

## WEWATCH WP01

# WEWATCH Smart Projector User Manual

**MODEL: WP01**

## 1. Introduction

---

This manual provides detailed instructions for the setup, operation, and maintenance of your WEWATCH Smart Projector, Model WP01. Designed for a superior home theater experience, this projector combines advanced features with user-friendly functionality. Please read this manual thoroughly before using the product to ensure optimal performance and safety.

Image: The WEWATCH Smart Projector, showcasing its sleek design, included remote control, and the integrated streaming service interfaces for Netflix, Prime Video, and YouTube.

## 2. What's in the Box

Upon unpacking, please verify that all the following items are included:

- WEWATCH Smart Projector (WP01)
- Remote Control
- Power Cord
- HDMI Cable
- User Manual (this document)

## 3. Product Features

The WEWATCH WP01 Smart Projector is equipped with a range of features designed to enhance your viewing experience:

- **Smart TV OS with Official Netflix & Dolby Audio:** Integrated Smart TV operating system with pre-loaded and officially authorized Netflix, YouTube, and Prime Video apps. Enjoy immersive audio with Dolby Digital Sound.

- **Native 1080P Resolution & 800 ANSI Lumens Brightness:** Delivers crystal-clear Full HD 1080P images with exceptional brightness, ensuring vivid visuals even in well-lit environments. Supports HDR10 for enhanced contrast and color accuracy.
- **2.4G/5G Dual-Band WiFi & Two-Way Bluetooth:** Features fast dual-band WiFi for seamless content mirroring from mobile devices (Airplay for iOS, Miracast for Android & Windows). Two-way Bluetooth 5.0 allows connection to external speakers/headphones or using the projector as a Bluetooth speaker.
- **Advanced Calibration & Zoom:** Includes Auto Focus, Auto Keystone Correction, Intelligent Obstacle Avoidance, and Intelligent Screen Alignment for effortless setup and perfect image display. The 50%-100% zoom function allows flexible screen size adjustment.
- **Multiple Connectivity Options:** Equipped with 2 HDMI ports, 1 USB port, and 1 Audio Out for connecting various devices such as laptops, gaming consoles, and external audio systems.

Image: Comparison illustrating the superior brightness (800 ANSI Lumen) and native 1080P resolution of the WEWATCH WP01 projector against a standard 720P projector.

# Dolby Audio & Two Way Bluetooth

Immersive sound with Dolby Audio,  
Two-way bluetooth for versatile device connections

Image: A visual representation of the projector's Dolby Audio capabilities and two-way Bluetooth functionality, allowing connection to external speakers or use as a standalone Bluetooth speaker.

## 4. Setup

Follow these steps for initial setup of your projector:

- Placement:** Position the projector on a stable, flat surface. Ensure adequate ventilation around the device.
- Power Connection:** Connect the power cord to the projector's power input and then to a wall outlet.
- Power On:** Press the power button on the projector or the remote control to turn on the device.
- Remote Pairing:** If the remote is not responsive, ensure batteries are inserted correctly. The remote should automatically pair via Bluetooth during initial setup. Follow on-screen prompts if manual pairing is required.
- Automatic Calibration:** The projector will automatically perform auto-focus and keystone correction upon startup to provide a clear, rectangular image.
- Network Connection:** Navigate to the settings menu to connect the projector to your 2.4G or 5G Wi-Fi network.

# 4-In-1 Smart Calibration & 50-100% Zoom

Image: Visual guide to the projector's smart calibration features including auto-focus, auto keystone correction, intelligent screen alignment, intelligent obstacle avoidance, and the 50-100% zoom function.

## 5. Operating Instructions

Learn how to navigate and utilize the projector's functions:

- Smart TV OS Navigation:** Use the remote control's directional pad and 'OK' button to navigate through the Smart TV interface.
- Accessing Streaming Apps:** Directly launch pre-installed apps like Netflix, YouTube, and Prime Video from the home screen. Use the 'Open Browser' feature for other online content.
- Screen Mirroring:** For iOS devices, use Airplay. For Android and Windows devices, use Miracast. Ensure both devices are connected to the same Wi-Fi network. Select the mirroring option on the projector and follow the instructions on your mobile device.
- Adjusting Projection Size (Zoom):** Use the zoom function (50%-100%) via the remote control or on-screen menu to adjust the image size without moving the projector.
- Using as a Bluetooth Speaker:** In the settings, enable Bluetooth receiver mode to connect your phone or other

Bluetooth devices to the projector and use its built-in speaker for audio playback.

Image: The projector's interface showing one-click access to popular streaming applications like Netflix, YouTube, and Prime Video, controlled by the included remote.

# Dual-Band 2.4G & 5G for Ultimate Speed

Supports Miracast, Airplay &  
Windows screen mirroring with lag-free streaming.

Image: A user enjoying a video game projected onto a large screen, highlighting the smooth streaming capabilities enabled by the projector's dual-band 2.4G and 5G WiFi connectivity.

# Multiple Connectivity Options

## Audio

Headset

Soundbar

## USB

Mobile Hard Disk

USB

## HDMI

Laptop / PC ipad / phone

PS4 / 5

Image: An illustration demonstrating the projector's ability to create large displays, ranging from 60 inches to a massive 300 inches, depending on the projection distance from the screen or wall.

