2. Pairing with Your Device

1. Ensure the earbuds are charged.
2. Open the charging case. The earbuds will automatically enter pairing mode.
3. On your smartphone or Bluetooth-enabled device, go to the Bluetooth settings.
4. Search for available devices and select "YYK-Q39" from the list.

5. Once connected, you will hear a confirmation tone, and the earbuds will be ready for use.

Note: After the initial pairing, the earbuds will automatically connect to the last paired device when taken out of the charging case.

Translation Function

To utilize the translation feature, you will need to download the dedicated smartphone application. Follow the app's instructions for language selection and translation modes (e.g., two-way simultaneous interpretation, conversation mode).

- **App Download:** Scan the QR code in the product packaging or search for the "AKIKI Translator" app on your device's app store.
- **Language Selection:** Within the app, select your native language and the target language for translation. The earbuds support 115 languages.
- **Real-time Translation:** Speak naturally, and the earbuds will translate and play the audio in the selected language to the other party, and vice-versa.

Mono/Stereo Mode

The earbuds support True Wireless Stereo (TWS), allowing you to use both earbuds for stereo audio or a single earbud for mono audio and calls. Simply take one earbud out of the case to use it independently.

MAINTENANCE

- **Cleaning:** Regularly clean the earbuds and charging case with a soft, dry cloth. Do not use abrasive cleaners or immerse them in water.
- **Storage:** When not in use, store the earbuds in their charging case to protect them and keep them charged. Store in a cool, dry place away from direct sunlight and extreme temperatures.
- **Charging:** Use only the provided USB Type-C cable for charging. Avoid using damaged cables or chargers.
- **Water Resistance:** While IP54 rated for dust and splash resistance, avoid exposing the earbuds to heavy rain, submersion in water, or high humidity. Ensure the charging port is dry before charging.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Earbuds not pairing/connecting	Low battery; Bluetooth off on device; earbuds not in pairing mode; interference.	Charge earbuds and case. Ensure Bluetooth is enabled on your device. Place earbuds back in case, then take them out to re-enter pairing mode. Move closer to your device.
No sound from earbuds	Volume too low; not connected; incorrect audio output selected on device.	Increase volume on earbuds and device. Reconnect earbuds. Check device's audio output settings.

Problem	Possible Cause	Solution
Translation not working	App not installed/configured; internet connection issues; incorrect language settings.	Ensure the AKIKI Translator app is installed and correctly configured. Check your device's internet connection. Verify language settings in the app.
Poor call quality	Weak Bluetooth connection; excessive ambient noise; microphone obstruction.	Move closer to your device. Ensure the microphone is not covered. Try in a quieter environment.
Earbuds not charging	Charging cable/adaptor faulty; dirty charging contacts; earbuds not seated correctly.	Try a different USB-C cable and power adapter. Clean charging contacts on earbuds and case. Ensure earbuds are properly placed in the case.
