

DICKIE TOYS 203333001

Dickie Toys Volcano Launcher Track Set Instruction Manual

INTRODUCTION

Welcome to your new Dickie Toys Volcano Launcher Track Set. This manual provides essential information for assembly, operation, and maintenance to ensure safe and enjoyable play. Please read these instructions carefully before use.

SAFETY INFORMATION

- **Warning:** Not suitable for children under 36 months due to small parts which may present a choking hazard.
- Adult supervision is recommended during assembly and play.
- Inspect all components regularly for damage. Discontinue use if any parts are broken or show signs of wear that could affect safety.

PACKAGE CONTENTS

Verify that all components are present before assembly:

- Car Racing Circuit components (track pieces, volcano obstacle, hammer launcher, additional rails)
- 1 Die-Cast Car (model and color may vary)
- Instruction Sheet

SETUP INSTRUCTIONS

Follow these steps to assemble your Volcano Launcher Track Set:

1. Unpack all components from the packaging and lay them out on a flat, stable surface.
2. Connect the main track pieces to form the complete circuit. Ensure all connections are secure and flush to prevent the car from derailing.

MODULAR PLAY

Image: The fully assembled track set, demonstrating the modular design with a launcher at one end and a volcano obstacle at the other. A green die-cast car is positioned on the track.

3. Attach the hammer launcher mechanism to its designated position on the track. Refer to the included instruction sheet for specific placement.
4. Integrate the volcano obstacle and any other track obstacles or additional rails as shown in the diagrams. Ensure they are firmly attached to the track.

Image: A detailed view of the volcano obstacle, highlighting its spinning fire ball feature. A green die-cast car is shown in motion, interacting with the obstacle.

5. Place the die-cast car on the starting line of the track, ready for launch.

1 DIE-CAST CAR INCL.

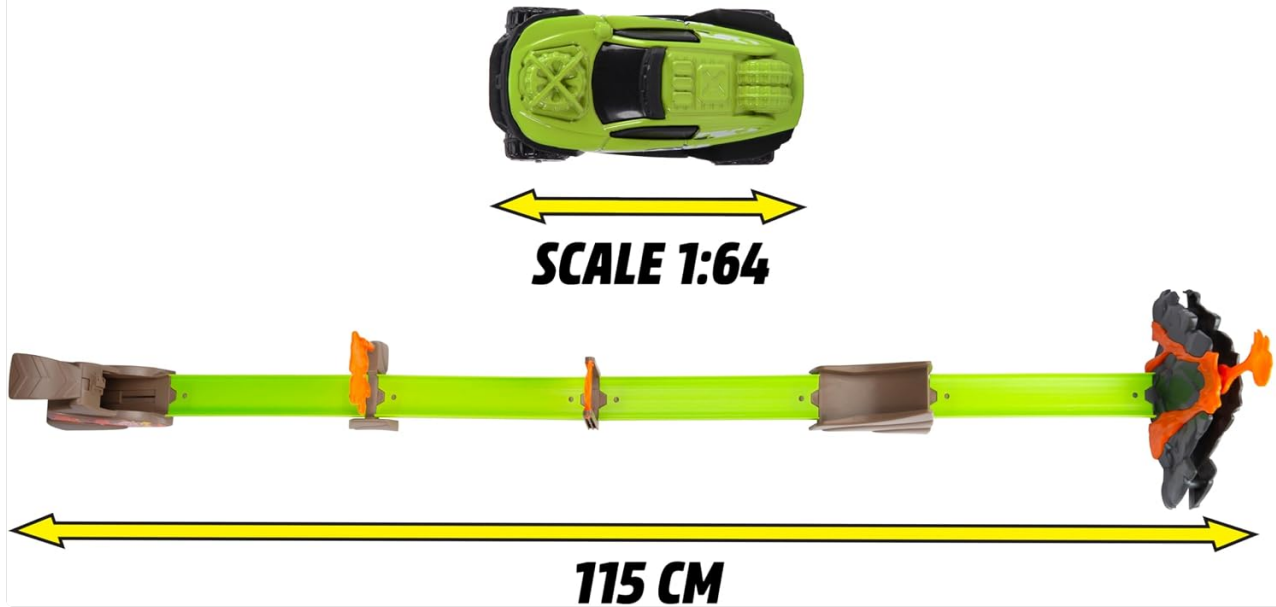

Image: An overhead perspective of the track set, illustrating the 1:64 scale of the included die-cast car and the overall track length of 115 cm.

OPERATING INSTRUCTIONS

To operate your Volcano Launcher Track Set:

1. Ensure the track is fully assembled and stable on a flat surface.
2. Place the included die-cast car at the starting point of the hammer launcher. Ensure it is seated correctly.
3. Press the button or activate the hammer launcher mechanism firmly to propel the car along the track. The operation mode is manual, requiring direct user interaction.

Image: An action scene depicting the green die-cast car launching over the volcano obstacle, simulating a volcanic eruption with pawns as part of the play feature.

4. Observe the car as it navigates the track, including the volcano obstacle with its "volcanic eruption with pawns" feature, which activates upon impact.

MAINTENANCE

- Clean the track and car with a soft, dry cloth. Do not use harsh chemicals, abrasive cleaners, or excessive water, as this may damage the product.
- Store the track set in a cool, dry place away from direct sunlight when not in use to prevent material degradation.
- Regularly check for loose or damaged parts. Replace any broken components immediately to ensure safe and proper function.

TROUBLESHOOTING

- **Car not launching properly:** Ensure the car is correctly positioned in the launcher and the launcher mechanism is fully engaged before activation. Check for any obstructions in the launcher path.

- **Car derails on track:** Verify that all track pieces are securely connected and laid on a flat, even surface. Inspect the car's wheels for any obstructions or damage.
- **Volcano feature not activating:** Ensure the car is hitting the activation point on the volcano obstacle correctly and with sufficient speed. Check for any blockages in the mechanism.

SPECIFICATIONS

Feature	Detail
Brand Name	DICKIE TOYS
Model Name	203333001
Age Range Description	Toddler (Recommended Minimum Age: 36 months)
Included Components	Car Racing Circuit
Number of Items	1
Set Name	Car Racing Circuit
