VEVOR Over The Washer and Dryer Storage Shelf Instruction Manual

Model: SHSS863052196-3B | Brand: VEVOR

PRODUCT OVERVIEW

This VEVOR Over The Washer and Dryer Storage Shelf is designed to optimize laundry room space. It features multiple metal storage shelves, a hanger rod, and hooks, providing versatile storage for lightweight clothes, towels, and cleaning supplies. Its compact design is suitable for most washers and dryers up to 30.5 inches wide.

IMPORTANT SAFETY INFORMATION

WARNING: Always follow the installation instructions provided. Do not overload the shelves beyond their weight capacity to ensure stability and prevent accidents. Use the included anti-tip device to secure the unit to a wall, preventing unexpected falling.

PARTS LIST

Before assembly, ensure all parts are present and undamaged. Refer to the diagram below for identification.

Adjustable Shelves

Flexibly adjust to meet different height requirements

Adjustable according to the height of the washing machine or dryer

Image Description: A detailed diagram illustrating all components of the storage shelf, including shelves, poles, crossbars, hooks, plastic clips, and anti-tip devices, with labels for easy identification.

ASSEMBLY INSTRUCTIONS

Follow these steps carefully for proper assembly. It is recommended to move your washing machine or dryer away from the wall before starting assembly, then move it back into place once the rack is assembled.

Step 1: Prepare the Base

Attach the plastic clips to the lower poles (D) and lower bent poles (G) at the desired height for the first shelf. Ensure the clips are securely fastened in the grooves and the arrows point upwards. The clamp mounting height should be at the same level for all poles.

Cleaning

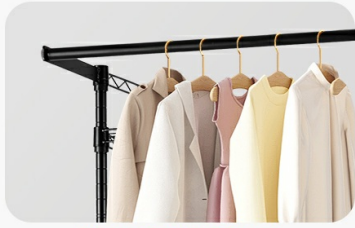

Image Description: A detailed view of the pole segments and plastic clips, highlighting how the clips fit into the grooves to support the shelves. The image also shows the bent lower poles.

Step 2: Assemble Lower Frame

Connect the L-shape crossbars (B) and L-shape sidebars (C) to the lower poles and lower bent poles, forming the base frame. Gently tap the shelves into place using a rubber mallet or a thick cloth over the edges to prevent damage.

Multifunctional Freestanding Laundry Rack

Convenient Hanging Rod
Hang washed clothes, towels, and more

Heavy-Duty Carbon Steel Material
Durable and long-lasting, with a rust-resistant coating to avoid corrosion

Rotatable Side Hooks
Convenient for hanging washed blankets, hats, towels, scarves, and more

Image Description: An animated diagram showing the sequential steps of attaching the L-shaped crossbars and sidebars to the lower poles, forming the initial base structure of the shelf unit.

Step 3: Extend Poles and Add Shelves

Attach the middle poles (E) and upper poles (F) to extend the height of the unit. Secure additional plastic clips at desired heights for the remaining shelves (A). Place the shelves over the clips and gently tap them down to ensure a snug fit.

Image Description: An animated diagram demonstrating how to connect the middle and upper pole sections and then position the wire shelves onto the plastic clips at various adjustable heights.

Step 4: Install Hanger Rod and Hooks

Attach the hanger rod (H) to the top section of the unit. Secure the hanging sidebars (I) and S-hooks (N) to the sides as desired for additional hanging space. Ensure all connections are tight and stable.

Image Description: An animated diagram illustrating the final steps of assembly, including attaching the hanger rod and side hooks to the completed shelf unit.

Step 5: Secure with Anti-Tip Device

For enhanced stability and safety, especially in households with children or pets, install the anti-tip device (O) to secure the shelf unit to the wall. This prevents accidental tipping.

Item Model Number: SHSS863052196-3B	Storage Layers: 3 layers	
Maximum Load Capacity: 380 lbs / 172.37 kg	Total Height: 77.36 in / 1965 mm	
Working Load Capacity: 165.35 lbs / 75 kg	Total Width: 33.86 in / 860 mm	
Shelf Mesh Capacity: 44 lbs / 20 kg each	Depth: 11.81 in / 300 mm; 20.47 in / 520 mm	
Single Cone 4 Hooks Capacity: 22 lbs / 10 kg each	Washing Machine Size Fit: 31.50 in / 800 mm	
Hanging Rod Capacity: 11 lbs / 5 kg each	Main Material: Carbon Steel

OPERATING INSTRUCTIONS

The VEVOR storage shelf provides flexible organization for your laundry area.

- **Adjustable Shelves:** The shelves can be adjusted to different heights to accommodate various items, from tall detergent bottles to folded towels.
- **Hanger Rod:** Utilize the integrated hanger rod for air-drying delicate clothing or hanging freshly ironed garments.
- **Multifunctional Hooks:** The included hooks are ideal for hanging small items such as brushes, cleaning cloths, or laundry bags.

MAINTENANCE

To maintain the longevity and appearance of your VEVOR storage shelf:

- **Cleaning:** Wipe down the metal surfaces with a soft, damp cloth and mild detergent. Avoid abrasive cleaners or harsh chemicals that could damage the powder-coated finish.
- **Inspection:** Periodically check all connections and fasteners to ensure they remain tight. Re-tighten if necessary.
- **Weight Distribution:** Distribute weight evenly across the shelves to prevent strain on any single point and maintain stability.

TROUBLESHOOTING

If you encounter any issues with your storage shelf, refer to the following common solutions:

- **Instability:** Ensure all plastic clips are correctly seated in the pole grooves and all shelves are firmly tapped into place. Verify that the adjustable leveling feet are properly adjusted for uneven floors. Confirm the anti-tip device is securely installed.
- **Shelf Sagging:** Check that the weight on the shelf does not exceed the maximum load capacity (44 lbs / 20 kg per shelf). Redistribute heavier items if necessary.
- **Difficulty Adjusting Shelves:** Ensure plastic clips are fully open before attempting to move them. If clips are stuck, gently pry them open.