## 6. Connectivity

The WEWATCH WP01 offers diverse connectivity options:

- **HDMI Ports (x2):** Connect laptops, gaming consoles (PS4/PS5), Blu-ray players, or other HDMI-enabled devices.
- **USB Port (x1):** For connecting USB drives, mobile hard disks, or other USB storage devices to play media files.
- **Audio Out (3.5mm Jack):** Connect external headphones, soundbars, or speaker systems for enhanced audio.
- **Bluetooth 5.0:** Two-way Bluetooth for connecting to external Bluetooth speakers/headphones or using the projector as a Bluetooth speaker for your mobile devices.
- **Wi-Fi (2.4G/5G):** For internet access, streaming, and screen mirroring.

# Go Big with a 300-Inch Screen

## Transform Any Space into a Cinematic Experience!

Image: A detailed view of the projector's multiple connectivity ports, including Audio Out for headsets/soundbars, USB for mobile hard disks/USB drives, and HDMI for laptops, PCs, iPads, phones, and gaming consoles.

## 7. Maintenance

Proper maintenance ensures the longevity and optimal performance of your projector:

- **Lens Cleaning:** Gently wipe the projector lens with a soft, lint-free cloth specifically designed for optical surfaces. Do not use abrasive cleaners.
- **Ventilation:** Ensure the projector's ventilation vents are clear and unobstructed to prevent overheating. Do not place the projector on soft surfaces that may block airflow.
- **Dust Removal:** Periodically use a can of compressed air to remove dust from the vents and exterior.
- **Storage:** When not in use for extended periods, store the projector in a cool, dry place, ideally in its original packaging or a protective case.

## 8. Troubleshooting

If you encounter issues with your projector, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Projector does not turn on	No power, loose connection, internal issue	Check power cord connection. Try a different outlet. Unplug for a few minutes, then plug back in and try again.
Image is blurry or out of focus	Auto-focus issue, manual adjustment needed	Allow auto-focus to complete. Use the F+/F- buttons on the remote for fine-tuning manual focus if needed.
Image is washed out or dim	Ambient light, projection surface, settings	Ensure room is sufficiently dark. Use a proper projection screen. Check brightness/contrast settings in the menu.
No image displayed	Incorrect input source, cable issue, device not connected	Verify the correct input source is selected (HDMI1, HDMI2, USB). Check HDMI/USB cable connections. Ensure connected device is powered on.
No sound	Volume too low, mute enabled, external audio device issue	Increase volume. Check if mute is enabled. If using external speakers, ensure they are connected correctly and powered on.
Remote control not working	Batteries, pairing issue, obstruction	Replace batteries. Re-pair the remote via Bluetooth settings if necessary. Ensure no obstructions between remote and projector.
Wi-Fi connection unstable	Signal interference, distance from router	Move projector closer to router. Reduce interference from other wireless devices. Try connecting to the other Wi-Fi band (2.4G or 5G).

## 9. Specifications

Key technical specifications for the WEWATCH WP01 Smart Projector:

Attribute	Detail
Brand	WEWATCH
Model	WP01
Display Resolution	1920 x 1080 (Native 1080P)
Brightness	800 ANSI Lumens
Contrast Ratio	1500:1
HDR Support	HDR10
Connectivity Technology	3.5mm Jack, Bluetooth 5.0, HDMI (x2), USB (x1), Wi-Fi (2.4G/5G)

Attribute	Detail
Special Features	Auto Focus, Auto Obstacle Avoidance, Auto Screen Alignment, Built-In Speaker, Auto Keystone Correction, 50-100% Zoom
Audio	Dolby Audio, 8W Speaker
Product Dimensions	11.02 x 9.45 x 4.21 inches
Item Weight	5.72 pounds
Color	Charcoal gray

## 10. Warranty and Support

For warranty information, technical support, or service inquiries, please contact WEWATCH customer support through their official website or the retailer where the product was purchased. Keep your purchase receipt as proof of purchase for warranty claims.

RF EXPOSURE EVALUATION

According to FCC 1.1310: The criteria listed in the following table shall be used to evaluate the environment impact of human exposure to radio frequency (RF) radiation as specified in §1.1307(b)

Limits for Maximum Permissible Exposure (MPE)					
Frequency Range(MHz)	Electric Field Strength(V/m)	Magnetic Field Strength(A/m)	Power Density(mW/cm <sup>2</sup> )	Average Power (W)	Time
300-1500	(A) Limits for Occupational/Control Exposures	—	—	P300	6
1500	—	—	—	—	6
1500-18000	(B) Limits for General Population/Uncontrolled Exposures	—	—	—	6
18000	—	—	—	1	30
18000-60000	—	—	—	—	—

1.1 Friis transmission formula:  $Pd = (Pout * G) / (4 * \pi * R^2)$

Where:

Pd=Power density in mW/cm<sup>2</sup>

Pout=Output power to antenna in mW

G= Numeric gain of the antenna relative to isotropic antenna

R=Distance

R= The radius of the point and center of the radiator in cm

If we know the maximum gain of the total power feed to the antenna, then in the calculation, we will know the distance where the MPE limit is reached.

RF Exposure Information: The radiated output power of this device meets the limits of FCC/CRTC radio frequency exposure limits. This device should be operated with a minimum separation distance of 20cm (8 inches) between the equipment and a person's body.
