 - Ensure the mattress is properly seated on the frame.

If problems persist, contact customer support for further assistance.
