Toladrone TD12Pro

Toladrone TD12Pro Foldable Drone User Manual

MODEL: TD12PRO

Brand: Toladrone

INTRODUCTION

The Toladrone TD12Pro is a foldable drone designed for ease of use and high-quality aerial photography. It features a 4K HD camera with a 90° adjustable lens, a brushless motor for stable flight, and optical flow positioning for precise control. This manual provides essential information for setting up, operating, and maintaining your drone.

Key Features:

- **4K HD Camera:** Capture high-resolution photos and videos with real-time transmission.
- **90° Adjustable Lens:** Electrically adjustable camera angle for versatile shots.
- **Brushless Motor:** Ensures quiet operation, durability, and enhanced flight stability.
- **3 Speed Settings:** Low, Medium, and High speeds for various skill levels.
- **Level 3 Wind Resistance:** Fly confidently in light wind conditions.
- **Optical Flow Positioning:** Provides stable hovering and precise control.
- **Intelligent Flight Modes:** Includes 360° flips, one-key takeoff/landing, headless mode, trajectory flight, and gravity-sensing controls.
- **Portable & Foldable Design:** Comes with a carrying case for easy transport and storage.

SETUP

1. Drone Assembly

1. Unfold the drone arms carefully until they lock into place. Ensure all four arms are fully extended.
2. Attach the propeller guards (if desired) by snapping them onto the designated points on each arm.

Toladrone is a company specialising in new technologies and we are committed to providing our customers with more innovative and high performance drones.

We are passionate about enabling everyone who loves drones to inspire adventure and enjoy flying. Capture every collectible moment with drones to bring more beautiful memories.

We value our customers' experience and insist on providing friendly and sincere service.
