1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a protected surface. Identify each component against the package contents list.
2. **Attach Legs to Seat:** Align the pre-drilled holes on the bench legs with the corresponding holes on the underside of the bench seat. Insert the provided screws and washers.
3. **Secure Fasteners:** Using the included assembly tool, tighten all screws firmly. Do not overtighten, as this may damage the wood. Ensure all connections are secure and stable.
